J. D. CHEESMAN, P.M.

ular meeting Edward Seaman C. Saturday night.
Mrs. Boole at the M. E. ch Wednesday evening, May 8.
Ladies' Aid of the M. E. ch will serve a 25-cent supper at the church parlors, May 8th, at 7:30.
Dorothy Saunders of Rochester is the newly elected editor of the Fiat Lux, Alfred University's paper.
The residence of Mr. and Mrs. Perry, corner of Elm and Perry streets, is being improved by the addition of a sun parlor.
The annual meeting of the fire department last week, S. Thomas was elected foreman and H. C. Greene recommended for the post.
Neil King, Jr., son of Mr. and Mrs. King of Canisteo, was badly burned about the face when he saw a quantity of powder on a fire which he had started.
A seven foot square plate glass window in the J. W. Bell hardware store at Bolivar was broken last week by a small stone thrown from the tire of a passing automobile.
Tickets for the Mothers' and Fathers' banquet to be held at the Methodist church on May 14, 8:00, may be obtained from Mrs. H. C. Greene or Mrs. William King.
Jack Young of Wellsville has been appointed to the position of cadet midshipman at the Naval Academy at Annapolis. Representative Daniel P. Morgan of the 3rd Congressional district.
Chicago owners at Cuba Lake received new leases from the state, at the same rate as their existing leases, but for a term of one year instead of five as has been the custom in the past.
The home of Mr. and Mrs. Samuel Graham of Friendship was destroyed by fire last week. Practically nothing was saved from the furnishings. The family were all away from home and no fire had been left burning.
Storage rooms of the Carney general store at Elm Valley were broken into and robbed of four sacks of flour and one can of evaporated milk one night recently. The burglary was discovered the following morning by the proprietor. Entrance had been made by forcing a window in the rear of the store.

Experience may be a dear teacher but it's the way we learn our lessons.
Freshmen women at Alfred University are wearing arm bands of yellow and green in place of the green beret.
The Elk Silk company at Shinglehouse, Pa., is running steadily with two shifts giving employment to about 40 people.
Mrs. Edward Dunham who has been seriously ill for several weeks has been taken to Bethesda hospital, Hornell, for treatment.
Mr. and Mrs. Harold Perry and family have moved from the house owned by Mrs. Lawrence Owen to the Corwin house on Baker street.
Ancient grinding stones, recently unearthed near North Loop, Neb., are believed to have been used by primitive inhabitants in that section.
A new recreation building, 28 by 60 feet is to be erected at the children's health camp on the west side of Cuba Lake, as a TERA work relief project.
Henry Reuning of Wellsville received severe burns on both hands and one arm to the shoulder when a bake oven he was lighting exploded April 31st.
Bolivar Boy Scout troop are making plans to send one of their members to represent them at the National Scout Jamboree to be held in Washington in August.
Mr. and Mrs. Walter Coot of Angelica received a telegram from their son, Harold, enlisted in the United States Navy, informing them that he sailed for Alaska April 22nd.
Mr. and Mrs. B. S. Brown moved their household goods to Painted Post, Tuesday, where the News has been informed Mr. Brown and his son, Fay, will conduct a barber shop.
Mr. and Mrs. Allen Hosley welcomed a son at their home on Chestnut street Monday, April 29th. Mrs. Hattie Eggleston is in charge. The little fellow has been named Donald Eugene.

An interlocutory degree of divorce has been granted Leone Hand of Almond from Ernest Hand of Belmont, also William E. Jones of Almontown from Carrie Jones of Bradford, Pa.
Walter Ormsby of Alfred Station was quite seriously injured when plowing. The plow struck a large stone, causing him to lose his balance, injuring his shoulder and tearing the ligaments loose in his arm.
The Big Creek Grange celebrated their 60th anniversary last Saturday with an all-day meeting and program. The Grange, of which Ray E. Meade, former Andover resident is master, is one of the oldest in this vicinity.
The Allegany County Federal crop loan committee have recently approved \$1,700 in loans for this season to farmers in the county. The committee consists of W. H. McKenzie and Lynn L. Watson, Belmont, and Walter Wright of Scio.
A group of 25 scouts under the direction of the Rev. Harry L. Somers of Canisteo local scout leader, and Floyd E. Carlson of the extension department of the New York State college of forestry, planted 2,000 young trees on the land of the Canisteo watershed, Saturday.
Allegany county was well represented on the last Motor Bureau bulletin. Those having licenses revoked were: Alonzo Dennison, Almond; Roy E. Lockwood, Belfast; Charles W. O'Connor, Wellsville. Suspension included: Ambrose L. Dewey, Belfast and John A. Wilber of Bolivar.

The first drain tile laid in American soil was placed on a farm near Geneva, N. Y., just 100 years ago.
Great curiosity was shown in Andover Thursday by the appearance on our streets of a Hansa automobile, made in Germany. It was brought to Andover by Mrs. Herman Woy, who is visiting friends here.

Notice of On-Premise License
NOTICE is hereby given that License No. RL11099 has been issued to sell beer, liquor or wine at retail in a restaurant, under the Alcoholic Beverage Control Law, at 27 South Main street, Andover, Allegany county, New York, for on-premises consumption.
LEE WADE THEETGE.

Lloyd Robinson Conducts Stock Judging Contest
Prof. Lloyd Robinson, son of Mr. and Mrs. C. A. Robinson, is in charge of the stock judging contest held this afternoon in connection with the interscholastic meet at Alfred.
Four classes of dairy-type animals will be judged. One class each of mature Holstein and mature Jersey cows, one class of two-year-old milking Ayrshire heifers, and one class of senior Holstein calves will be included.
All competition is being divided into two classes this year. Contestants coming from schools having full time vocational agriculture instruction will comprise one group, and all others will be classed in the other group. Competition is being limited to any high school student who has not competed in the judging before. This is done to eliminate the habitual contest winners. Three men will be included in every stock judging team.

"GLAD" THIRPS CAN BE READILY CHECKED
Treatment of Corns Before Planting And Use of Summer Spray Recommended for the Destructive Pest of Garden.
Flower growers who have been troubled with thrips on their "glads" with the resulting injury to the blossoms and foliage of these popular flowers have the choice of three methods for treating the corns before planting to destroy any of the insects that may have overwintered on the corns and also have recourse to a summer spray if the thrips make their appearance in the garden next summer. This information is contained in a statement by Dr. E. L. Gambrell, entomologist at the State Experiment Station at Geneva who is making a special study of insect pests of ornamentals.

So far as is known, the gladiolus thrips cannot survive New York winters in the field, but it does overwinter on the corns in storage, says this authority. This makes possible effective control of the pest by destroying the overwintering insects. Dr. Gambrell describes three methods for doing this, two of them being in the nature of fumigants and the third a poison dip. Full directions for each method of treatment will be supplied upon request to the Station at Geneva.
In the event that the thrips make their appearance in the garden during the summer, a spray containing paris green and brown sugar will be found quite effective if applied as soon as the insects are discovered and if repeated at weekly intervals until the flower spikes appear. The formula recommended by Dr. Gambrell is one ounce of paris green and two pounds of brown sugar in three gallons of water.

The sale and delivery of milk from house to house in New York City is responsible for not less than four and three-fourths cents of the price charged for each quart, according to studies made in that city.

Mrs. Emma Church's Two Sisters Pass From Life Recently
A letter received this week from Mrs. Emma Church of Lockport conveys to us the sad news of the death within a few months of her two sisters. Both ladies, having been guests of Mrs. Church when she resided in Andover, will be remembered by many of our readers.
The elder sister, Mrs. Alice Gardner of Joliet, Ill., died Feb. 6, 1935 and Mrs. Viola Brown Lopas of Los Angeles, Calif., April 15th. Mrs. Lopas was a former resident of Norwich, N. Y., but has lived in Los Angeles for the past ten years. Both were very pleasant ladies to meet and Andover friends will sympathize with Mrs. Church in the loss of her sisters, which leaves her the only one in her family aside from nieces and nephews.
Mrs. Church also mentions the large attendance Sunday, April 28 at the laying of the cornerstone of the new \$35,000 addition to the I. O. O. F. home infirmary. George E. Boeck, Buffalo, president of the Lockport Home Association and Grand Patriarch of the Patriarch Militant, laid the stone with impressive ceremonies, assisted by a staff composed entirely of past grand patriarchs from that part of New York State.
The speakers were Past Grand Master G. Edward Coon of Rochester and Grand Representative James LeSeur of Batavia. In the cornerstone was placed a copper box containing records of the Lockport I. O. O. F. Home Association from its inception in 1893 to the present time.
New York State Rebekah Assembly President Mrs. Clara Ingalls represented that branch of the order at the services.

Death of John Boyd
Word was received in Andover of the death on Sunday of John Boyd, Sr., at his home in Henderson, N. C.
Mr. and Mrs. John Boyd, Jr., and daughter Florence and Mrs. Mark Sheppard arrived there Saturday night driving the entire distance of 600 miles from Andover to Henderson in one day.
Useful hints on how to rear chickens successfully are given in Cornell bulletin E-153. A penny postcard to the office of publication in Roberts Hall at Ithaca, N. Y., brings a copy.

Baker's Hardware News

In Reverse
New Arrival: "Say, Pete, do people up here recognize old acquaintances?"
St. Peter: "Sure they do!"
New Arrival: "Then I'm going back down. I see the bird who bought my old flivver a year ago."

Roses, Shrubs and Plants
We have just received a shipment of Spring Shrubs, including four prominent varieties of Roses, namely: E. G. Hill, President Herbert Hoover, Dame Edith Helen and M. G. A. Van Rossen, also Prune, Tribula and Japanese Quince.
Shrubs play such an important part in the general appearance of property, the cost is so reasonable and the results of planting are so lasting.
These shrubs we offer you come from one of the large nurseries of the East, and every effort has been made to insure color, germination and vitality, so that when you buy these plants, you are assured that you are getting super-quality in every respect.
Come in at once and let us fill your order while the shipment is complete.

Tight Roofs
Snug sidings, dry floors, keep moisture out of your buildings; time and weather are hammering away, and watch for wet spots, they mean a leak and a place for decay.
A pail of plastic asphalt cement is like the stitch in time. Keep it handy, use it at the first appearance; it will pay large returns in material, comfort and the saving of property.

Better Lawns
Nothing sets off a home more than an attractive lawn, and the making of it is as easy as planting onions.
The most important problem with any lawn is the control of weeds and the easy way to get rid of most of them is to choke them out with a good lawn seed, the grasses that make up a good lawn mixture are so vigorous and tenacious that they will throttle out any weed that grows by just raking in a sprinkling of good lawn seed.
Produce fertility with a fertilizer of ammonia phosphoric acid and potash, a complete plant food. Vigoro contains these elements in the right proportion and you may use it with full confidence that it will do its work economically and well.
Our Lawn Seed is a correct mixture of high quality pure seeds and will produce the result you have a right to expect. The price this season is 35c per pound.
Do not buy package lawn seeds—they are always high in inert matter and weed content, and low in germination. Our Lawn Seed is bulk, is the best. Try it and be convinced.

Sponges
For the many odd jobs of spring cleaning, we suggest you come in and buy just the sponge to meet your needs. Three sizes at 10c, 15c and 25c. You will find one a great labor saver at a low cost.

When a moth gets hungry, modesty is generally the last thing he thinks of.

GOOD GLASSES
Greatly Reduced Prices
I make it my business to fit you correctly at prices you can afford to pay.
Don't delay when it concerns your eyes—COME and SEE ME and you will be surprised how reasonable I CAN FIT YOU WITH GOOD GLASSES
Hundreds of satisfied customers in this vicinity will be glad to recommend my services to you.
I will be at Hotel Joyce, Andover, Friday, May 3rd all day Saturday, May 4th, to 3 p. m.
I WILL VISIT YOUR TOWN EVERY FOUR WEEKS
The date of my next visit will be announced in your local paper. Broken Lenses Duplicated—Frames Repaired
