The state conservation department had quite a celebration here the oth er day, launching a series of events Cermon by the pastor. marking the 50th anniversary conservation work in this state. ner called attention to how far the Baptist church Sunday evening. state has progressed from its first timid efforts to prevent ruination of its forests to the mighty forest preof the state's area today. Gifford Pinchot, former Governor

of Pennsylvania, paid high tribute to the conservation work of two Roosevelts, Theodore and Franklin, recalling that when each sat in the executive chamber at Albany, they summoned him here to discuss the problem with him. Mr. Pinchot's definition of conservation is worth membering. He termed it: "Control of the earth on which , we live, and all there is in it or on " it, for the permanent service of all spiritual welfare of other lands so of Belfast.

## FOR LIVING OUT OF DOORS

What a joy to live out-of-doors this time of year! And you can, if you let low cost electricity take over your household drudgery.

It cooks and cleans and launders for just a few pennies a week. The average bill is but 10c a day. Did you ever see a greater bargain? And it costs less per kilowatt hour as you use more, like buying at wholesale! NIAGARA, LOCKPORT & ONTARIO POWER CO.
