Couldn't Hit Him

Aurelius: "I hear, Demetrius, that thy car was hit by a locomotive."
Demetrius: "Not much, Aurelius; my car hit the locomotive."

Car Finish

The rainy season is coming to a close, and your motor car will appreciate a new coat. Your car will retain its original factory finish for a much longer period and your loss from depreciation will be much less if you keep it clean from dirt and film with Simoniz Cleaner, and protect it with Simoniz Polish.

We quickly lose pride of ownership when we allow our car to become dull and grimy. The Duco finish we get on new cars today will last many years if cared for, and a proper finish with Simoniz is the surest, cheapest and most attractive one today!

Spring Rains!

They seek out a place to squeeze thru and make a mess, rotting out roof structure and smearing their dirty finger prints over ceilings and home furnishings.

Frequently some good asphalt roof paint or plastic cement will repair those annoying leaks at a trifling expense.

Wooden Meat Mallets

Try one of these meat mallets on your next steak and be convinced that it is the most tender cut you have had in a long time. The cost is small and once you have used it you will wonder how you ever did without one.

Grass or Turf

Which sort of lawn do you prefer? With a grass lawn, weeds at certain seasons will be annoying. In a turf lawn weeds cannot exist because the seed that grows turf fills the soil so completely with roots that weeds are choked out.

Use Vigoro for fertility and our own mixture of Lawn Seed if you wish an enduring, velvety turf lawn.

Fishing

Of course, we all go fishing and this has been a great season for the fishermen. Don't forget that a few extra hooks and an extra line along with you will not go amiss.

Bamboo poles, any length, 10c. Snelled Hooks as low as 20c dozen, and lines from 5c to \$2.00.

Garden Tools

Rakes for cleaning up the yard priced at 65c to 90c.
Hand Trowels for transplanting bulbs and plants from 5c up.
Hoes for hoeing and planting, 60 to 90c.

The work is easier when using a good tool. Why wait until you are just ready to use a tool to get it? Have your garden tools on hand and save time with your spring planting.

A Spading Fork might come in handy one of these days. Better get one while you think of it.

Never

Julius: "That's a mighty happy couple in that car over there."
Caius: "Sure is; when do they expect to be married?"
Julius: "They don't."
