BIG DIVIDENDS Jean Millsbaugh

Are you one of the few who think themselves to be "the only pebble on the beach," or "the only oyster in the stew?" If you are, give yourself the "once over" and take great care to notice the many rough edges in your makeup. Don't be one who can't see anyone but himself, and one who generally has the most faults.

After viewing yourself as others see you, you should take drastic measures to correct your faults, for everyone has them, and you surely must. If you can see your faults and can take steps toward making corrections, you will receive great dividends—not those which will be here today and gone tomorrow, but dividends which will follow you thru life. Let's go for the dividends!

ROLIVAR BOY WINS SPEAKING CONTEST

Richard Lewis, of the Rolivar Central School won first prize of \$5 in the public speaking contest sponsored by Allegany County Schoolmasters Association and held in the Wellsville High School auditorium Tuesday evening, May 21. His selection was "The Twelve Gidcons."

Second and third awards of three dollars and two dollars respectively went to Dick West of Richburg Central School who gave "Why Are Women Like That?" and Hughes Mesinger of Wilsonian High, Angellia, who recited "Bread Line."

It will be recalled that in the contest last year Margaret Powers of Andover High School was awarded second prize in the girls' contest. The local school will not have an entrant in either contest this year. Principal Glenn E. Bretsch is a member of the contest committee and was in charge of the boys' contest Tuesday evening.

ALFRED STUDENT DOING PRACTICE TEACHING

Michael Java, a student in the College of Arts and Sciences at Alfred University, is assisting at the local school. Mr. Java plans on entering the teaching profession next year and his work here will enable him to meet the practice teaching requirement established for all prospective teachers.

Mr. Java has majored in mathematics and science and is working with the classes in geometry, algebra, physics and chemistry. He has done some coaching with the track team, being himself captain of the Alfred track team and having won several medals in collegiate track meets.

DO YOU KNOW THAT—

The average weight of an elephant is four tons.
"Uncle Tom's Cabin" has been translated into 40 languages.
More than half the men in Newfoundland are engaged in the fishing industry.
Radio waves cause homing pigeons to lose their mysterious sense of direction.

ANDOVER ATTENDS TRACK MEET

The Andover boys journeyed to Wellsville Saturday, May 18, to the Spring Day Meet. The boys did considerably well against the schools which were entered. They were: Andover, Alfred, Canister, Hornell, Bath, Corning North Side, Corning Free Academy, Belfast, Wellsville, Olean, Friendship and Belmont. The meet was taken by Corning North Side, which had a very good track team.

The meet was a very fast one in which many records were broken. There were records broken in the 100 yard dash, 220 yard dash, 440 yard dash, one mile run and 220 yard low hurdle, in the field events broad jump and shot put.

Andover did very well in this by defeating Wellsville by the sum of 14-7. The places taken by Andover were first in the high jump by John Cannon; second in the 880 yard run by Donald Lynch; third in the 220 yard dash by Joseph McAndrew and fourth in the 100 yard dash by Joseph McAndrew.

Altho track is not the main sport at Andover, the boys did very well.

ANDOVER LOSES TO BELMONT

Andover High School lost their second baseball game of the year to Belmont last Monday on the Belmont field by the score of 11-10.

Belmont started the scoring by shoving across a run in the first inning. The lead see-sawed back and forth and finally when the last half of the seventh rolled around the score was 10-4 in Andover's favor. In the last of the Seventh Belmont, by virtue of three hits and two errors scored five runs. "Red" McAndrew, Andover's only reliable pitcher, sprained his wrist at this point and had to leave the game. With no one who could pitch as well as McAndrew, Andover was in the hole and Belmont tied the score in the seventh and scored another run in the eighth to win the game.

MAN WAS ASSEMBLY SPEAKER

An assembly was held May 17th at which time the school had a chance to hear Mr. E. C. Humphrey of the Rochester Business Institute. He spoke to the student group of the problems to be faced by young people as they enter the world of business. The first problem is that of saving. Mr. Humphrey stressed the point that it is very essential for everyone to learn to save, for the ability to save is part of the foundation of a very successful life.

Will power is very necessary for all, because by the exhibition of will power each person shows his strength, both mental and physical. Possession of such strength brings reward to the individual.

The problem of observation was emphasized. To the one who drifts along noticing nothing, nothing will come. To the one who goes along noticing everything, and using or improving on what he has seen, success must come, because on such things as observation and using one's ability success is based.

The fourth problem was that of initiative. Everyone to be a leader in any type of work must possess initiative. He must have the ability to go ahead and do things without need of constant supervision. By exercising his initiative he will lead himself even higher.

Mr. Humphrey showed himself to be the one to talk on these problems, because all feel the force of his personality. Later he addressed the Senior Class.

James Lynch and Marian Nobles, the valedictorian and salutatorian of the Senior Class were introduced and said a few words giving their formulas for success.

The girls' glee club rendered the three selections that they will sing at the Houghton music festival.

After announcements had been made and the high school song had been sung, classes were resumed.

This person is a girl in the Freshman room. She has brown hair, large brown eyes and is very small. She is a member of the girls' glee club. This girl is very friendly and seems to be mysterious. She is an exceptionally fast walker.

This is her first year in this school. Her home is in Wellsville, but at the present time she is staying at a house on Water street.

Answer next week.
Answer to last week's Guess Who—Howard McAndrew.

THE SPOTLIGHT ! !

Here is your old friend back after a busy week-end.
Alyse did you enjoy the show Sunday night? We wonder if Bur-

rell did.
So Milton Briggs went strolling around the fair village with one of our Sophomores? Better watch out for Walt, Milton.

Gertie S. is getting friendly with some one from Wellsville. Is he better than Jason H., Gertie?

Two of our Freshmen were seen riding on Andover's avenues Sunday. Jo says they were from Petrolia and Wellsville. Is she right Enola?

Who were Orpha G. and Jessamine B. with over in Whitesville, Monday night? Orpha said she had a good time. Did you, J. B.?

It is believed that Alyse Pope and Eleanor Greene have gone back to "childhood days," when they were seen riding bicycles the other day.

One of our strawberry blondes received a letter from a fem in Belmont. That is all I shall tell them, Red.

So Dot N. and Rita E. were in the company of two Allentown fellows? Better watch out for Harry and Clinton, boys.

So Jack R. is getting a car. Who will be the first girl to have a ride? I bet I know, Jack!

Charlotte said the car was slow Saturday night and that was the reason why she got home so late. Can you explain any further E. A.?

Milton B. had an engagement to see J. M. Oh, did she have to stay with some children? How did it

seem, Milt?

Why does Alan T.'s mind wander? One of our fair Sophomores was seen with a Wellsville fan. Who is it, Jean?

So often lately? That girl from New Hampshire must have had some effect on him. Can you explain that?

Potinye relates she had a date with Dick D. Did you have a good time, F. K.?

I noticed that our Independence lassies have moved back to Independence. That makes it bad for Maxine, especially when she can't see "Red" so often.

J. L. was real frustrated when he spoke in assembly. Was it your "flattering fems" R. Church and B. B. Sly, James?

So Clyde K. is getting real popular with the Alfred lassies? Is it one of the Jones girls, Clyde?

Jessamine and Marion N. have been stepping out lately. They tell me some more of Wellsville. Am I right, girls?

So long,
—THE SPOTLIGHT.

POPPY DAY Sat. May 25

The morning of November 9, 1918, a young Georgia woman, serving on the staff of the Y. M. C. A. Overseas Headquarters in New York City, received a copy of a magazine containing Col. John McCrae's poem, "In Flanders Fields." Touched by the poem's reference to the poppies growing between the crosses of the war cemeteries this young woman, Miss Moina Michael, of Athens, Georgia, decided to wear a poppy in honor of the war dead.

Purchasing a number of poppies, Miss Michael distributed them among the members of the headquarters staff. This was the start of the custom of wearing poppies in memory of the men who lost their lives in the World War, a custom now observed by millions of Americans on Poppy Day, the Saturday before Memorial Day, and by millions of others thruout the English-speaking world.

When the American Legion was organized by the returned veterans, the poppy was officially adopted as the Legion's memorial flower. After the American Legion Auxiliary was established, the Legion's poppy program was turned over to the women's organization and has since been carried out annually by the Auxiliary. Members of Thomas M. Lynch Unit of the Auxiliary will distribute poppies here Poppy Day, Saturday, May 25.

The Auxiliary Women have taken Miss Michael's idea and developed it into a great national program for commemorating the sacrifice of those who died and for bringing aid to those who sacrificed their strength in the nation's service. Early in the Winter the making of the millions of poppies which the people of America will wear on their coats the following Poppy Day is begun in government hospitals and convalescent workrooms maintained by the Auxiliary in many parts of the country. Hands of disabled veterans, weary of idleness, are given employment, shaping the little red flowers. Sick and discouraged men whose spirits have sunk to despair from long unemployment are given the encouraging experience of again earning money.
