MEMORIAL DAY Jessie Dodge

Nearly every state in the union will observe Thursday, May 30th as Memorial Day.

Memorial Day arose from a practice in the South of decorating the graves of soldiers and sailors who were Confederate Civil War veterans. The practice grew until today both the North and South decorate the graves of all war veterans and even the graves of those who are not veterans are covered with flowers, showing a tribute to the dead.

As we have a holiday from our school work, let us not forget the work of those brave veterans, living and dead, who fought for their country when the occasion presented itself and may we be always ready to make our country better for ourselves and for our posterity.

BASEBALL GAME FRIDAY

Altho the League season in baseball closed last Friday with the local team defeating the Angelica High School, fans will be treated to at least one more game this season. The locals will meet a team made up of Alfred University freshmen at the athletic field, Friday, May 31st, at 3 o'clock.

The Andover High School team missed by a narrow margin a chance at the county championship when an arm injury to pitcher McAndrew and the absence of Lynch at Belmont forced the locals into a one point defeat.

The team has shown good development under the training of Coach McGee and fans can be assured of a good game on Friday.

GUESS WHO?

This person whom I am about to describe is a very popular girl in A. H. S. She is about five feet, five inches tall, has blue eyes, and dark, wavy hair. This girl is full of fun and very humorous at times. She can take a joke, and is very seldom seen in an angry mood.

She has been seen at times with one of our very studious Senior boys who very frequently escorts her to school. This girl's name should be very easy to guess. Come on, steady the thinking cap on your head, rattle the brains, and think.

P. S.—This girl can be found in the Sophomore homeroom. Now, you should be able to guess her name.

Answer next week.

ANDOVER DEFEATS ANGELICA

The Andover baseball team defeated the Angelica team by a score of 4 to 3, last Friday, May 24. Because of the injury of Howard McAndrew, the team is weakened some on the mound.

The game started out well by Andover getting one run in the first inning and holding their lead thru the first inning. In the second, Angelica received one run which tied it. It stayed this way until the first half of the sixth when Andover brought in three runs, making the score 4-1. In the last half of this inning Angelica got two runs which made the score 4-3. In the seventh neither side received any runs and Andover won their last league game by the score of 4-3.

This was the last league game which will be played by Andover. The league was won by Canaseraga with five wins and one loss. Andover won second place with four wins and two losses which is quite good. Belmont came in third, winning two and losing four while Angelica came in fourth, winning one and losing five. The game between Canaseraga and the winner of the other division will be played in Wellsville, Friday, May 31st, to decide which team will become the champion.

JUNIORS HAVE PICNIC

The Juniors had a picnic Monday evening at Lever's cottage in Elm Valley. After having eaten, everyone played games.

Congratulations are due the pupils on the different committees, especially those who were on the weather committees. And, as the saying goes—a good time was had by all.

THE SPOTLIGHT ! !

Here's your old friend the Spotlight and he is sending light a long way this time.

Ask M. Briggs what he was doing down to Scio last Sunday night. Who is she, Milt?

Say, Marilla, what is the big attraction down at the theatre? Tell us, Marilla. We would like to know.

Our blonde Venus, Clyde Kemp, has been trying to put a fast one over on us. Keep those big blue eyes open Clyde or that girl down at Belmont will wrap you right around her finger.

I hear that two of our Sophomore knockouts, B. Kruger and R. Lynch went up to see how the picture shows were run the other night. I wonder if they found out?

Is that K. Vars fast??? He isn't satisfied with just one girl. Now he is getting friendly with Marilla.

O. Kruger and R. Lynch seem to have a good time keeping each other company in third period study hall. Have a care there, Ollie. It's a long way up Lynch Hill.

Say Enola, how do you like "Fuzzy" Williams' new Ford V-8? Quite a bit of difference between that car and the one Jason Hawks used to drift around in, isn't there?

I wonder why B. Kruger left the show before it was over Saturday night. That was a pretty good show to leave without some good reason.

It seems to me that Red Alderson and Red McAndrew could have shared their girl friends with Lloyd Sly and Milton Briggs, Sunday night—after all, boys, one girl is enough isn't it?

Alyse Pope wishes that music festivals came more often. Was the singing good or didn't you hear it, Alyse?

Well, the big event of the school year is being held tonight. I bet it will be swell, because the Seniors are having it.

Those Hornell boys knew that Regina Lynch and Beatrice Kruger are Sophomores and they think they are grown up. Tough luck, girls!

"Red" McAndrew will soon be able to use his arm. That is luck for the girls.

So Maxine and Hilda didn't see the circus after all. What were you looking for, fire escapes again?

Jean Millsbaugh turned down four dates Friday night because she had to take care of the children. How many did you refuse Saturday night, Jean?

So Marilla saw the show free Thursday night. It's nice to have a pull, isn't it, Marilla?

Where did Joe McAndrew and Dorothy go Sunday night.

I wonder how Beatrice Kruger got to the circus.

Marion Lever was riding with a Canisteo boy Friday night—yes, Dorothy Nobles was in the front seat.

Regina Lynch has given her affections to Roeder once more. She says he is getting cuter every day.

As long as Rita Burns is on the invitation committee she is bound to have a good time.

Did Alyse Pope deliberately drop her Latin book, so Eddie Alderson would pick it up? I wonder.

Dorothy Nobles reports they had very good grape juice at Houghton. Nothing like it when you're thirsty, is there, Dorothy?

Ask Ida Mae Howland who saw that she got properly home Sunday night. Will that make somebody's face red?

Oh, Deke, where is your Senior ring? You haven't lost it already, have you?

So Charles L. is rushing Eloise? Was the show good, Charles?

I heard Jean didn't get home at 9 o'clock after all, Monday night. Was it Wellsville again?

The electric circuit just blew a fuse and the old Spotlight has gone out, but don't worry, it will be back next week, brighter than ever.

Adieu

—THE SPOTLIGHT.
