Cultivating Roses

IN ATHENS two thousand years ago the rose was crowned Queen of Flowers. It is old, extremely old, this Queen of cultivated flowers, and from time immemorial has never ceased to charm the world with ital haunting fragrance and exotic beauty.

The romantic songs and legends of the Greeks, the Persians and the Chinese testify that this pampered AGES ago, someone, some place, made a statement) darling of the gardens the world over was cultivated in [] about mouse traps better mouse traps—and teday earliest times. The place it holds in the heart of man in modern business that old aviom still holds true. is strangely unusual in that no other flower has ever succeeded in usurping its sovereignty. As one great follows: "If a man can write a better book, preach nature lover has said: "The rose is the national flower hetter sermon, or make a better mouse trap then his six, and lastly, to four times a day.) of one great race, but it is loved by all and is the mon [neighbor, tho he build his house in the woods the] apoly of ne one race or creed."

Today, in America, we are just beginning to have roses, that is to say, a variety of roses of American community. Frobebly it is not due to a term in a book he will be a require much origin. It is singularly interesting to know that a basis or mouse trap to being applied or any day to general time for roce listory in this country was most fittingly fur- merchandising. nished by the man who was first in rose culture as well as first in the hearts of his countrymen.
