Not So Bad

AAUADE AAUK WILL YOU TAKE FOR BLOWOUT PROTECTION?

LOW wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before Are you accepting exaggerated and unsupported advertising and sales claims-or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowent protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, gruelling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three care. Not one of the drivers had tire trouble of any kind.

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every conon cord is scaked and every strand is insulated with pure liquid rubber. preventing internal friction and heat, the main cause of blowness. Gum-Dipping is a patented extra process not used in any other make

Protect your life and the lives of others by equipping your car with Firestone Gum-Dipped High Speed Tires—the safest tires built. It will be worth your time to read these three questions and their answers:

against skidding?" ANSWER-Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of other popular makes of tires.

QUESTION 2—"Are they built to give me the greatest blowout protection?" ANSWER-Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

QUESTION 3--"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?" ANSWER-Thousands of car owners report unequaled milesee records-evidence of the longer wear and greater economy of Firestone High Speed Tires.

HIGH SPEED TYPE We select from our mormous stocks of raw materials the best and highest grade

ubber and cotton for the High Speed Tire. In our factory we select the most experienced and skilled tire makers to build this tire. It is accurately balanced and rigidly inspected and we know it is as perfect as human SIZE PRICE SIZE PRICE 4.75-19 8.20 5.00-19 11.05
