UNCROSSED BRIDGES

Alyse Pope

Worry is one of the saddest things in life. Most often people worry about unnecessary things or things that never happen.

We all have probably heard the story about the old maid who looked into the well and thought, "If I should ever get married and have a little boy, how terrible I would feel if he fell into this well," and she started crying from the worry at such a thought.

This is only a story, but it is typical of people today. We all worry about bridges that in all probability we will never cross.

If people spent the time they spend worrying for a good purpose, what a nice world this would be. But seeing people are bound to use their imagination they should use it for thinking of pleasant things of the future and not the worries of the future. So vanish your worries and indecisions of today by contemplation of the happy possibilities of tomorrow.

MAY HAVE SUMMER ATHLETIC DIRECTOR

Pupils of Andover High School may be enjoying the advantages of a supervised recreational program during the summer months if proposed plans for a county program mature as outlined at a meeting held in Wellsville, Tuesday evening. And over was represented at the meeting by Supt. W. Gates Pope and Principal Glenn E. Bretsch.

The program is basically an adult recreation program announced through FERA funds, but it has been found possible to secure an equal amount of time spent by the leaders on a program for the children. One or more qualified recreational leaders may be secured for each community and the entire program supervised by a county supervisor, also paid out of state and federal funds.

The program for the children would consist of swimming instruction, hikes, softball and other playground activities. Further announcement will be made concerning the start of the program later.

SENIORS WILL ISSUE YEAR BOOK

The Senior Class of 1935 has planned a year book, named "Memories of '35," which will be on sale Friday, June 14.

The book contains a list of the Senior Class and the characterization of each member, a resume of all sports, music activities, Hi Herald and various other features.

Anyone wishing a copy of this book please give your order to Marian Nobles or Miss Clifford.

DO YOU KNOW THAT—

(From Selected Sources)
Francis R. Mead

There are some 4,000,000 twins in the United States.

A French auto firm recently displayed a phosphorescent car visible for half a mile at night. It is designed for safe night driving.

Maj. E. H. Armstrong of Columbia University claims that a new method of broadcasting invented by him will shut out static and end tube noises and fading.

Carrot seed is so small that it takes 257,000 to weigh one pound. Gold can be beaten out so thin that one ounce will cover an area of 146 square feet.

There are now 3,000,000 miles of improved highways available to motorists in the United States.

Treasury figures show that 22 cents out of every Federal taxpayer's dollar goes for interest on the national debt as compared to two cents before the war.

Residents of over 50 Oklahoma towns pay no town taxes because of municipally-owned utility plants.

In Connecticut there is a 45-acre farm that has been in the possession of one family since 1675.

There are only 161,000 legally qualified physicians in the U. S.

FACULTY FACTS

Mr. and Mrs. Schwartzbach drove to the Black Forest, Sunday.

Miss Beeman and Miss McLaughlin attended a shower given for Miss Margaret Kelley at Miss Mary O'Boyle's home Saturday afternoon.

Mrs. Van Oxx visited her home in Hornell over the week-end.

Mr. Bretsch was a visitor in Elmira Heights over the week-end. He also attended a meeting at Wellsville, Tuesday evening.

FINAL EXAMINATION SCHEDULE ANNOUNCED

The schedule for the June local and Regents examinations has been posted as follows:

Monday A. M.—Geography, History B, American History, English 2, introduction to business, typing 2. P. M.—Arithmetic, French 2, Latin 1, elementary algebra, book-keeping 1.

Tuesday A. M.—Elementary English, English 3 years, English 4 yrs., Business English, commercial arithmetic, typing 1. P. M.—Latin 2, Latin 3, shorthand 2, general science.

Wednesday A. M.—Elementary U. S. history, French 3, plane geometry, English 1, typing 1, English grammar. P. M.—Spelling, silent reading, chemistry, history A, commercial law.

Thursday A. M.—Intermediate algebra, bookkeeping 2, economic citizenship, music 1, civics. P. M.—Physics, shorthand 1, representation 1.

Friday A. M.—French 1. Examinations begin at 9:15 and 1:15 respectively. All paper for the examinations will be furnished by the school. Pupils will report to the building only when taking an examination.

REV DRONSFIELD TO GIVE BACCALAUREATE

The annual High School Baccalaureate service will be held in the high school auditorium Sunday evening, June 23rd at 8 o'clock. Rev. R. E. Dronsfield, newly appointed pastor of the Presbyterian church, will deliver the sermon.

The graduating class will be seated in a reserved section. There will be special music by the Girls Glee Club and the auditorium will be tastefully decorated for the occasion.

HONOR PUPILS SELECT SUBJECTS

The valedictorian and salutatorian of the Class of 1935 are busy at work developing their honor essays which will be delivered on commencement night.

Marian Nobles has selected for her salutatory address the subject "Dreams." The valedictorian, Alyse Pope, will talk on the subject "Magic of Light."

GRADUATION LIST TO BE POSTED FRIDAY

A preliminary list of graduates of the Class of 1935 will be announced Friday afternoon, June 14. This list will consist of those who will be assured of graduation regardless of the outcome of the final examinations, as a result of having maintained an average of 70 per cent in all subjects required for graduation.

Other students may be graduated upon the passing of certain examinations and these will be added to the list as soon as examination results can be secured.

REPORT CARDS ISSUED COMMENCEMENT WEEK

Report cards in the grades and promotion cards will be issued to pupils Monday morning, June 24, in their respective rooms.

High school report cards will be obtainable at the high school building Tuesday morning, June 25.

EIGHTEENTH EXCUSED LIST

The 18th excused list for the week of June 10-14 for those pupils who have obtained an average of 80 per cent or more in all their subjects has been announced by Principal Bretsch as follows:

Post Graduates—Ruth Slocum, Bernice Williams.

Seniors—Max Baker, Gertrude Dean, Eleanor Greene, Oliver Kruger, James Lynch, Mary McAndrew, Marian Nobles, Alyse Pope, John Regan, Madeline Walsh, Richard Wittie.

Juniors—June Babcock, Jessamine Friggs, Dorothy Nobles, Veronica O'Hargan, Beatrice Sly.

Sophomores—Hilda Clarke, Orville Mester, Farnham Pope, Alan Tuttle.

Freshman—Josephine Baker, Gerald Easton, Charles Burgett, Edna Fairbanks, Lorene Gee, Donald Hardy, Doris Honeger.

Eighth Grade—Barbara Bassett, Charlotte Coryell, Coretha Meade, Clyde Briggs, Leo Nobles, Donald Oakes, Jack Saunders, Leo Fulkerston, Gerald Dolan.

Seventh Grade—Jessie Burger, Harold Rice, Carol Walton, Leslie Brundage, Betty Greene.

*Those pupils whose names have appeared on 18 excused lists.

GUESS WHO?

This person is quite tall, has dark hair and is quite good looking. He is rather bashful, especially around girls. He is a good student and is well liked. He has several pals. This person can be found in the Sophomore homeroom.

Come on! Guess who he is!

Answer next week.

Answer to last week's Guess Who—Edith Potter.

THE SPOTLIGHT !!

At last I am here again with my weekly scandal.

Jean M. says she spent the week-end in Whitesville. We wonder if she had a nice time with Willis.

So, our P. G., Dick Appler, has been seen on the streets with a "fem." Nice going Dick!

I just found out that Clyde Kemp has a new girl. How many more do you need, Clyde? You have four fems already.

C. Dolan says she likes "The Isle of Capri." Is it about the "fair Italian skies above?"

We should like to know what Ray Briggs and Eddie Kemp were doing in Wellsville Saturday night. Wait until V. M. finds out where you were Eddie!

And what was Joe McAndrew doing Sunday night.

So, Ida Mae likes Eddie Dean, eh? We can't blame you, Ida, he has a car.

Jean M. was planning to go to the circus with "Deke" but "Deke" did not show up. What was the trouble, Deke? Don't you know you kept Jean waiting?

Kennie Vars had Dorothy Fosner out walking Saturday night. "Kennie" wishes that Dorothy didn't have a little brother that likes to "tag along," as little Jimmie does.

The Lynch and Pope romance looks quite serious these days. What is there, Alyse, that you like about Don Lynch?

And Charlie Lynch is still madly in love. Tsk-tsk, Charlie.

Bruce McGill seems very broken-hearted to think that the "Dean-Babe" from Wellsville is sniping him.

Too bad, Bruce, better luck when you grow up.

Ivar Lee Rogers seems to have a visitor from Belmont very often. What is his name, Ivar Lee?

What's this I hear about the Girls Glee Club singing at the Commencement? Feature it, singing a song about "The Big Brown Bear."

Who was the "fem" that was up at Phil Woodruff's for dinner Sunday? Nice going, Bill!

M. Lever has fallen for the "Antelope" guy!

Some High School kids went over to Fisher's Saturdays night to skate. But why didn't you go to go skating, Dorothy?!

"Gertie" Schoonover and J. H. are still going strong to hear.

What's all the news about Regina keeps telling Kruger? Is it about the weather, Regina? We know better.

Rita D. with whom were you enjoying yourself so much Sunday? Nice Ford, huh, Rita?

Why does C. Cook go up to Hornell so much? E. Alderson isn't up there, Charlotte.

So Fotiney K. was chasing boys Friday night (as usual) did you find out where they stayed, F. K.?

So you didn't see Bob Saturday night, Marilla? Tough luck, that he didn't come around, wasn't it?

Who is going to win out with these boys from Wellsville? Maybe Walt will bring some more occasionally, Mary.

Victor Perkins seems to be coming up often, he isn't looking for you is he, Orpha?

Why is Oliver K. seen so often going up to Walsh's? What's the attraction? Can you explain, Madeline?

So James Cannon wants to be a Missionary? Where are you going to be found after taking up this profession?

Why did Alyse Pope and Eleanor Greene arrive so late for the circus that they only saw the side-show?

Monday night F. Pope beat "Kennie" Vars to it when F. Pope had Fosner out riding his bicycle. Tough luck, Ken!

I wonder if Alyse had a good time playing croquet in Wellsville, Sunday p. m. Did you like the roast beef sandwich?

SENIOR INTERVIEWS

What is your full name?—Marian Virginia Nobles.

Where were you born?—Andover. Where have you attended school?—Andover.

What is your favorite sport?—Basketball.

What is your favorite recreation?—Dancing.

What subject do you like best?—English.

What books do you like best?—Fiction.

What subject do you dislike most?—Algebra.

What is your ambition in life?—To be a secretary.

Marion is a very studious girl, who is liked by everyone. She has proven her ability as a leader, thru being editor of the Hi Herald and Salutatorian of the class. We are sure Marian will be as successful in life as she has been in scholastic attainment.

What is your full name?—Mary Gertrude Dean.

Where were you born?—Andover. Where have you attended school?—Andover.

What is your favorite sport?—Basketball.

What is your favorite recreation?—Movies.

What subject do you like best?—History.

What do you dislike most?—English.

What books do you like best?—Fiction.

What is your ambition in life?—Go to a business school.

Gertrude is a very quiet girl who always has a pleasant smile. She always sees the pleasant side of everything. We wish Gertrude lots of luck.

What is your full name?—James Patrick Lynch.

Where were you born?—Andover. Where have you attended school?—Andover.

What is your favorite sport?—Football.

What kind of books do you like best?—Fiction.

What is your favorite recreation?—Reading.

What subject do you like best?—Science.

What subject do you dislike the most?—Latin II.

What do you intend to do when you finish high school?—Attend college.

What is your ambition in life?—Be someone worth while.

James is one of Andover High's most studious pupils. He was rewarded because he is valedictorian of his class and has graduated in three years. We are sure that James will succeed in whatever field he may enter upon leaving high school.

What is your full name?—John Joseph Regan.

Where were you born?—Andover. Where have you attended school?—Andover.

What is your favorite sport?—Tennis.

What kind of books do you like best?—Fiction.

What is your favorite recreation?—Playing tennis.

What subject do you like best?—History.

Not So Bad

The United States was not overly shocked at President Roosevelt's statement that our public debt might reach 31 billion dollars by 1935. It is only \$250 per capita, while France today owes nearly \$500 per capita, and Great Britain owes nearly \$900 per capita. Owing \$250 apiece to ourselves can be taken care of without serious worry in this great and rich country.

The story of New York soils, their classification and agricultural value, is given in the new Cornell bulletin, P-619. A penny postcard to the New York State college of agriculture at Ithaca, N. Y., brings a copy.

WHOSE WORD WILL YOU TAKE FOR BLOWOUT PROTECTION?

Low wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before. Are you accepting exaggerated and unsupported advertising and sales claims—or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowout protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, grueling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three cars. Not one of the drivers had tire trouble of any kind.

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every cotton cord is soaked and every strand is insulated with pure liquid rubber, preventing internal friction and heat, the main cause of blowouts. Gum-Dipping is a patented extra process not used in any other make of tire.

Protect your life and the lives of others by equipping your car with Firestone Gum-Dipped High Speed Tires—the safest tires built. It will be worth your time to read these three questions and their answers:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?"

ANSWER—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of other popular makes of tires.

QUESTION 2—"Are they built to give me the greatest blowout protection?"

ANSWER—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER—Thousands of car owners report unequaled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

<p>1 University tests show Firestone tires stop cars 15 to 25% quicker</p>	<p>2 Gum-Dipped cords give greater blowout protection. Gum-Dipping is not used in other tires</p>	<p>3 Wider, fatter tread gives more than 50% longer non-skid wear</p>	\$7.45 4.50-20 HIGH SPEED TYPE <i>Gum-Dipped</i>			
			We select from our enormous stocks of raw materials the best and highest grade rubber and cotton for the High Speed Tire. In our factory we select the most experienced and skilled tire makers to build this tire. It is accurately balanced and rigidly inspected and we know it is as perfect as human ingenuity can make it.
