SAYS THE WOMAN WHO LETS ELECTRICITY (at the new low rates)

DO THE WORK

Many a woman has discovered that keeping house, even after years of it, can still be interesting when she lets low cost electricity shoulder its share of the load. Always on the job ... never tired ... never complain-

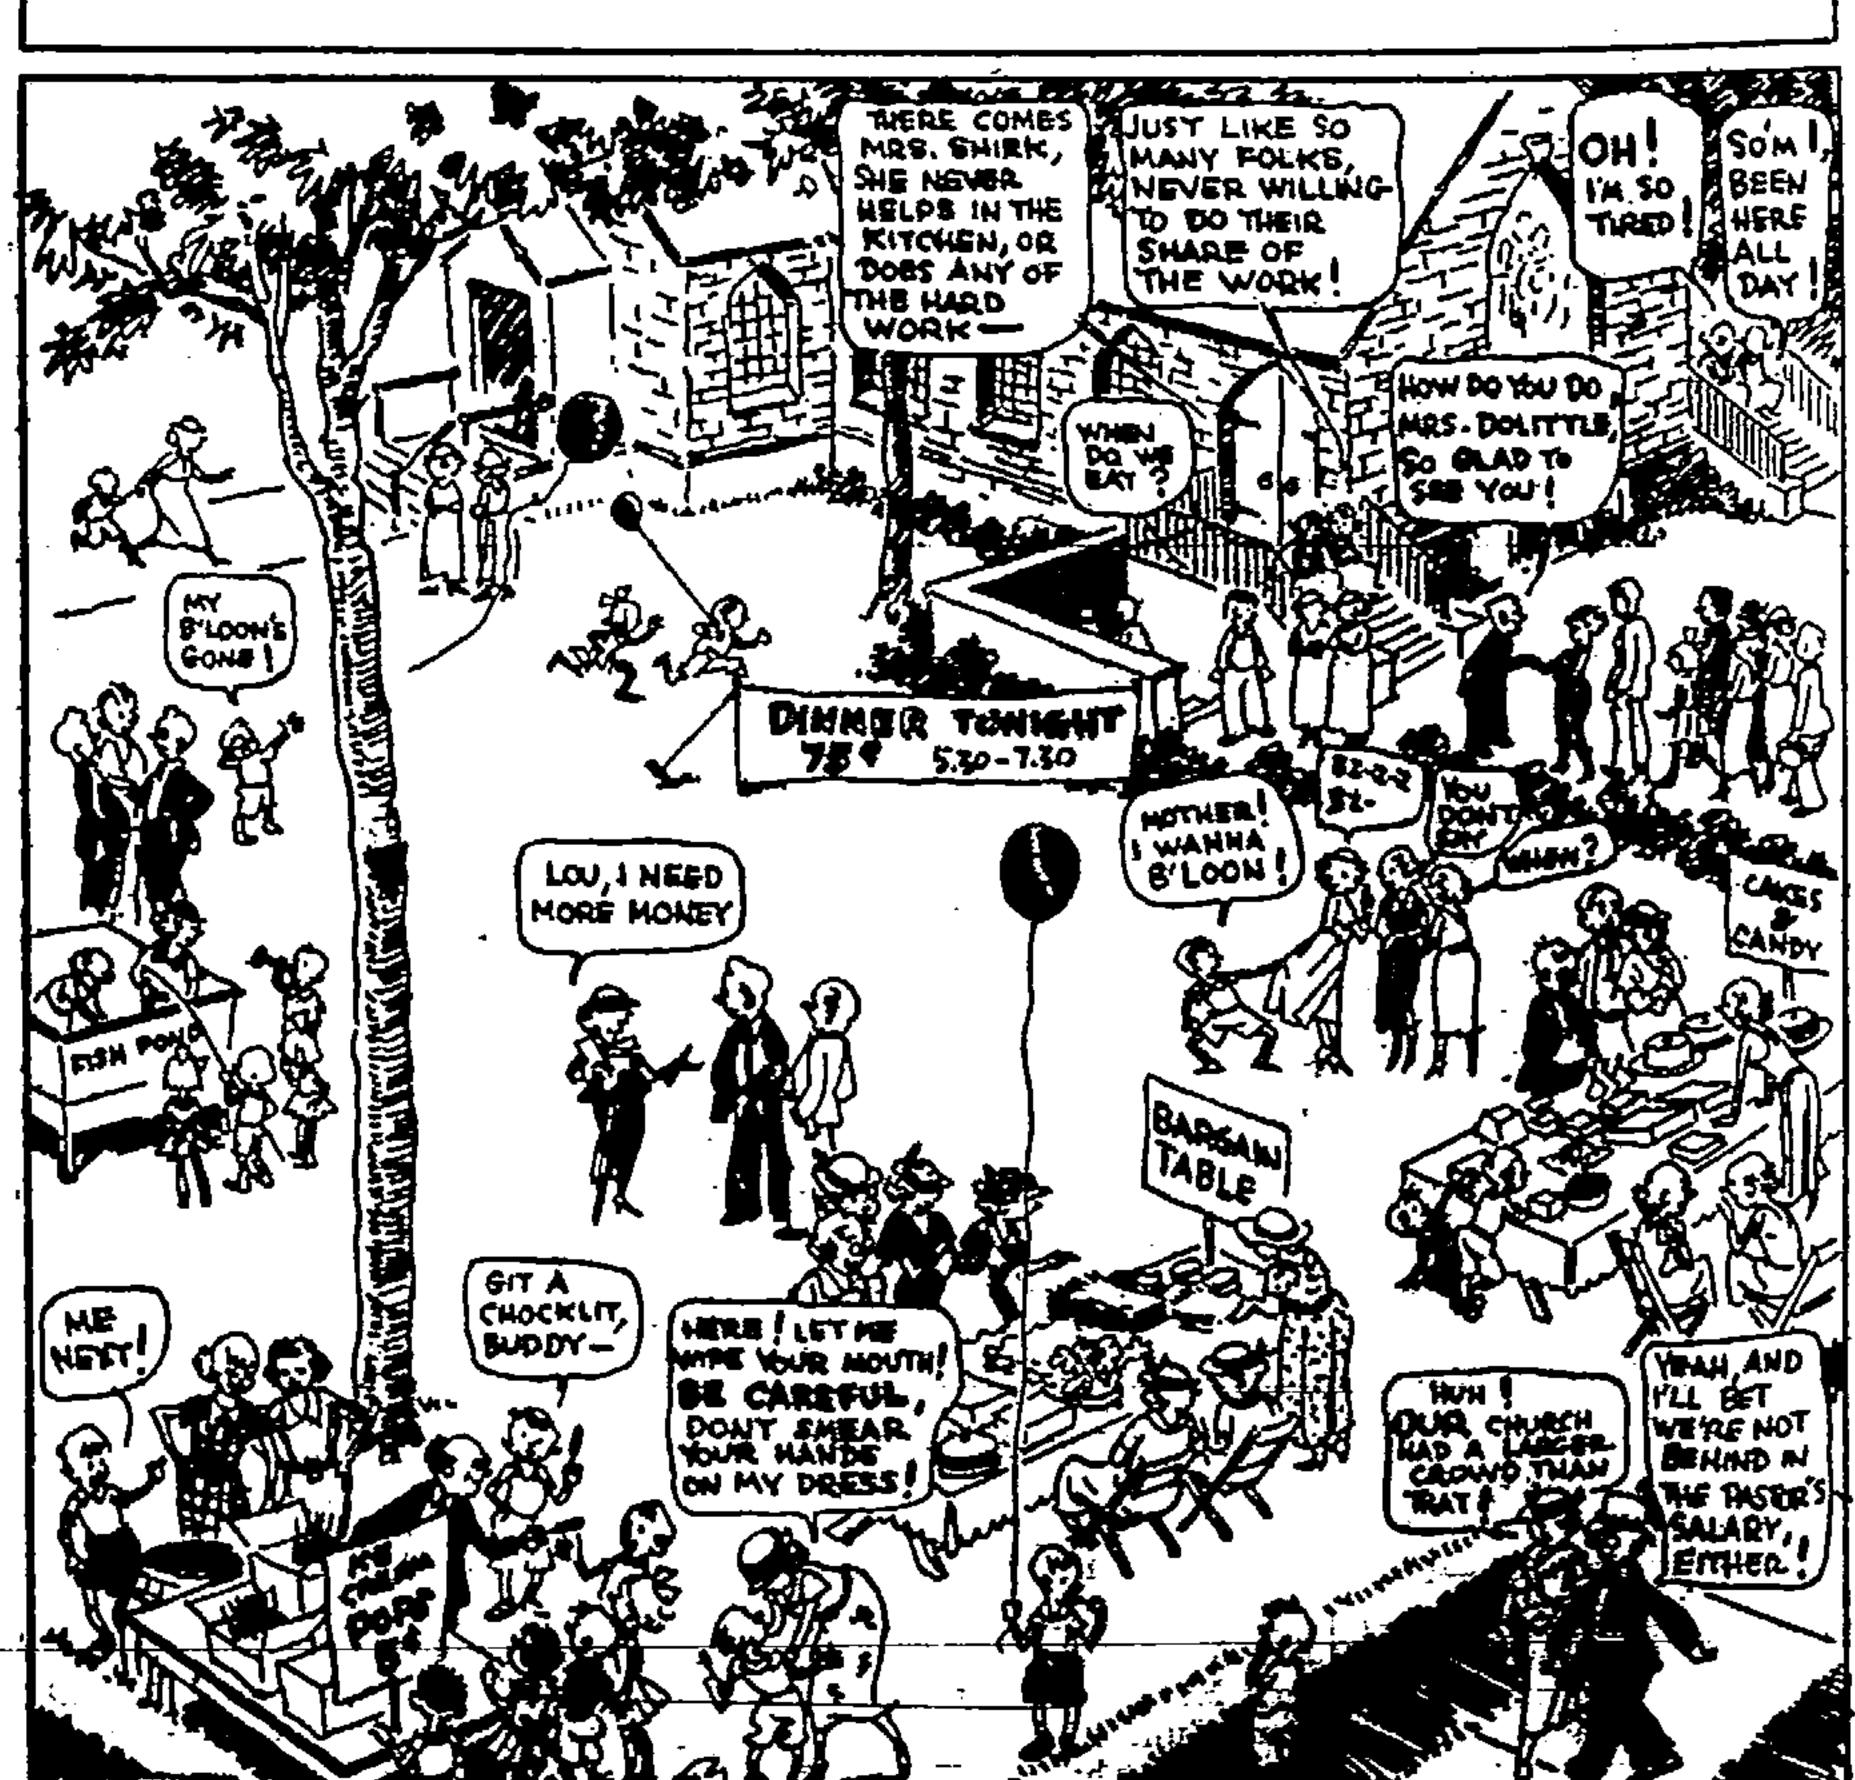

ing . . . electricity helps keep you young. Use more of it! At our low electric rates, modern electrical helpers work for only a few pennies a day. And the more electricity you use, the lower each kilowatt hour costs.
