FUEL CO., Ltd.

## NOTICE

The Empire Gas & Fuel Company, Ltd., of Wellsville, New York, on August 22, 1935, filed with the Public Service Commission at Albany, New York, the following new Service Classification No. 5 to be effective September 21, 1935:

Gross Rate Discount Net Rate First 3,000 cubic ft. per month \$.75 perM. \$.05 perM. \$.70 perM. Next 12,000 cubic ft. per month .66 perM. .05 perM. .61 perM. Next 15,000 cubic ft. per month .58 perM. .03 perM, .55 perM. Next 20,000 cubic ft. per month .51 perM. .01 perM. .50 perM. Over 50,000 cubic ft. per month .46 perM. .01 perM. .45 perM.

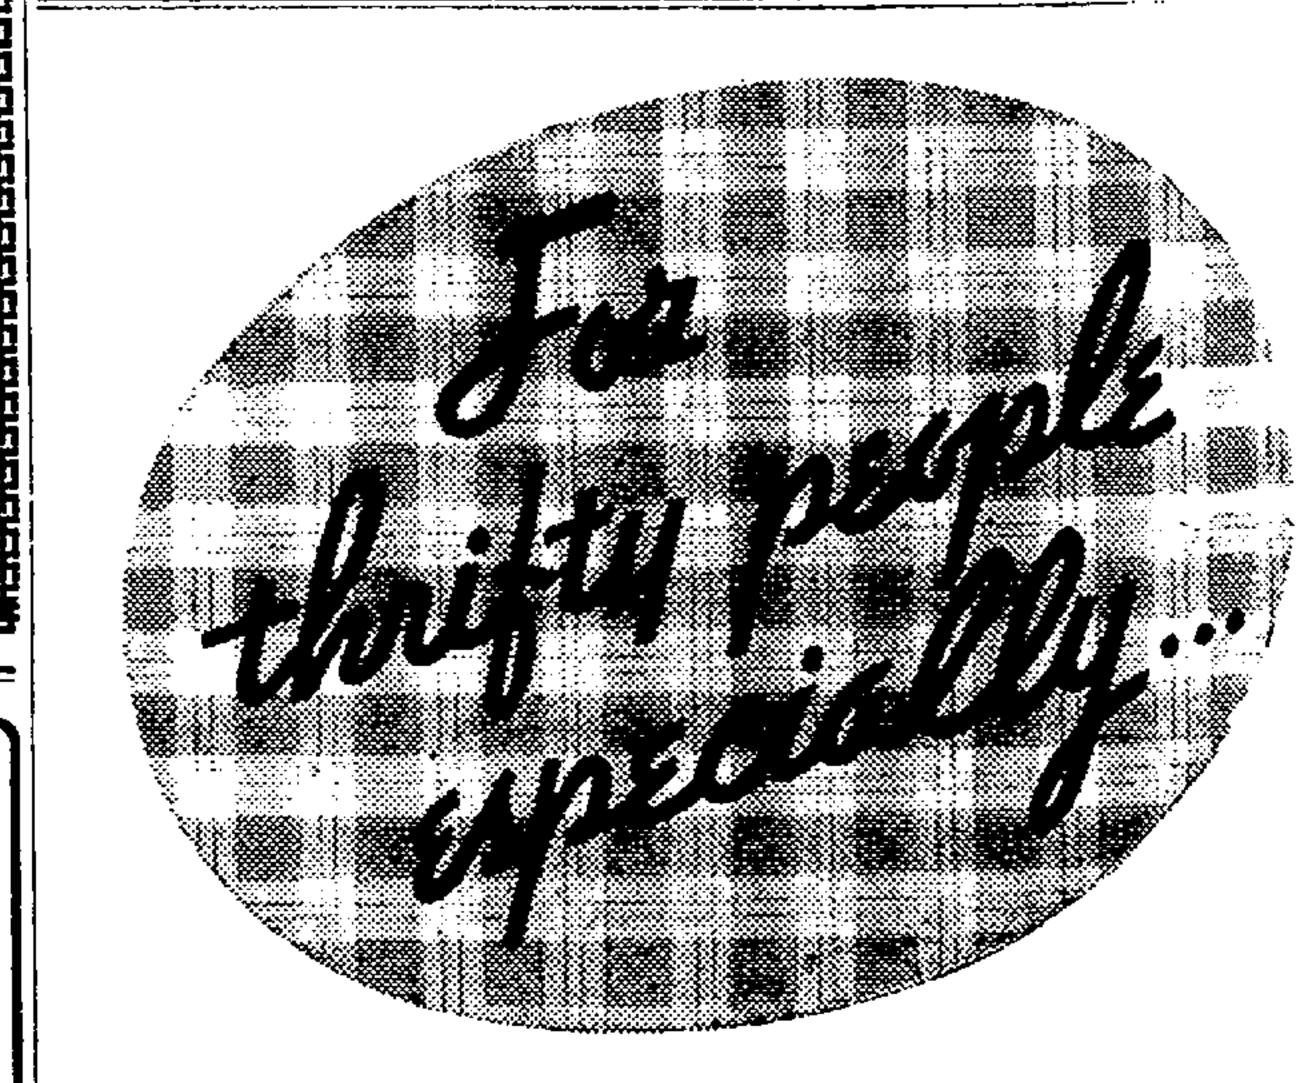

MINIMUM CHARGE: Minimum charge per meter month \$.75

All customers who are now served under the present rate will be automatically transferred to this new rate unless specifically requested otherwise by the customer. This new rate provides for decreased bills whenever the monthly consumption exceeds 3,000 cubic feet per month and in no case will the bill of the customer under the new rate exceed what it would be under the present rate. SPECIAL PROVISION:

Effective September 10, 1935, under authority of Public Service Commission, State of New York, special permission Order No. G-317, made September

This service classification expires on September 1, 1937.

#### Women's Wear • Dry Goods

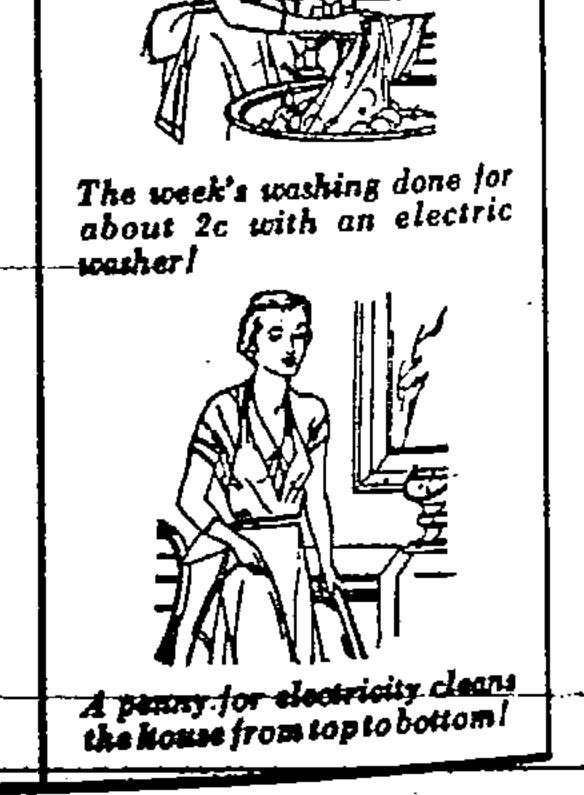

#### Electricity at new low rates makes housework easy!

That's good news. Particularly so if you're a thrifty soul who likes to make each penny count. Take the job of washing clothes. An electric washer will do it for about 4c a week! The ironing, with a you-sit-as-itirons electric ironer, costs only a few pennies more for electricity. A vacuum cleaner runs for a cent a day, and so on for a host of useful electric servants! Where can you go for more value per penny than you get with electricity? As rates have dropped down and down, it has become your biggest bargain. And what's more—as your use increases, the cost per kilowatt hour declines. Exactly like buying china by the set instead of a

piece at a time! NIAGARA, LOCKPORT AND ONTARIO POWER COMPANY
