#### The Great Game of Grab

APAN took Manchuria because it had resources Japan | OI wanted. Mussolini is after Ethopia because of its natural resources which Italy lacks. Nations have been playing this game of grab for thousands of years. No country possessing material wealth is safe unless can protect its wealth.

We suggest for the consideration of pacifists that the United States, with only six per cent of the world's population, has 40 per cent of the world's gold, 49 per in the morning, even if there is no traffic. They make cent of the copper, 67 per cent of the oil, 36 per cent no unnecessary noises with motor or horn and they act of the coal, 52 per cent of the standing timber, 33 per like decent fellows and not like smart-alecks trying to cent of available waterpower and grows 56 per cent attract attention to their own impudent iniquities. Lawrence's United States News.

Added up, they make of this country a prize to we'll wager they can't measure the heat of a nickle's make some piratical dictator's mouth water. What a worth of coal. temptation to predatory nations, unless we maintain such a defense, by sea and air, that no other nation or combination of nations, can conquer us. True, there passes and national aspirations develop. No such morin their relations with each other.

It may be a hundred years, maybe longer; but as long as gossip is at large. some day some powerful nation may raise the battlecry of "share the wealth" and justify its effort to take thoughtless or idle remarks that are not intended to over America by pointing out that only one-sixth of the world's people own more than half of the world's | 10 wealth.

The time to set up our defenses is now. The best way to make a sock stay put is to roll it

down to the shoe tops. One of the important tasks in this life is deciding!

what to do on the next Sunday.

things to fuss about.
