Double-X Floor Cleaner

Double-X bleaches as it cleans—does it better and cheaper, and without fuss or fumes or fire fear. If you are planning to refinish your floors, use Double-X first—it will, when used in correct amount, properly dissolved in boiling water, remove every trace of old worn varnish or shellac from a floor. Not only that, it bleaches the wood back to its original beauty at the same time. In one operation, it does all this and does it easily, efficiently and safely. Moreover, it will not raise the grain or buckle the floor.

It is so simple and easy to use—all one needs is a can of Double-X, a pail, a mop or scrub brush and a bit of steel wool.

A pound of Double-X makes a gallon of solution—and it goes a long way. A gallon of the boiling solution will remove the varnish and bleach an area of approximately 200 square feet—more than an average room.

Double-X is harmless to skin and clothing. It will not and cannot explode—consequently there is no fire fear in using it.

Use Double-X and be convinced it is the one and only floor cleaner. Prices 25 and 75c.

Files

For several years Eagle Files have been accepted as the best. The tempering process gives them the desired hardness and toughness. They are cut in the latest improved machines and are carefully tested before being packed. You will find the proper size for any job you may have.

Thermometers

Everyone is interested in the weather, and in what the weather is going to do. We want to remind you that an outdoor thermometer will give you the temperature at a glance. The figures and graduations are fired in for permanence and for outdoor usage.

Indoor wall thermometers are essential for good health. We have a variety of them that are accurate, easy to read, good looking and durable. Keep your rooms moderately warm and you will not be troubled with the so-called winter colds for colds result from overheated rooms—then sudden exposure, or from chilly rooms.

A new indoor thermometer, registering 68 to 70 degrees will help to keep you well. Get one at once.—Prices range 25c and up.

Crescent Tools

Will satisfy your tool needs at a relatively low cost, and are guaranteed to give satisfaction. The Crescent line is complete, consisting of Wrenches in various sizes; Hack-saw Frames, Snips, Screw Drivers, and Pliers. All are of Crescent quality and are built for hard service and long wear. Considering their extra value in terms of strength, utility and service, they are by far the most economical to buy. Ask for Crescent.

"This cigar you sold me," he said, "is simply frightful."

"Well, you needn't complain," said the tobacconist. "You've only got one. I've got thousands of them."
