COMING UP—

"Hurrah, exams are over! What a relief! Now, I'm going to have a rest." Yes, they are over and it is a relief, but the question is—how can we afford the rest?

As one enters the high school building Monday morning and observed the marks posted on the door he could plainly see the results of earnest effort in some and in others the evidence of a prolonged "rest."

Now, at the dawn of a new semester we have just passed a climax in our school year and are entering a new scene which will ultimately lead to the real climax.

Now is the time to view the results of the past semester seriously, and resolve to start preparing for the climax of this scene or semester.

For some of us, new schedules, with new and different subjects, are in store. If so, we must plan accordingly and remember that in these new subjects there will be no climax to warn us, but that the daily work is the key to the final result.

Now as we enter the new semester let's remember that the history or English book isn't any heavier to carry home to night than it will be the night before regents next June; and the chances are ten to one that it will make our marks "weight" a great deal more.

With these thoughts, clear in mind and a foresight to that judgment day next June, this is a voice of experience warning you not to sign off with "Yours, for once and for all, the student NOW and a year. If satisfied and happy, sign off with "Yours, for once and for all, the student THEN."

TAXES

Taxes! Taxes! Taxes! These are the cries of millions of people whose overburdened shoulders are bent and drooping. They do not stop to consider just what public benefits are derived from these taxes, or their complaints would be too loudly voiced.

Many people who pay taxes and do it most reluctantly, would be at a loss if it were not for our public library. Here they find amusement, gratification, due to the fact that its upkeep is brought along by the aid of taxes.

Then, to these people may find an almost infinite amount of information. This even makes unnecessary the purchasing of newspapers or magazines. The latest in fiction and biography is always available for those who enjoy reading.

This, one of the many public benefits which are provided with the aid of taxes, should provoke few complaints such as are heard frequently.

Also, when we drive, we usually drive on roads which have been constructed through the use of the taxes. The bridges which we cross, the beautiful parks we may visit, and innumerable other things are made possible only through taxes. All adds to our convenience and pleasure.

Last but not least is the Public School.

It is to be feared that few of us students who are obtaining, through the medium of the public school, our education, would otherwise have the chances which we are now enjoying. We are benefiting through the sacrificing of others. We have no right to waste someone's money. We are the investment in which the Andover taxpayers have put their money and faith. We must make good!

Oh yes! We could talk for years about taxes and the benefits provided thru them; but a few of the taxpayers would still object to that heavy burden which benefits them and their community; and if we waste their money by wasting our time and school materials, can we blame them?

Still standing on the outskirts of Brunswick Ga., is the historic oak under which Sidney Lanier sat when he wrote his famous poem, "The Marshes of Glynn."

ANDOVER WHIPS BELMONT 30 TO 15

Belmont, finding Andover's defense too strong to break, found no opportunity to get to the basket as Andover rolled in 13 field goals and four foul shots to defeat them 30 to 15.

Andover's defensive work was far superior for Belmont's team to pierce, and thus Andover held the county seaters to four field goals. Andover's 18 charity shots allowed to Belmont, of which they made seven, kept Belmont in the running.

Andover got away to an early lead, and the result of the game was never in doubt. In the first period Belmont scored on one foul shot and Andover had five. This was as close as the Belmont quintet came to the local boys during the game. In the second period the local five, headed by "Eddie" Kemp, who placed the sphere thru the hoop several times from the midway mark, landed on Belmont for nine points and held the Belmont team to five. That scoring gave Andover a sizeable lead as the half ended 14 to 6.

In the beginning of the third period, Bruce McGill and Ray Briggs tossed the leather where the baskets pay off and from then on it looked like an Andover "walk-away." At the fourth quarter Coach McGee substituted five men, and they too, held the losing five to but five points the game ending 30-15.

In a preliminary contest the younger boys from the home town decisively outplayed the Belmont seconds and defeated them 14 to 5. Again free shots played an important part in Belmont's scoring, as the Andover seconds held Belmont scoreless from the field. "Bill" Degan and Charles Burgett played well for the boys in purple.

Andover's record in the past few weeks has been a credit to the team.

FACULTY FACTS

Almost all of the teachers spent the week-end correcting examination papers and making out five-week averages.

Miss Ruth Baker spent the week-end with Miss Ruby Jordan in Friendship.

Principal and Mrs. Glenn E. Bretsch attended the Belmont-Andover basketball game Friday evening.

GRADE NEWS

Business Begins

The first day of the new term the First Grade started a club. The officers were elected by the usual voting methods. The officers are: President, Jimmy Burgett; vice president, John Gavin; secretary, Joanne Theetge.

The insignia of the club is a small red and white ribbon badge. White stands for cleanliness; red stands for politeness and courtesy.

HOW MUCH DO YOU KNOW?

- 1—What great Scottish poet was born on January 25?
- 2—Who might be called America's "poet laureate"?
- 3—What are five inert gases?
- 4—What is the heaviest metal?
- 5—For what political organization are the rebel forces in the Spanish civil war fighting?
- 6—What political organization do the Loyalist element represent?
- 7—After what great Roman general are two of the months named?
- 8—Who originated the expression "dire necessity"?
- 9—Who administered the oath of office to President Roosevelt on January 20th?
- 10—Why will a solution of common salt in water conduct the electric current when neither dry salt nor pure water will do so alone?

HIGH SCHOOL HONOR ROLLS ANNOUNCED

Honor rolls for the fourth marking period have been announced. In addition to meeting the usual requirements, pupils on the first honor roll were required to have all mid-year test marks at least 85 per cent and those on second honors could have no test mark below 80.

First Honors—Thelma Ahrens, Letha Callaghan, Orville Mesler, Leo Nobles, Carol Walton.

Second Honors—Clyde Briggs, Hilda Clarke, Vivian Connor, Charlotte Coryell, Laurence Dean, Louis Fulkerson, Betty Greene, Doris Honneger, Alan Tuttle, Syble Winchell.

GRADE HONOR ROLLS POSTED

Grade honor rolls for the fourth marking period have been posted in each room. Both the marks for the fourth period and the midyear test marks were used in determining the honors. The following pupils are on the honor rolls:

First Grade
First Honors: James Burgett, Lila Ann Childs, Edna Mae Kruger, Johanne Theetge.

Second Honors: Doris Atwell, Richard Burdick, Bobby Burger, James Dawson, Kathryn Joyce, Beverly McCarty, Robert Smith, Weno-nah Smith, Helen Yannie.

Second Grade
First Honors: Patricia Ludden, Dorothy Mead, Naomi Patrick.

Second Honors: Audrey Baker, Henry Burton.

Third Grade
First Honors: Donald Baker, Virginia Loring, Norma Steadman, Janice Walton, William Dougherty, Victor Clark.

Second Honors: Donald Burger, Donald Northrup, Robert Jackson.

Fourth Grade
First Honors: Clara Hann, Susan McAndrew, Joseph Yannie.

Second Honors: Wilma Goodridge, Veronica Ray, Leona Clark.

Fifth Grade
First Honors: Charles Hall.

Second Honors: Patrick, Betty Pease, Roland Kemp.

Sixth Grade
None.

Seventh Grade
First Honors: Victor Oakes, Jean Rogers.

Second Honors: John Dean, Wanda Dolan, Audrey Glover, Paul Ryan and Marjorie Bergman.

Eighth Grade
First Honors: Betty Jo Ludden, Mary Mesler, Nancy Jane Snyder.

Second Honors: Anna Hardy, Eleanor Northrup.

Ninth Grade
None.

Tenth Grade
None.

Eleventh Grade
None.

Twelfth Grade
None.

NEW COURSES OFFERED

For the second semester, a few new courses have been added to the offerings of Andover High School. Economic geography II will follow Economic geography I; trigonometry will follow intermediate algebra; economic citizenship will follow civics; eighth grade pupils will be given an additional course in English grammar.

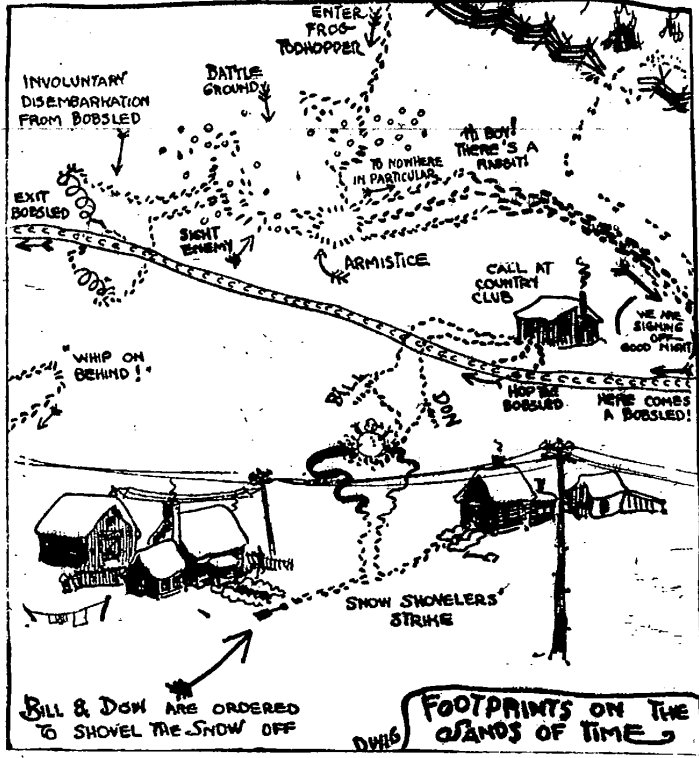

—A-H-S—
GRADE 12 STARTED

Last Monday afternoon was a highlight in the lives of 17 young children who entered school for the first time in the preliminary work of the first grade.

Miss Ellis, who is in charge, said the group was a fine one to work with and wished to express her appreciation to the parents for their help in registering the pupils.

SCHOOL DAYS

By DWIG

GOOD REGENTS RECORD

Once again the students of Andover High School have met the test of examinations made out under the direction of the State Board of Regents, and have scored a decided success.

In academic subjects only four failures were recorded out of a total of 28 papers written, making a record of 86 per cent passing. In preliminary subjects there were 33 papers written and 31 of them, or 94 per cent were given passing marks.

Following are the results of examinations not already published: American History—Beatrice Van der, 65; Marjorie Newell, 73.

English III—Clifford Burdick, 65; Farnham Pope, 78.

Bookkeeping II—Cleon Pease, 65; Business Arithmetic—Geo. Joyce, 88; Marian Swarts, 81.

Typewriting—Clifford Burdick, 89; Edna Fairbanks, 65; Edwin Kemp, 78; Mary Greenan, 88.

Business Law—Jessamine Briggs, 65; Richard Burdick, 79; Liwyn Howland, 82; Donald Joyce, 70; Clyde Kemp, 73; Bruce McGill, 77; Edward Mullen, 79; Lester Regan, 79; William Woodruff, 80.

Intermediate Algebra—Orville Mesler, 95; Jean Millsbaugh, 68; Farnham Pope, 84; John Saunders, 73.

—A-H-S—
SENIOR CLASS HAS NEW RECRUITS

As a result of the passing of Regents examinations during the past week, the following pupils have been promoted from the Junior to the Senior class: Clifford Burdick, Edwin Kemp, Beatrice Kruger, William Woodruff. To have a Senior rating pupils must have passed at least 12 units of work.

The Senior class now numbers 25, and it is interesting to note that of this number, 19 are boys and only six girls.

Other promotions are as follows: George Joyce from the Sophomore to the Junior class and Anna Goodridge from the Freshman to the Sophomore class.

—A-H-S—
HUMOR

Mr. Host: "Give me a sentence using the word 'osmosis!'"
Dick Mc.: "Where 'osmosis' when the lights went out."

Kenny V.: "Gee, Cooper's getting quite talkative."
Ted West: "Yeah, she must have been vaccinated with a phonograph needle."

Billy Dugan: "What's the date, please?"
Mr. McGee: "Never mind the date—the examination is more important."

B. Dugan: "Well, I wanted to have something right on my paper."
Jack Mc.: "I wish I had lived three hundred years ago."

Bud D.: "Why?"
Jack: "I wouldn't have had so much history to learn."

Ray B.: "Might I ask you for this dance?"
C. Cook: "Please do. I've been waiting all the evening to refuse you."

GRADES CLASH!

War in the form of a debate will be carried on between the Juniors and Seniors during assembly periods both this week and next.

The problem for this week is as follows: Resolved, That the Government should own and operate all public utilities.

Those who will maintain that it should be Helen Dean, Carol Burdick and George Joyce, members of the Junior class. Those fighting to maintain that it should not be Bruce McGill, Hilda Clarke and Alan Tuttle.

Altho the Senior class has studied debate one year more than their rivals, the Juniors, they will find the task of defeating them a hard one, for the Juniors have worked very hard to defeat their adversaries.

VACCINATION CLINIC IS SUCCESSFUL

The vaccination clinic which was held in the school building Monday under the direction of the local Board of Health, proved very successful in both numbers and results.

Over 325 pupils in the school received the vaccine treatment and the inspection by Mrs. Carpenter Tuesday morning revealed that in only three instances did the vaccination fail to work.

Several of the teachers including the principal were vaccinated. Both Mr. Bretsch and Dr. Scott expressed satisfaction at the extensive immunity against smallpox that has thus been secured in the school and community.

CHINESE ARE VISITORS IN ANDOVER HIGH SCHOOL

For the past few days the sixth grade have been having a display of Chinese work in connection with their study. The display has been loaned by a friend of Mrs. Harriet Schwartzbach the sixth grade teacher.

The display consists of several carved wooden Chinese figures and implements. The figures are shown grinding rice or millet. One method is similar to our old fashioned hand-power fanning mill. The water buffalo is shown hitched to a plow. Houseboats, river barges and the jinrikisha are also shown with passengers. A merchant is shown making change. The Chinese Premier is near at hand with full illustration, written and pictured.

A rug, similar to those woven by the Chinese, is the center of attraction with its brilliant yellow, orange, green, red and blue offset by black, brown and white.

Tea blossoms and the tea plant are preserved in a sealed can.

A towel with the Chinese words for "good-morning" surprised the examiner, because the "good morning" resembles the game of "hang-man." The symbol for the rising sun which was also on a towel, is similar to a triangle within a circle. One of the Chinese hand embroidered towels shows the exterior of a building.

It is hoped that the Chinese guests enjoyed their visit as much as the sixth grade hosts and hostesses have enjoyed their being there.

GUIDE POST

Friday, Jan. 29.—Assembly, debate between Juniors and Seniors, 9:00; orchestra, 3:30-4:15.

Monday, Feb. 2.—Girls' chorus, 3:30-4:15; boys interclass basketball 3:30; boys basketball practice 4:30.

Tuesday, Feb. 3.—Boys chorus, 3:30-4:15; Library Council meeting, 3:30; girls' interclass basketball, 3:30; boys' basketball practice 7:00.

Wednesday, Feb. 4.—Girls' chorus, 3:30-4:45; boys' interclass basketball 3:30; boys' basketball practice, 4:30.

Thursday, Feb. 5.—Orchestra, 3:30-4:15; Hi Herald staff meeting, 3:35-4:45; boys' basketball practice, 4:15.

DO YOU KNOW THAT

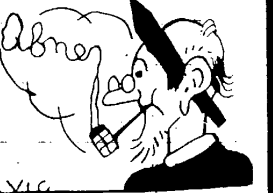

In our school building fresh air enters the top of the room, rather than the bottom, because if the fresh air came in the bottom, our feet would be the only part of our body that would receive the benefit, and by the time it got up to our faces it would be stale air.

Florence Nitgingale was the forerunner of the hospital. 167 min. equal 1 hr. and 67 min. (The above are from A. H. S. examination papers.)

ANSWERS

- 1—Robert Burns.
- 2—Edwin Markham.
- 3—Neon, Krypton, Xenon, Argon, Helium.
- 4—Uranium.
- 5—The Fascists.
- 6—The Communists.
- 7—Julius Caesar (July); Augustus Caesar (August).
- 8—Horace, Roman poet.
- 9—Chief Justice Hughes.
- 10—When dissolved in water, the salt crystals break up into electrically charged particles called "ions" which carry the electric current thru the solution.

UNCLE ABNER

Dear Uncle Abner:
I am the man who sharpens the knives, saws and axes. Things are very dull. I am an old man like you are. It would be very difficult for me to learn a different trade, because I have been doing this kind of work all my life. I have made a good living up until now. I would just as soon do this kind of work if business would only increase. Please advise me as to what you would do if you were in this situation.

Sincerely,
ARCHIE PELAGO

Dear Archie:
If I were you I would just try my nose to the grindstone. Try to keep a keen edge on things, because there will soon be a sharp increase in business. I have no axe to grind, but if you sharpen your wits, you
