Six Are Held in Farm Junk Thefts

Six youths from Danville are being held in connection with a number of thefts from the unoccupied farm of Michael Murphy of West Almond. Deputy Sheriff Young of Canaseraga became suspicious of a truck loaded with apparently junked farm machinery passing thru Canaseraga last week and upon investigation identified it as a part of the missing machinery from the Murphy farm. The youths had made three trips to the farm, tearing down machines and selling them to junk dealers.

Several other instances of similar thefts have been reported thru this section and it behooves anyone having machinery stored at vacant farms or out of the way buildings to check up closely.

Baker's Hardware News

Cel-O-Glass
Now sold under a five year guarantee when correctly installed, and gives you poultry the benefits of ultra-violet rays, which ordinary glass, soiled curtains and so-called glass cloth bar out. On brooder houses, the use of Cel-O-Glass cuts down chick losses, aids healthy growth and produces sturdy stock. On laying houses, it increases egg production; keeps houses warmer and brings the ultra-violet rays inside.

This new improved Cel-O-Glass has a tougher, heavier coating, it will not break like glass or tear like cloth—use it for hot beds—it saves labor, is more economical and will produce earlier and stronger plants. It is an ideal material for storm doors and windows, for cold frame sashes, for porches, for interior skylights and for many uses where durability, light and warmth are needed.

Now is the correct time to get your pens and brooder houses ready for spring shipment of young chickens. The vital ultra-violet rays of the sun, barred out by ordinary window glass, passes freely thru Cel-O-Glass and promotes the building of bone and body tissue, helps prevent leg weakness, and wards off disease. It helps the chicks bleed to manufacture vitamin D, which means faster growth and healthier chicks. It cuts down mortality and helps you to raise health, husky, vigorous

chicks. You will find our prices on Cel-O-Glass as low as may be obtained from any source of supply. We buy to obtain the lowest wholesale prices and pass this saving on to our customers. You will save when you buy at Baker's.

New Pep
When you oil the household machinery with Boye Oil—it is stainless, odorless and will not gum bearings or clog oil holes. It is made for just one purpose, to grease, and it does that 100 per cent well.

No-Drip
When you pack water faucets with the new shuttle action bib washers. Simply drop them against the pressure under the stem, they stay in place without screws, seat perfectly and give long service. Not affected by hot or cold water; your bibs will wear longer and you will stop all annoying drizzles.

Working Men
Like our Monkey Faced Gauntlets—two pairs for 49c.

Thermometers
