of work. I would like to find a job. Please tell me if you know of any positions I could fill.

Sincerely,
CAL CULATE.

Dear Cal:
You should have a lot of pull to be a good dentist. If you would get down to the root of your troubles, you might find the solution to your unemployment problem. Why don't you get up enough nerve to ask for a job? Don't state any false explanations or you'll get drilled. Otherwise, your place of business will be filled, and your profits will come clean.

Sincerely,
UNCLE (Doc) ABNER.

GRADE NEWS

The First Graders have made a postoffice in one of the corners of their room for their Valentines. The Valentines will have one, two and three cent stamps on them, which the pupils have made.

The Eighth Grade have made a booklet of different types of friendly and business letters.

The Sixth Grade studied the poem "A Ban ben Adam." Each pupil wrote this poem out and mounted it on blue paper, to place it over the blackboard.

The Eighth Grade are constructing a "make-believe" movie of "Horatious at the Bridge." This "movie" will prove most interesting when the pupils have completed it. It will no doubt have a special writeup in next week's paper.

They have also made attractive designs of flags for different countries.

BRAIN BUSTER

A man entered a shoe store and purchased a pair of shoes costing \$9.00 and gave the store keeper a twenty dollar bill. The storekeeper, not having change for the bill, went across to the grocer, got the bill changed, and upon entering, gave the purchaser his change which he took, together with the shoes, and departed.

Soon afterward the grocer came over and pointed out that the twenty dollar bill was a counterfeit and asked the shoe dealer to return his twenty dollars, which he did promptly.

Question: How much did the shoe man lose besides the shoes?

Answer to last week's Brain Buster: The prisoner was the visitor's son. The correct answer was first submitted by Vera Nelson of the fifth grade.

LITTLE BITS OF HUMOR

Puzzle
A very small boy was trying to lead a big St. Bernard up the road. "Where are you going to take that dog, my little man," inquired a passerby. "I'm going to see where he wants to go first," was the breathless reply.

Unnatural
"I know an artist who painted a cowbead so real that a maid spent a full hour trying to get it down." "Sorry, old man, but I don't believe it." "Why not? Artists have been known to do such things." "Yes, but maids haven't."

Beating the Gun
He had been roaming around the historic old mansion. Presently he returned, trembling in every limb and white-faced. "I—I've just seen your family ghost," he stammered to the owner of the mansion. "Ha, ha!" laughed the owner. "Gave you a start, what?" The guest glanced nervously over his shoulder. "Believe me," he stammered, "I didn't need no start."

Some Goal
First Castaway: "Do you see anything?"
Second Castaway: "Only the horizon."
First Castaway: "Well, pull for that. It's better than nothing."

Foreign
"This is a sunset my daughter painted. She studied painting abroad you know."
"Ah, that accounts for it. I never saw a sunset like that in this country."

Darings
Mrs. Scallor: "It says here that women have more courage than men."
Mr. Scallor: "Yes, I can't imagine a man with only a quarter in his pocket trying on five or six suits of clothes."

What Do You Know About Health?

By FISHER BROWN and NAT FALK

1. How did MEDICAL SCIENCE MAKE POSSIBLE THE BUILDING OF THE PANAMA CANAL?

2. WHO WAS EDWARD LIVINGSTON TRAUDEAU?

3. WHY SHOULD A COUGH OR SNEEZE ALWAYS BE COVERED?

Answers: 1. By making use of modern methods in tropical sanitation. 2. An American physician who was the first to demonstrate in this country the value of the fresh air treatment of tuberculosis.
