-Albert LeBrun.

7-Because it takes 35,840 cas lies of heat to melt one pound a lat 32 degrees F., without raising the temperative above 32 degrees b 8--The air near the earth is heatied by heat radiated from the earth.

9-No, the "lead" is made -----A-H-S-----Two Jokes About Lincoln Several years before Abraham Lincoln received his nomination it the Presidency he received a letter

of inquiry from the East concerning the financial standing of a gent. man in his town and his reply was Dear Sir: I know Mr. X. and L. standing. There is a table in his ... 'fice that I believe to be worth a dol lar and a half, and there are three chairs worth about a dollar, and there is a rat hole in the corner that will bear looking into. Thas a wife and baby that I think fair valuation of might be fifty

thousand dollars. Yours truly, Lincoln.

Miss O'Connell: "Who was the father of Louis IX. of France?" Bethel Millspaugh: "Louis VIII." Miss O'Connell: "Good. Who was the father of Francis I.?"

Bethel: "Francis zero."

In Physics Class Mr. Host: "What do you call Francis: "An opaque body." Mr. Host: "Good. Now what d

you call a body that water passe
