Baker's Hardware News

Color-Comfort-Economy

Cheerful charm at little cost—and a fine time to slick up wood work and furniture with Utilac—the paint that may be applied and used in your hours time. Try the interesting experiment of refurbishing your house with paint—a can of Utilac and a brush will work wonders and at so little expense.

Utilac your home in the beautiful new colors—Utilac is economical replacement.

Wash Boilers

Government authorities and laundry researchers have found that washing is essential in making clothes hygienically clean. Women who desire for real cleanliness in their own clothes and the clothes of their families realize this fact.

Atlantic Wash Boilers are double paneled to prevent leaking and are constructed as to add strength and wearing qualities and prevent sagging at the same time; the copper bottom gathers and holds heat without the danger of being burned out in the process. Atlantic stands for quality, cleanliness and economy.

Did You?

Ever try blocking Mr. Mouse's entrance by filling the hole with putty mixed with cayenne pepper and a little broken glass? He will not try to storm his way thru this mixture.

Paint

Paint time is going to be here before you know it—and there is no better time to paint than in the spring of the year. Bright, sunny early spring days, when there are few flies and insects, are most favorable for good paint jobs.

If you are considering any paint jobs, we urge you to buy Moore's Paint—it will satisfy you in every way.

For your outdoor jobs, first use a coat of Moore's Primer. This formula seals up all the rough and peeled spots and painters marvel at its covering capacity. A coat of this Primer will put your building in such condition that a second coat of Moore's Paint will stay in good shape and look well for a long time.

For your indoor paint job, we suggest that you use the quick drying Utilac, a Moore's product, or Interior paint. Either product is economical too.

Bring in your paint problems any time—look your buildings over inside and out and we will be very glad to give you price estimates for any job—large or small—without any obligation or cost on your part.

Pancake Days

Is your maple syrup running low? We have a few gallons on hand in case your supply needs replenishing. Price \$1.50.
