an initial open flow of from 25,000,-000 feet per day upwards.

Ready Market for Gas In addition to the cash consideration paid for the several leases, the interests selling are to receive an agreed price for the gas sold over and above the royalties that go to land owners. These wells were originally syndicated at about \$50.000

The Sylvania corporation has a ready market and has contracted to take out an equal amount of gas monthly from each lease.

Other extensive lease owners in the field from which the big sale was reported are the Empire Gas & Fuel Co., Ltd., Wellsville and Hornell; the Cabot Company of Boston; tion of Bradford, and the Allegany Gas Company of Pennsylvania.

Will Lengthen Field Life The sale of the several leases to the Sylvania interests, it is regarded will tend to prolong the life of the town of Alma field over a sale in separate lots to various producers that might be brought into competiion with each other in the drilling of lines for self protection.

Farm owners will be pleased at he prospect of sales from the wells on land they have leased as the wells have been shut in since they were found, some of them nearly a year ago, and no royalties have been

The purchasers were represented in the negotiations by the law firm of Dickson & Dickson, Wellsville and the sellers by Quigley & Vedder of Olean and William R. VanCampen of Belmont. Mr. VanCampen owner in equal shares of a lease in the Alma field with Attorney Floyd E. Whiteman, Hornell, on which a 79,000,000-foot well was found, said to he the largest ever drilled to

Oriskany sand in New York State. When looking at the Milky Way you see light which emanated from hat is the time it takes light to travel the 50,496,000,000,000,000 miles which separates that forms-

tion from the earth.
