ROPER'S

Designed expressly for speedy operation. Cast Iron. Enameled for the sake of appearance. An extracapacity burner which will prove exceptionally useful. Most Ropers are equipped with one Glant

This burner with Simmer is ideal for "waterless" cooking. It offers a choice of many different flames—one so low that the food barely simmers. No violent agitation. Valuable nutritive elements are saved. One "Low Temperature" burner on most Ropers.

The Standard "Multi-Flame" burner, too, is scientifically designed to assure outstanding operation and maximum efficiency. Standard "Multi-Flame" burners are available on all new Ropers. All "Multi-Flame" burners stress operating economy.
