WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning!
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blooms up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks punk. Laxatives are only makeshifts. A new bowel movement doesn't get at the cause. It takes these good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmonious, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 2c.
