EDITORIAL

As the close of school draws near, the students (and probably teachers as well) feel that soon the strain of the year's work will be over and a summer vacation full of good times will be heartily welcomed. Many feel that the cares of schoolwork may be entirely forgotten. Yes, this is true, vacation is the time to relax and enjoy one's self. However, there is one phase which should still remain in our minds—that is the wise use of one's time.

Everyone knows that he must spend his money wisely in order to receive the greatest benefit from it; so it is with vacations. If one neglects to do certain things, he will find his time passing with little accomplishment. During leisure time one must make the most of his opportunities.

By seeing the best movies, reading the best books, selecting the best settings for picnics and enjoying favorite sports, a vacation as well as work may be made very successful.

EDITORIAL

SPACE!

Space, space, space—space is all around. The sky is blue as far as one may glance to glimpse.

One gazes into blank space wondering, drifting, imagining. A tree unfolds itself into the line of vision—a huge maple—firmly erect on its "feet" and birds chirping from among the mats of green leaves—Miraculous; nature's growth. Plant life buds and blooms in the spring and summer months. A. H. S. life contrarily draws closer to its harvest, the finals and—vacation.

Space is a relaxation from the early routine of life. The business man hides from accounts and interviews; the teacher obtains seclusion from piles of papers and reports—the student wishes to leave those homework lessons and those thoughts behind—He gazes—the companion space enfolds.

The world drifts on in space, that space includes all—All? Yes, all that nature created to live.

PLAY DAY AT WELLSVILLE

Saturday, May 29th, eight girls, Mary Teresa Burns, Marion Burgett, Inez Kemp, Beatrice Kruger, Helen Dean, Josephine Butler and Mary Greenan, motored to Wellsville with Mr. McGee and Mr. Kupp to participate in the Allegheny county play day at Wellsville High School.

Games were enjoyed, Mary Teresa Burns coming in first on the broad jump for her team, the Lavender. Refreshments were served but to the girls' dismay Mr. McGee had to go to Buffalo so they couldn't enjoy them.

SENIOR INTERVIEWS

Clyde Howard Kemp

was born in Belmont, New York. He has always attended school in Andover. His favorite recreation is dancing and his favorite subject is citizenship—because it doesn't require much work. He dislikes English most of all. Clyde is undecided what to do when he finishes school, although he said something about joining the State Police force. His favorite movie is "Shall We Dance," which features his favorite actors. We hope Clyde succeeds in his undecided life work and doesn't get tangled up in too many mysteries.

HOW MUCH DO YOU KNOW?

- 1—What U. S. city has been known as "The Athens of America"?
- 2—What's wrong with this sentence: "It is more difficult than what I expected."
- 3—What is the plural of cactus, alumna, alumnus?
- 4—What is the highest point in the U. S., east of the Mississippi river?
- 5—What is the origin of the modern "Kindergarten" education?
- 6—What is the present day meaning of "Pharic victory"?

FOUR TEACHERS HONORED AT FACULTY DINNER

Four members of the Andover faculty were honored at a farewell dinner given Tuesday, June 8th, at the Evergreens in Wellsville. The occasion was to honor Miss Mary Lou Day, Miss Marjorie Ellis, Mrs. Leona Scott and Miss Georgianna DeWitt, all of whom are leaving Andover this year.

Mrs. Louis Joyce was toastmistress. She introduced as the first speaker Principal Glenn E. Bretsch, who bade farewell to its departing members in behalf of the faculty. With a few well chosen remarks he wished them success and happiness in future undertakings.

Miss Beatrice Dickinson then presented a gift from the faculty to Miss Marjorie Ellis, whose marriage to B. Remington Goldsmith of Rochester will take place during the first week in July.

Miss Mary Lou Day has accepted a position as teacher of English and director of dramatics in the Port Byron High School.

A great deal of credit for the success of the dinner should go to the committee in charge of arrangements, Mrs. Delmont VanOxx and Miss Beatrice Dickinson.

Those who attended besides the honor guests were Principal and Mrs. Glenn E. Bretsch, Mr. and Mrs. Delbert Van Oxx, Mr. and Mrs. Louis Joyce, Miss Cecelia O'Connell, Miss Catherine Killigrew, Mrs. Ralph Schwartzbach, Miss Ruby Jordan, Miss Beatrice Dickinson, Miss Esther Knapp, Miss Koneta Perkins, Miss Ruth Baker, William S. McGee and Laurence E. Host.

SENIOR BALL GREAT SUCCESS

The final dance of the school year, the Senior ball, which was held Friday, June 4th, was a success.

In a gay and colorful atmosphere produced by vari-colored balloons suspended from the ceiling and festoons of crepe paper of similar colors on the walls, the Seniors and their guests danced to the rhythmic strains of the increasingly popular and famous Johnny Fitzgerald's orchestra. The gaiety of the evening was intensified after the intermission, when at a given signal, the ceiling of balloons came floating down, forming a delightful picture of color in motion. Confetti and serpentine were thrown from the balcony, adding both to the color and gaiety of the scene. Thus ended with merriment and laughter the final dance of the Class of 1937 of Andover High School.

The chaperones were Mr. and Mrs. Glenn E. Bretsch and Mr. and Mrs. Louis Joyce. Among the participants and spectators who enjoyed the dance were Mr. and Mrs. R. O. Snyder, Mr. and Mrs. C. R. McGill, Mr. and Mrs. Earl Dawson, Mr. and Mrs. George Carpenter, Mr. and Mrs. Robert Dean, Mr. and Mrs. Richard Harder, Mrs. O. W. Robison, Mrs. Guy S. Wood, Mr. and Mrs. Frank Mead, Miss Mamie Doran, Mr. and Mrs. Clifford Howland.

FACULTY FACTS

Mary Lou Day visited her mother at Little Genesee and her brother and his guest from Chicago with whom she motored to Cuba Lake, Sunday.

Gordon Parker, science instructor of Lyons High School, was a weekend guest of Vice Principal Laurence E. Host.

The following faculty members were present at the Senior ball: Miss Marjorie Ellis, Miss Beatrice Dickinson, Mrs. Ralph Schwartzbach, Mrs. Louis Joyce, Miss Mary Lou Day, Laurence E. Host, Miss Catherine Killigrew, Mrs. Delmont VanOxx and Prin. Glenn E. Bretsch.

The members of the entire faculty enjoyed dinner at The Evergreens in Wellsville, Tuesday night.

B. Remington Goldsmith, Harry Goldsmith and Jean Lonne were guests of Miss Marjorie Ellis for the Senior ball.

James Kelley, brother of Mrs. Margaret Joyce, received his Masters Degree in science from St. Bonaventure, June 8th.

Mr. and Mrs. Glenn E. Bretsch, Mr. Laurence Host and Mr. William McGee attended the baseball game between Bolivar and Andover held at Wellsville, Monday afternoon.

FINAL EXAMINATION SCHEDULE ANNOUNCED

Final examinations will be held next week, according to the following schedule. Regents examinations are marked "R":

Monday
A. M.—History B, R; History C, R; Geography, R; English I.
P. M.—Latin II, R; French II, R; El. History, R; Repr. I.; Ec. Geo. II.; Soc. Science; Typing (6) R.

Tuesday
A. M.—English IV, R; Pl. Geometry R; Bus. Arith. R; El. English R; Int. Bus.; French I.
P. M.—Physics R; Chemistry R; Spelling R; Sil. Reading R; Short-hand I.

Wednesday
A. M.—Int. Alg. R; Book II, R.; El. Arith. R; Typing (7) R; Algebra; Book I.
P. M.—French III, R; English II.

Thursday
A. M.—Trigonometry R; History A, R; Bus. Law R; Gen. Science.
P. M.—English III, R.

ACROSS THE PRINCIPAL'S DESK

With the approach of the end of the school year, attention of pupils, teachers and parents are naturally turned to the passing of final examinations. Without wishing to minimize the value of "passing," I would like to point out certain activities that contribute nothing towards "marks" but much to education and to give a word of praise to those pupils who have participated in them, often with no other recognition.

First of all, I will mention the working staff of the Hi Herald. With their editor-in-chief and faculty advisor this ambitious group of young people have made a real contribution to their own education and to the community. Then there is the Library Council, a group of girls who have voluntarily given their services to make it possible for the high school library to give greater service to the school. I would like to mention all the pupils who have acted on committees for school or class functions; also those pupils who thru qualities of good leadership have helped to maintain high standards for Andover High School. And last but not least those who have participated in athletics and who have carried the banner of good sportsmanship for their school. To all of these I bring the thanks and appreciation of their principal, and if I might leave a suggestion for each pupil to follow next year it is this—pass your subjects, but do something else worthwhile.

CHARLES BURGETT PRESENTED AWARD

Wednesday noon in Junior home room, Mr. Bretsch presented Charles Burgett with \$1.50, won in the Memorial Day poster contest sponsored by the American Legion and Auxiliary. Charles was the only contestant but Mr. Bretsch stated that the poster had quality of a first place and would have taken a prize among several contestants.

SHORTHAND CLASS HAS PICNIC

The shorthand I. class traveled to Stearns Gulley Friday, June 4th for their picnic supper. As there are only eleven members of the class, everyone had plenty to eat and a good time was had by all.

Mrs. Van Oxx accompanied the girls. Photography proved to be an interesting pastime.

"FROSHIES" ENJOY WEINER ROAST

The Freshman Class held a weiner roast at 5 p. m., Thursday, June 3rd at Indian Creek. Nearly all the members of the class were present and reported a "big" time.

The following committees were responsible for the weiner roast: Bernadine Briggs, Betty Greene, Margaret Joyce, Pearl Goodridge, Louis Dodge, finances.

ANSWERS

- 1—Annapolis, Md.
- 2—Omit "What."
- 3—Cacti, alumnae, alumni.
- 4—Mount Mitchell, Yancy county, North Carolina—5,684.
- 5—Friedrich Froebel established the first kindergarten in Germany in 1837.
- 6—It means a victory "not worth the cost." General Pyrrhus of ancient history won a decisive battle but lost so many elephants that he termed it "not worth the cost."

ANDOVER DEFEATS BELMONT TO TIE FOR FIRST PLACE

Don Joyce pitched five-hit baseball while his team played errorless ball to result in Andover's easy 6-2 victory over Belmont. Andover took the lead in the first inning and was never headed.

In the second inning Andover took the lead on three successive singles and a walk accounting for two runs. This rally was matched in the fourth on a walk and two singles. An error and three hits accounted for two runs in the sixth, to bring the Andover total to six runs. Belmont scored in the fourth inning with two sharp singles and a stolen base, to account for one run. Again in the sixth inning George doubled for Belmont, and following with a single scored the second and last run.

By the victory over Belmont, the Andover High School baseball team forged into a dead-lock with Bolivar for first place in the league.

ANDOVER LOSES CHAMPIONSHIP TO BOLIVAR, 10-9

Andover lost the last and fatal game of the season to Bolivar on Tuller Field, Wellsville, Monday afternoon by the count of 10-9. Both teams were tied for lead at the start of the game and the win for Bolivar gives them undisputed lead of the league for the season.

Bolivar took the lead in the first inning when Dunning singled; Green walked and Sexton hit a towering triple in deep center. Then three successive walks accounted for one run and Bolivar led the first inning by a two run margin. Bolivar continued their attack thruout the first few innings, to hold a six run lead at the end of the third.

Andover staged a rally in the third and again in the fifth inning to account for six runs. Andover rallied in the last innings but failed to go ahead and Bolivar won 10-9.

LIBRARY NEWS

Brains Can Rust

Students! Vacation days will soon be here, and we can lay our books of deep thoughts away. However, brains get rusty if left in solitude. The A. H. S. library exhibit shelves give a good prescription for warding off such a brain disease.

For lighter but worthwhile reading in the field of travel "A Boy Scout With Byrd" by Paul Siple tells of experiences in the Arctic region; "Camping and Tramping With Roosevelt," by John Burroughs is a story of Western life. Edward Bak's "A Dutch Boy Fifty Years After," tells of his transition from a Dutch boy to an American citizen, and "Messenger Marco Polo," by Donn Byrne tells of experiences in China.

"The Historic Mohawk," by Mary Diefendorf, can be compared with the popular book, "Drums Along the Mohawk." "Thru Glacier Park," by Mary Roberts Rhinehart is also found in this group.

In the amusing fiction section we find "Jeremy," a story of an English Penrod, told by Hugh Walpole. "Little Orvie," by Booth Tarkington, is another of this famous author's amusing stories of mischievous boys. "A Lantern in Her Hand" by Aldrich and "Caddie Woodlawn" by Carol Brink are tales of the West. Louise Miln's "Shangtung Garden," reveals life in China, and "Johna" tells the story of a Canadian family. "The Keeper of the Bees" by Gene S. Porter, also in this group of lighter fiction.

Some exciting and adventurous tales are Mark Twain's "Life on the Mississippi"; "Count Luckner," "The Sea Devil," by Lowell Thomas; "The Autobiography of Knute Rockne," and "Kit Carson," by Stanley Vestal.

"The Idiot at Home," by John Bangs and "Adventures in Contentment" by David Grayson are two more books that are appropriate for the leisure summer hours of the high school student.

Pupils! Please do not let your brains rust away this summer—go in for a worthwhile use of leisure time.

CATCH ON?

That was the question that was asked by many of the Hi Herald and Library Council picnickers who attended the yearly picnic last Friday night at Elm Valley.

Why did they ask it? Well, after tasting of the delicious appetizers that were set before them, the merry makers began to enjoy some very interesting games, presented by the "thinking people." These various games had among them one delightful one called "Are You in Kahoots?" which called for two participants, one person who was blindfolded and another who asked him or her questions and pointed to different ones in the observing group. If a person comprehended the game he could easily guess the person to whom the pointer would point next.

After discovering "The name of my Grandmother," the pupils left the scene of the picnic to go home and dream of those "always present friends"—the mosquitoes!

FIRE DRILL HELD

Tuesday afternoon at 2:05 p. m., the ominous warning of the fire alarm sent pupils and teachers to a rapid but orderly exit from the building. The building was completely emptied in one minute and ten seconds. The sounding of the outside gongs a few minutes later assured everyone that the alarm was sounded merely for a fire drill.

PICNIC ENJOYED

Monday evening at Mrs. Wood's cottage near Elm Valley, Josephine Baker, Marian Swarts, Doris Honegger, Katherine Barber, Catherine Lynch, Charlotte Coryell, Ida Clair, Veronica Lynch, Syble Winchell, Edna Honegger, Ida Mae Howland and George Joyce enjoyed a picnic with their chaperones, Mrs. Charles Lynch, Miss Day and Miss Killigrew. Llyn Howland and Mrs. Charles Lynch kindly donated their cars as means of transportation.

The picnic, under the supervision of Miss Day, who appointed committees, was given in appreciation for the work which students have contributed to the Hi Herald and Library Council.

AB, times at bat—R, runs scored—H, hits—C, chances fielded—E errors.

FUTURE HEADLINERS

There will be future headlines when—

Balloon breaking is not a popular way of having fun during study hall hours.

A. H. S. students don't have to worry over Regents and examinations.

Roller-skating at Fisher's loses its popularity.

A. H. S. students fail to cheer when the signal is given to raise the windows.

Richard McAndrew and Richard Clear fail to converse in fifth period study hall.

Jean Northrup grows tall. Billy Dugan is a living skeleton at the circus.

Ardean Mattison is the world's strongest man. Charlotte Coryell and Edward Mullen are the world's shortest people.

Vivian Conners is the world's most famous tap dancer. Betty Greene and Bernadine Briggs are sailors.

Charlotte Cook and Loretta Young exchange places. Henry Antan has a contract to star in Lon Chaney's place.

Carol Burdick is the world's most famous auto racer. Carl Will is the world's fastest sprinter.

Donald Dean becomes a second Joe Penner. Thelma Ahrens becomes ambassador to France because of her knowledge of the French language.

A. H. S. girls dye their hair to match their outfits as did the Dutchess of Windsor.

Donald Hardy goes across the U. S. on his bicycle. Sophie Kahut is not annoyed by a Junior boy (Donald Hardy).
