"Sportsman Flies Hay

By LAWRENCE A. KEATING

A fast moving detective mystery novel of high-flying crooks and a hard-fighting detective who has what it takes to bag his game. Money-madness, murder, a beautiful girl and two-fisted he-men . . . these are the ingredients Lawrence Keating mixes in a masterful plot to concoct the thrilling story "Sportsman Flies High."

This is no novel for sissies or timid souls who get jumpy in the dark . . . BUT, if you like a real-blooded, rip-roaring detective story packed with action and thrills from the first paragraph, then here's your meat ... "SPORTSMAN FLIES HIGH," by Lawrence A. Keating, beginning in the Andover News next week.
