

* SPORTSMAN FLIES HIGH

By Lawrence A. Keating

FOURTH INSTALLMENT

SYNOPSIS: Detective Dan Colwell of the Graber-Vael private de-tective agency is assigned the job of shadowing lawyer Arthur McDonald, whose wife fears gangster enemies are plotting to murder him. McDonald is murdered in spite of Colwell's watchfulness. Dan is hot on their trail and suspects a sinister

Dan hung up and stepped out of ne booth. He fished a cigarette the booth. He fished a cigarette from his pack and lighted it. The thing grew more complicated. But thinking back he could detect no error on his part. He had that package and that was okay! Col-

west faught. It was working an analism name of Pates. The period to Coheell. Letty west his similarity with the similarity wit

Lefty was known here, then Been giving the gir! a play, Dan happened to know. The clerk his mess, plenty. looked in surprise at the five-spot Colwell passed him. "Say, did you ver visit people and wish you had some small change, and a rot slip of paper in his vest with his just thirty minutes from now. I'll do the talking; the point is, you're a friend who knew I'd be there, and you insist on seeing me. It's urgent."

He strove for a Don Juan grin. "You know how it is when a man dean't break away from a women in the strong a women in the seed of the strong a women in the strong a women in the seed of the seed o

is when a man ean't break away from a women Chuckling, he poked a square fist into the clerk's chest.

His chuckle was infectious. The coung fellow's black pompadour witched forward as he grinned. He folded the five-spot and tucked it safely away. "I'll do that, mister. Who should I ask for?"

dick hadn't even an idea he was carryin' dynamite around! Why," he cackled, "he might've give it to Graber!

Otto's out of "You're crazy. "You're crazy. Otto's out of town. He's in Ewing, Pennsylvania, or anyhow, on the way. He's off hunting!"

Lefty shot him a pitying look. He town.

re. Who should I ask for?"

"Colwell." He spelled it out.
"Thirty minutes from now—and not twenty-five minutes or thirty-five minutes. Thirty!"

HOW, WHAT AND WHY?

Special to the Andover News

The Andover News has arranged vator. But his humor vanished as it carried him upward. The trouble was, he scarcely knew what to expect.

When the door on seven rolled back he went down the carpeted hall, noting the padding exposed in places. It was a cheap, bashy hotel who did the first!"

When no cared much what went to expect the padding exposed in who did the first!"

Dan.

Colwell, watching altertly the blue automatic, set his jaw. "Why not ask me who used Soup Catterbys" own kinfe on him in that alley? I half, noting the padding exposed in who did the second job, knowing who did the first!"

The halt to rising meat prices was only brief. Live cattle prices made a record high last week. Forequarter on one cared much what went Quillen's jagged, tobacco-yellowed action.

ose wife fears gangster energe plotting to murder himslall, noting the padding exposed in places. It was a cheap, bashy hotely whore no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went or trail and suspects a sinister where no one cared much what went of it will you, who did the first!"

Quillen's jagged, tohacco-yellowed teeth gleamed wet. "Yeah," he muttered, nodding. "We got to kill you, red, we'll do it too." He glanced at the paper in his hands the places. It was a cheap, bashy hotel whore no one cared much what went or provided it did not bring the places. It was a cheap, bashy hotel who did the first!"

Quillen's jagged, tohacco-yellowed teeth gleamed wet. "Yeah," he muttered, nodding. "We got to kill you, red, we'll do it too." He glanced at the paper in his hands the places. It was a stained plaater glantered and him. Showed off her slender, supple figure to best advantage. Her eyes had the look of recent weeping, although not enough to impress him. Colwell stephen who did the first!"

Outlet hered, nodding. "We got to kill you, red, we'll do it too." He glanced at the paper in his hands the chimney had the chimney had the clow." The place was a stained plaater glantered, and hast the paper place and plaster where no one cared much what went who did the first!"

Outlet's paged, tohacco-yellowed teeth gleamed wet. "Yeah, we'll do it too." He places. It was a stained plaater glantered, not when the places. It where no one cared much what went who did the look. Or will you, red, we'll do it too." He pla

Food Market Advice

ATING outdoors is something that many families enjoy even wher they don't like picnics because out The Andover News has arranged with the Office of Information of the New York State Colleges of Agriculture and Home Economics to answer questions about problems to learn werd questions about problems of learn and home. If you enclose

ter cuts of lamb, veal and beer are still the best meat values. Poultry prices are less attractive than they have been as the surplus supply is the early ripening sections will be still the best meat values. Poultry prices are less attractive than they

Fish prices in general are reasonable but so far the mackerel season has been disappointing. There has has been disappointing. There has been little change in egg prices but quality must be guarded by refrig-erators for good eggs quickly deter-iorate in warm weather. Both cot-tage and American cheese go well with summer type meals. The qual-ity of the latter is exceptionally good at this time. good at this time.

"Steaming has been found to be the better way to preserve food value in vegetables, rather than cooking

in vegetables, rather than cooking in water, in experiments reported.
"Steaming, however, is not considered advisable for all vegetables. The so-called strong-juice vegetables, such as onions, cabbage, cauliflower, turnips, and brussels sprouts, may be too strong if cooked in a covered container. They have volatile flavors which, if allowed the secane make a more relatable. to escape, make a more palatable vegetable of better color. Green vegetables, if cooked in tightly vegetable of better color. Green vegetables, if cooked in tightly closed containers, are apt to lose heir attractive color.

their attractive color.

"Any utensil made of a material which is a good distributor of heat can be used successfully in waterfit tightly and should not be removed during the cooking, and a low tempduring the cooking, and a low temperature must be used to prevent one of the burning. In this way, steam is developed by slowly heating the water in the food itself.

| Acres_ot land; the state owns 3,000. | 000 acres cities and incorporated values of the cooking and incorporated values of the cooking and incorporated values of the cooking acres. | 1 acres_ot land; the state owns 3,000. | 1 acres_ot lan

Vegetables Plentiful, Cheap Vegetables are plentiful and their prices are such as to attract the lean pocketbook. The exceptions to

Western peas. Even lima beans are very reasonable.
Tomatoes are now plentiful, of excellent quality and cheap. Cucumbers, celery, lettuce and other salad greens and green peppers make the salad plate and bowl interesting and inexpensive.

Fruits More Reasonable

have been as the surplus supply is gradually disappearing. Prepared meats are moderate in price, and generally speaking, one-half pound of cold cuts will serve a family when at least a pound of other meats or lish would be required.

Fish would be required.

Fish prices in general are reason. Plums continue to be plentiful and cheap. Early apples are now gener-ally distributed. Huckleberries or blueberries are a good value. Here is a menu made up of sea-sonable and reasonable food items:

Cream of Pea Soup
Veal Stuffed Tomatoes
Corn-on-the-Cob Jellied Veal

Bread and Butter Plum Cobbler Coffee

serves all the parts. Is this true?"

Professor Faith Fenton of the College of Home Economics replies: "Steaming has been found to be the college of the col dissolved food substances. dissolved food substances. Appre-ciable amounts of vitamin C and of calcium, phosphorus and iron may be lost to the cooking water. Steaming vegetables results in less loss of these soluble food elements."

Making White-wash

A. H. M. writes: "Please advise ne how to make white-wash for outdoor use that will stay on."

Professor B. B. Robb of the agriculture engineering department re-olies: "I have sent you a copy of plies: bulletin 304-C. "White-wash Cold Water Paints," published the National Lime A ocia." Washington, D. C. This information you want."
