WAFTINGS

from

"Wandering Willie"

WE PRINT the following section in regard to the much-discussed and much-argued parking law pertaining for itself:

of the annual conference, which Rev. Cory is attending in Rochester.

Miss Margaret McGraw of Cuba received word last week that she had been awarded a university state scholarship and has entered Houghton College.

Cuba is planning to organize a Boy Scout troop. Difficulty in getting leadership necessitated a former Cuba troop to surrender their charter some time ago.

The two handsomely engraved cups displayed at the 4-H exhibit at the Angelica fair have been awarded for outstanding poultry work, one to the Cuba 4-H club and the other to the Friendship 4-H Club.

The badly mutilated body of a man, later identified by fingerprints as Frank H. Hines of Schenectady, was found on the cut-off near Belfast last Thursday. The remains with a science of the cups of 72 cents for the first men had a continuent of the cup of the cup of the cups of any crossing or insuch position as to prevent another vehicle always found on the cut-off near Belfast last Thursday. The remains of the cup of the afternoon, where Ernest Witter's new Ford truck was on fire. The blaze was quickly extinguished by the use of the booster tank. "Mitney" had evidently backed into the fire on the dump which caught fire to his truck as he was unloading.

The new electric rate for Wellsville, effective October 15th, as released by the Public Service Commission in net amounts is a minimum charge of 72 cents for the first.

Dur explanation of the foregoing section is that unless in case of an emergency, under direction of a peace officer, no car shall be left standing within an intersection.

Also, that unless the vehicle is in charge of some person capable of driving it, it cannot be parked within ten feet of any crossing or intersection.

section.

That under no circumstances can a car be parked within ten feet of

any hydrant. Also you are not allowed at any Also you are not anower as any time to park near the curb so as to prevent another vehicle alree ly stop-ped near the such from moving

That that nection of the applicable to a cafety zone in not applicable to our village

Let's hope that this will put an end to the whole thing, and that any motorist parking next to a plug in the future should expect to pay the connected with the offense.

It would be a good plan, however, to have these plugs, especially on Main street circled as in other villages and cities and then we would look like a "big place" to outside motorists.
