Study the Propositions and Amendments

IN THE coming election, November 2, there are several very important matters up for consideration besides the election of judges and justices, and the local county and town officials. There are delegates "DATRIOTISM, like charity," observes a friend of the reople of New York State.

In the usual ferver of a political campaign, esinterest in the success of one's personal friends is so thirty million people spread over an area almost when one goes to the machine to vote he just forgets is little more than an idle gesture. to register his opinions on these matters.
