Another point that cannot be over emphasized is that the student body should show courtesy to the visiting team at all times. ### LE PETIT JOURNAL

The French II. and III Classes of Andover High are subscribing to a bi-monthly French newspaper "Le Petit Journal," one of the most interesting items in the October 1 is-sue being an account of the "Maison Internationale," an International Internationale," an International House completed by John D. Rocke-feller, Jr., for students of foreign nations studying at Le Sorbonne, fa-mous French university at Paris.

A translation of a part of the ar icle follows:
"Now, it is thanks to a great Am erican philanthropist, Mr. John D. Rockefeller, that the work is completed. In the center of the "city" such an accident sho formed by all the "homes" of the nationa stands the International House, a true palace, built at the cost of \$5,000,000, constructed in the product of the product of the cost of \$5,000,000, constructed in the product of nouse, a true palace, built at the cost of \$5,000,000, constructed in the delightful French style of the will be no danger of slipping. palace at Fontainbleau . . . . it contains bowling allies, billiard rooms, a fully equipped gym, a fencing room, and a swimming pool . . . to sum it up, the International House its a palace that ten articles such as this one would not suffice to aptly describe. But what matters the description! It is sufficient to say that the International House is a monuthe International House is a monument to an ideal, the ideal of friend-ship, of understanding among the young intellectuals of all nations The young people, attending Parisian universities congregated from all nations of the world, thru this close contact with each other will learn to know and respect one another and consequently will know and respect the nations each one represents.
