Our Homemakers

Girls in Homemaking
Prepare Breakfasts

The Homemaking classes are working in three groups this week for the preparation of breakfasts. A cooked cereal and eggs are the emphasized foods. In classroom work the food value of cereals and eggs have been studied.

Group I. In the classes are:
1-2 Period Class
Mary Greenan
Josephine Butler
Thelma Callaghan
Katherine Barber

3-4 Period Class
Laura Backus
Jessie Burger
Marion Burgett
Letha Callaghan

Group II.—
Coroetha Mead
Margaret Joyce
Bethel Millsbaugh
Dorothy Sweet

Group III.—
Fotiny Karcanes
Fern Holroyd
Olive Earley

Each group serves the food it has prepared in order to obtain experience in table service for a group of three and four persons. The food is also eaten by the group which prepares it.

EIGHTH GRADER DESCRIBES
A DAY IN SCHOOL

A Typical School Day

We are usually all in our seats when the buzzer rings. This is the sign that our school has begun. Now I'm going to continue with a description of a typical day in school. Then, first thing is our 45 minute period. This period is always nice and quiet for study.

Then the bell rang, indicating that the time had come for math. First of all the ones who did not have their math done were considered; of course my hand went up. Raymond's hand went up last but not least.

The bell rang again to give us warning. History was now in session. I was very busy in my seat. My hand went up. Mrs. Joyce has a special way of teaching history.

We went home then, for it was noon. This was probably a very happy moment for Mrs. Joyce, because she had put up with us all the morning.

The afternoon came. First we had English, which was a dreadful class for me because my homework was not done. I suffered with fear and a guilty conscience. Then came spelling. That wasn't so bad. I like silent reading, too. General science is always interesting. We have that in the afternoons, too. Then—oh! at last! the bell for dismissal. Another day is gone. John Dean

Humor

Charles Spicer: "I am growing a mustache."
Ed. Ormsby: "What color will it be?"
Charles: "Gray, by the time it is grown."

Mr. McGee: "Did you make these biscuits all by yourself?"
Mrs. McGee: "Why, yes, of course."
Mr. McGee: "Who helped you lift them out of the oven?"
Mr. Host: "If I subtract 26 from 94, what's the difference?"
Dizzy: "That's what I say!"

Margaret Jackson (a first grader) walking with her mother, spoke to a small boy.
"His name is John, and he's in my grade," she explained.
"What's the little boy's last name?" asked her mother.
"His whole name," said Margaret, "is 'John Sitdown', that's what Miss Butler calls him."

The basketball squad is very anxious to see "Diz" in his new basketball suit. Hope it fits well, "Diz."

Mr. McGee: "Where's your homework, Gerald?"
Gerald: "I couldn't do it; I was sick."
Mr. McGee: "Sick from losing a game of pool, Gerald?"

One explanation for the term "pin money" was the old custom in England of selling pins only on January 1 and 2, an event for which the ladies saved their money.

WHAT USE STUDY HALLS?

It appears that some of the A. H. S. students do not know why a study hall is provided in the school building.

The study hall is not a place to entertain, to have social chats or to enjoy the outside scenery.

It is, however, a place as the name implies, to study and prepare assignments for classes. Speaking permissions should be used only when pertaining to school activities.

If you are studying you won't have time to watch your neighbor. If an assignment is short and you find yourself without any special work to do, there are magazines and periodicals in the library which are entertaining and informative.

Start today and take full advantage of the time spent in the study hall.

AS WE OBSERVE ARMISTICE DAY

Peace declared. War is over. This can headlines in many languages throughout the world on Nov. 11, 1918. Germany surrendered to America's victorious army.

Did America really win the war? Did any nation? I think not. For nations had been fighting since every nation had its own hand in the world. They were all fighting for their own interests.

There is a fight for this country. For that they are not certain even now. Democracy? Liberty? Power? Again perhaps.

As we observe Armistice Day, let us how our heads for a moment in a silent tribute to the boys in the trenches. Do not be selfish. Remember that on both sides of "No Man's Land" were human beings.

DRAMATIC CLUB DRAWS UP CONSTITUTION

On Wednesday, Nov. 3rd, the regular meeting of the Dramatic Club took place in the study hall. The club was presented a constitution, which was drawn up by the constitution committee. Final plans for the production of the play "Grandma Pulls a String," were completed and committees chosen. Election of officers will take place some time this week. A permanent publicity chairman will be elected at the same time.

A reading, "The Decline of the Drama," by Stephen Leacock was given by Miss Josephine Cappuccilli.

Know Your Team

(Continued From Last Week)

"Don" Hardy was a member of last year's team. He played in a number of last year's games as guard. Altho "Don" is the shortest member of the first team, his ability to play guard offsets the possible handicap. Because of this asset he is a probable first stringer. "Don" is a Senior.

"Charlie" Burgett was a member of last year's team, also and played in all the second team games and a few of the first team ones at the guard position. He is a member of the Senior Class.

Clyde Briggs, a Junior, was on last year's squad, playing the position of guard. Clyde saw service in most of the games last year, piling up quite a bit of experience which helps to make him a contender for first team. (Continued Next Week)

Library News

The Library Council had a meeting Tuesday for the purpose of discussing future plans for bulletin boards.

Plans were made for an Armistice Day display and for Book Week.

This week the topic was "Election Day." A ballot sheet for our own village was prepared, with an article on Mayor LaGuardia and Dewey.

Grade News

The second grade is learning a lot about plant and animal life thru their terrariums. The larger one contains moss, stones and small ground pines. The small one contains colored stones, moss and a gold fish. There used to be a toad and a small turtle.

The sixth grade has chosen new leaders for their spelling contest. Anne McDonough is captain of the "Navy" and Kenneth Cook leads the "Army."

Contests seem to be in full swing these days—Elaine Pope is leading the "Lincolns" in an arithmetic contest taking place in the seventh grade, and Marilyn Hardy is captaining the "Washingtons." The winning side will be treated by the losers.

Grade four is starting projects on the early lake dwellers. Fuller details on these will be given next week.

CAST CHOSEN FOR FIRST DRAMATIC CLUB PRODUCTION

The cast for the first Dramatic Club production "Grandma Pulls a String," was selected after try outs last Wednesday by the director, Miss Josephine Cappuccilli.

Doris Honneger is in the leading role. The rest of the cast is as follows: Katherine Barber, Charlotte Cook, Anna Hardy, Thelma Ahrens and George Joyce.

ANDOVER BOWLERS DIVIDE POINTS WITH BELMONT TEAM

The Andover bowling team split their points Monday night, Nov. 1st, with the Belmont team. The local team was almost completely out of form in the first game and lost that by 115 pins. They came back, however, in the next two games taking each game, but they could not entirely overcome the handicap due to the first game and lost the match point by only 5 pins.
