GLO-MEX Big 4 Silver Cream

Silver Polish is one product about which women are unusually particular. This is partly due to the fact that silver scratches so easily and partly due to the fact that silver cleaning without a very fine polish is exceedingly slow work.
 Silver Cream must be made exclusively to clean silver. "All purpose cleaners" made to clean paint, enamel, etc., and silver, are never good silver polishes. This is true because the abrasive that cleans silver quickly, without scratching, does not work well on anything else.
 Dealers have found that Glo-Mex Big 4 Silver Cream satisfies, without fail. It is made of the finest and most efficient ingredients exclusively for the purpose of silver cleaning. Try it and be convinced of its superior quality. Price 25c.

Regular meeting of Edward Seaman, W. R. C., Saturday night.
 Mrs. Frank Davis entertained the Zipper Pinochle Club, Tuesday evening.

George Simons, 32, of Belvidere, was seriously injured recently while unloading a load of logs near Canisteo. He was unhooking a binder chain when in some manner the load toppled over on him, pinning him to the ground. He was taken to the Bethesda hospital suffering a compound fracture of the pelvis bone, a broken hip and several ribs torn loose from his back.

Mrs. Mary Driscoll is chairman for the card party to be held at the Blessed Sacrament hall Monday evening, Nov. 22nd. She will be assisted by Mrs. John Dolan, Mrs. Edward Kilbane, Mrs. Edward Walsh, Mrs. Orla Baker, Mrs. Paul McCormick, Mrs. Edward McAndrew, Mrs. Violet Blair, Mrs. Catherine Joyce, Mrs. Mary O'Boyle, Mrs. John W. Cannon, Mrs. Bartley Joyce, Mrs. George McAndrew, Mrs. James M. Dean, Mrs. P. W. Richardson, Mrs. Howard Dean, Mrs. Lawrence Padden, Mrs. C. R. McGill, Mrs. John F. Baker, Mrs. Leo Joyce, Miss Mary Guinn, Miss Alice Fisher, James McDonough, Earl Dawson, John Burns, Joseph Joyce and Louis Snyder, Jr.

PUMPKIN TIME

And Thanksgiving reminds us that nothing looks or tastes better than a good pumpkin pie.
 In order to produce the best results, one must have good equipment—and we have it for you. Kettles, Collanders, Sieves, Basins, Bowls and good deep Tins in enamel or tin for baking.
 If any of these are lacking in your equipment, we can supply you needs at moderate prices!

SMOKE SALT

The season for killing the pigs has again arrived and that calls for salt to cure the meat.
 For several years we have been selling Morton's Smoke Salt and from all reports it is a wonderful product. It is a balanced sugar-cure and refined condensed wood smoke.
 All in one operation you salt, sugar cure and smoke the hams and bacon. Put up in two and ten pound cans at 25c and \$1.00.

PYREX Brand FLAMEWARE SET

Two Glass Sauce Pans and a 7-inch Glass Frying Pan with a detachable chrome handle for only \$2.65. Cook in these bright utensils—detach the handle and put them right on the table. This is the same set that you see advertised in all the popular home magazines, at this special low price.

Angelica Electric Rates Reduced

The village of Angelica has filed revised electric rates with the Public Service Commission which are estimated to save consumers of the municipal electric plant about \$1,870 annually.

The new rate for general lighting and power use is 90 cents per month for the first eleven kilowatt hours or less, six cents per kilowatt hour for the balance up to 40 kilowatt hours, four cents per kilowatt hour for the next 60 kilowatt hours and three cents per kilowatt hour for use in excess of 100 kilowatt hours per month. The minimum charge is 90 cents per month for lighting service and 50 cents per horsepower for power service, but not less than \$1.00 per month. The village proposes to eliminate the present separate meter power rate and permit power service to be included with the lighting service under the revised general rate.

WASTINGS

from "Wandering Willie"

"HAVE you got any mountains that you want to have clumb, Gussie?" That's the way the fire boys look at it anyway, after going up the hill to put out the fire on the Gus Lynch farm last Friday night. After the excitement was all over and the boys came back to the Lynch home, all wet and cold, Gus had a good warm fire to greet them, and light refreshments. Then when the boys were ready to take the apparatus and start for town, Gus again came forward and gave them the necessary cash to get sandwiches and coffee—when they got to the village. So, one and all, the fellows give our pal, Gus, a rising vote of thanks for the treat and are waiting for another call in that direction whenever Gussie decides to have another fire.

AND while we're on the subject of the fire company, several people were of the opinion that it would have been a good idea to call the company out and help our fellow townsman, Henry Baker, catch several little pigs that were having the time of their lives keeping two jumps ahead of Henry and a few other people down on First and Maple streets Monday afternoon. Active little cusses, eh, Henry?

A TIP to our local bicyclists—there has been some complaint on the part of residents that a few of the younger generation still have no lights or reflectors on their bicycles. This is now a state law, you know, and if anybody gets hurt it is just too bad. So watch out for the local authorities.

THE Buffalo Evening News, in its "Life Round About Us," accuses this column of knowing more about the way the traffic of Buffalo is controlled than some Buffalonians—but worded the epistle so that we were undecided whether it was a compliment or a slam. The item in question was about the children of that city acting as patrols at intersections and around the schools. Maybe we're wrong, but here's hoping "Life Round About Us" clears up this matter in a more comprehensible way.

"Holy Terror" Coming to the Andover Theatre

Jane Withers found time, during the making of her latest comedy, "The Holy Terror," at the Andover Theatre, Nov. 20 and 21, to compose her first song, marking another achievement of this precocious, versatile youngster.

When Jane was playing the piano on the Twentieth Century-Fox set between scenes of the film, her one-fingered melody intrigued Sidney Clare and Harry Akst, who promptly went to work writing lyrics for it, and making an orchestral arrangement. The work was titled "Music Box Swing."

Cameras, cameras everywhere—that was how the Technicolor map of London looked on eventful Coronation Day. In order to film every phase of the great spectacle in full color, it was necessary to assign a half dozen crews to the task and assign them over a score of locations. This event practically cornered the world's supply of Technicolor cameras! All this was part of the elaborate planning and preparation to secure the exclusive full color featurette of the Coronation of King George VI and Queen Elizabeth, which may be seen at the Andover Theatre, Nov. 20-21, Twentieth Century-Fox can proudly claim a genuine scoop in presenting this picture which is probably the most unusual and impressive entertainment the current screen season has offered. The actual color pictures of the Coronation serve as a climax to the historical review of monarchy's pageantry which the film presents.

"Captains Courageous" Thanksgiving Day

The power of Rudyard Kipling's saga of the sea, "Captains Courageous," attains its greatest force in the dramatic picture which Metro-Goldwyn-Mayer has brought to the screen at the Andover Theatre, Nov. 24th and 25th.

The characters are portrayed with rare artistry and the medium, of course, provides a scope far beyond

that which the writer is permitted. M-G-M, with characteristic vigor, has omitted no detail that would bring into visual and audible play the genius of the master writer.
