too high

------We have come to the conclusion that the door of opportunity would be more frequently opened if weren't laheled hard work.

A writer maintains that women have no sense c humer. It would be very fortunate for most men if he

were right. A news report says most radio comics have their homes equipped with receiving sets in every room. So

that's where they got those ancient gags.

If you won't have your brakes inspected, at least! keep up your disability protection.

"A Gentleman's Job"

sidered a "gentleman's job." It involves work at which which one may wear a white collar, a well pressed ess suit, and keep his hands and face clean. Anything that calls for the use of overalls innot be well done without the accumulation of grease grime does not rate with the activities many p |ple consider "gentlemen's work."

The truth is, that a "gentleman's job" is any job cation. that provides an honest living, that provides opportun-|brain power. If the young man exhibits scanty inter- apples are best for baking, est in literature or any of the other studies we classify sauce, or for cooking?" as "book learning" but shows a lively desire to become a machinest or farmer or surveyor, don't imagine that home economics: "Altho some he is lacking in intelligence.
