GRANGE NEWS

Edith M. Thorne, Lecturer

The Andover Grange held an especially interesting meeting Wednesday evening when they entertained as guests the Andover Woman's Christian Temperance Union and the Iota Sigma, the young people's branch of the W. C. T. U.

An interesting program was presented under direction of Mrs. Hervey Thorne, featuring the centenary of Frances Willard's birth and a memorial of her death which occurred Feb. 17, 1898. There are many memorials of Frances E. Willard throughout the world, as the president of the world, national, state, county and her local Woman's Christian Temperance Union. Illinois placed her statue in the Hall of Fame in Washington, D. C. The Senate of New York University nominated her to a place in the Hall of Fame in New York City. In memory she stands today without a peer in philanthropic work in the United States and abroad.

The Grange program also presented an interesting temperance playette. Several readings and musical numbers completed a program of special interest.

A fine supper was served, the tables being unique and attractively laid in sections honoring the Spring, Summer, Fall and Winter birthdays of those present. An original birthday poem read by Mrs. Northrup after the serving was a pleasant closing number to a well planned and enjoyable evening.
