avoided if a few simple health rules had been followed by these people during their earlier lives.

It is within the power of everyone in school to keep himself physically healthy. To be physically healthy, strong does not necessarily involve strenuous athletics of formal drills. It involves a knowledge of the rules of diet, exercise, and good health habits. It involves an intelligent understanding on the good health habits. It involves an intelligent understanding on the part of each student that he is the trustee of his own body. It involves a complete physical check up once or twice a year, and last but not least, a happy attribute toward life. Only recently has the nation hegan to awaken to the poor health conditions which exist. New school health clubs and similer organizations are in formation. Do You Know These Swing Terms?

You may think you know most o the swing terms, but Dolores Far-well has her doubts. Just in case you don't, look these over: Alligators—swing fans. Swing—latest type of hot jazz

Platterepcats—swing musicians. ong-haired—symphonic.

man-a musician who swing it.

Iron horn—trumpet.

He hits a lick—he hits a rase in rhythm.

nrase in rnythm. Lovely canary—girl vocalist. Tin-ears — persons who dislike swing.

their first dance in the high school gym. Music was furnished by the "Swingsters."

The gym was attractively decorated in a red and white color scheme true to the St. Valentine's season. Gay hearts and cupids frolicked over

the side walls under a false ceiling of red and white crepe paper.

The dance was a great social success altho not much money was added to the treasury.

Our Homemakers

Even Eighth Grade Girls Sew

Any day at the homemaking house can be heard the buzz-z-z of sew-ing machines. The eighth grade and Home Economics classes are sewing particularly on smocks, housecoats,

particularly on smocks, housecoats, and aprons.

Homemaking A girls are making housecoats. One of the things the reporter noticed in particular was a print of "Ferdinand the Bull" on one of the shirred aprons. One thing that has helped the girls this year and also many help other seam-atresses is the use of elastic thread for shirring and gathering. This makes the work much less tedious than before and can be bought very cheaply. cheaply.
