championship for Andover, it was something that gets across from one an important factor for Angelica, as both Richburg and Angelica are mow tied for the championship to want to know and remain in the presence of a person possessing it.

We are well enough acquainted with this "charm" so we can say it is largely the result of habits and skills which can be deliberately acquired. The easiest way to do this is thru the promotion of social activity and exchange of ideas, conversation, laughter and that which takes them all under one heading, reading. Subjects of all kinds are printed in our popular magazines and papers so that we can be well acquainted with any matter which is being debated. One of the common aids in promoting a good time and papers so that we can be well acquainted with any matter which is being debated. One of the common aids in promoting a good time is the ability to converse easily. If you feel that conversation is hard for you, conquer this hindrance by Andover spending more of your time read-ing. However, do not go to ex-tremes and become a "book worm."

Remember that personality is Remember that personality is measured by the extent to which the individual has acquired habits and skills which interest and serve other people. When you read, don't hesitate in looking or the meaning of the hard words. Pevelop a good sized vocabulary.

If you follow these few sugges-tions, it will not be long before peo-ple who you never knew very wel ple who you never knew very new will become your personal friends —Clyde Briggs. \_\_\_\_A-H-S-
