WHAT IS THE VALUE OF LITERATURE TO ME?

No doubt many students have wondered why literature plays such an important part in the process of an education. Well, I am going to tell you why it is so important and why you use it to get an education.

In the first place an education is not possible without literature. Literature is the sole creator of that one desire every man wishes for, a cultural background. The primary value of a cultural background is that it gives one a wider outlook upon life. The cultured man acquires a sense of form. Whenever he learns something new, he is able to discern its relationship to what he already knows. His mind is not a place in which he stores unrelated knowledge, or where he deposits stray pieces of education. He has control of his mental powers and he uses them to make his life better and more adequate.

Perhaps the most important benefit obtained from a cultural background is the knowledge of human nature which it gives. We must adopt ourselves to living contentedly with the people around us. We must take into consideration their ideas and endeavor to understand their points of view. The necessity for understanding others is greater than ever because the world has become so civilized and modern that we are brought closer in contact with people. Literature is one of the chief means of acquiring culture.

Literature is a record of the thoughts and feelings of our ancestors and of contemporaries in the world. It touches life at all points. Literature recalls the glory of Greece and the times of the Middle Ages. It gives us knowledge and it brings us inspiration. It fosters the imagination, for as we read, we forget our immediate surroundings and live in the times about which the author writes. Thus thru literature we learn from the experiences of others what we could never learn from our own lives.

Thru literature, one will acquire a wider outlook and a deeper vision. One can escape from the daily routine and wander thru the vast realms of imagination. In this age one will find that he must estimate the value of a cultural background not in dollars but in terms of that more enduring form of wealth, which makes life worth living—happiness.

Miss Wood

Attends Conference

Plans Are Made for Summer

Miss Wood, Homemaking teacher, attended the meeting of Homemaking instructors at Hornell Friday, April 28. This meeting was held for the purpose of making plans for the summer employment, using reports of last year's summer work as a basis for these plans.

The purpose of summer employment of these teachers is to strengthen the Homemaking department in schools, and to broaden the service of the school to include a larger group of people.

Following are examples of work that may be taken up: Girls who have already studied homemaking may wish to carry on their projects thru the summer months; also girls in school who have not taken the course may be interested in carrying on projects thru the summer. Such projects might include: planning the fall wardrobe; improving rooms, or organizing play groups for small children.

In addition to such projects, homemakers in the community will have an opportunity to discuss their problems together or to consult with the teacher and to utilize resources and material in the Homemaking department to their advantage.

Andover Trounces

Canaseraga 6-0

Locals Win Second Behind One-Hit Pitching by Lehman

Tuesday night the purple panthers took their second win of the year at the expense of the green and gray Canaseraga team.

For three and two-thirds innings Lehman pitched no-hit ball for Andover. A single by Canaseraga in the fourth was the only hit they received. Andover scored a total of eight hits.

Outstanding for Andover were Briggs with two hits in four trips, and McAndrew who hit twice out of four trips to the plate.

Briggs knocked out the only extra base hit of the game, a double. The team functioned much better than on its earlier appearance. Only one error was made.

The line-up follows:

Andover	ab	r	h
Dolan	3	3	1
Joyce	3	1	1
McAndrew	4	1	2
Hardy	3	0	0
Briggs	3	1	2
Greene	3	0	0
Perry	3	0	0
Gath	3	0	1
Lehman	2	0	1
Totals	27	6	8

Canaseraga	ab	r	h
Underwood	3	0	0
Tucker	3	0	0
Craig	2	0	0
Fawcett	3	0	1
Scott	3	0	0
Phillips	3	0	0
Norton	2	0	0
Swain	2	0	0
Griese	2	0	0
Totals	23	0	1

Wellsville Takes

8-5 Decision

Locals Drop Close Contest to a Powerful Wellsville Team

A fighting purple team lost its first encounter with Wellsville last Friday by a score of 8-5.

The local boys took an early lead over Wellsville, scoring five runs in the third inning. However, Wellsville tied the score in the sixth and then made three more runs in the seventh to assure a victory.

Greene pitched shut-out ball for four innings, but three triples in the final frame spelled defeat for Andover. Joyce led Andover with two hits which drove in two runs. Dolan, Briggs and McAndrew each got one hit.

—A-H-S—

Friendship There

Friday

The local high school baseball club will play its first out-of-town game this Friday in Friendship.

Friendship is in the league and a win over this team will boost Andover to second place. They were recently defeated by Wellsville by a score of 6-0.

If the purple and white can continue its good work, a victory can be almost promised.

Parents Invited to Health Meeting

A cordial invitation has been extended to all mothers in Andover to attend the health meeting held next Tuesday afternoon, May 16, at the Grange Hall, sponsored by the Public Health Department of Allegany County.

County Nurse Mrs. Carol Carpenter has secured the services of Dr. Marion Loew, of the State Department, who will speak on the topic "Mother and Child Care." It will be remembered that Dr. Loew spoke in Andover last year in connection with Annual Health Week.

Hi Herald Class

Has Pictures Taken

Members of the Hi Herald class looked their prettiest last Thursday as they faced the eyes of Richard Clair's camera in front of the school.

Inez Kemp, with the help of her committee which consists of Nancy Snyder, Wanda Dolan, Edna Honegger are making a Hi Herald album for the exhibit where people may see these pictures. Also the names of all those who have been active members of the Hi Herald staff will be written in the album of 1939.

Annual Exhibit of Work Done To Be Held May 18

On next Tuesday evening, May 16, Andover High School will hold its annual exhibit to acquaint parents and others interested in the school with the work being done in each grade and department.

Beginning at 7 o'clock, the doors will be opened and visitors may visit the various rooms, in which will be displayed some of the daily work and interesting projects done by pupils throughout the year. One of these features will be the marionette show given by the eighth graders. This performance will be given in the eighth grade room at 7:15 sharp.

At 8:30 all rooms will be closed and a short program given in the auditorium for everyone. This program will consist of demonstration of physical education in the grades, a one-act play by the high school dramatic club, and music by the high school orchestra.

—A-H-S—

Senior Ball, May 19

The time of the Junior Prom and the Senior Ball has been changed this year, after a great deal of discussion by the Juniors and Seniors.

The Senior Ball will be held in our high school auditorium on Friday, May 19. Johnny Fitzgerald's orchestra will play and admission will be \$1.25 a couple. This dance will be strictly semi-formal and the general rule of "no stags" will still hold.

As this is the Seniors' last school event, a large crowd is expected. Further announcements will be made in the Hi Herald.

—A-H-S—

Prof. R. H. Jordan

Commencement

Speaker

Dr. R. H. Jordan, professor of education at Cornell University, has been secured to deliver the annual Commencement address to the Class of 1939, Wednesday evening, June 28th.

Dr. Jordan has been associated with Cornell for many years, and he has spent much of his time during the past few years traveling thru-out the United States and speaking to high school pupils and adult groups as well.

—A-H-S—

Senior Day, May 18

The annual Senior Day in Andover high school will be on Thursday, May 18.

On this day the Senior class will of course be very important since a special assembly with a guest speaker will be held in their honor. For this occasion Principal Bretsch is trying to obtain County Judge Ward M. Hopkins.

Senior Day does not necessarily mean that the Seniors will be able to do anything that they please, although they will be given a few privileges not given usually. This will be an occasion which the Seniors are looking forward to.

—A-H-S—

Our Homemakers

This week the girls in the Homemaking D class started to study the fundamentals of first aid. This study will take in all emergencies likely to happen in and around every home sometime or other. It is a very convenient thing to know just what to do in cases of these emergencies. When the girls get thru with this study they hope to apply first aid efficiently to any minor cuts and bruises or burns which might occur. Then also, they hope to be able to give artificial respiration. All these arts are well worth knowing.

The Homemaking A class are studying milk, eggs and cheese products. They find that the hardest thing in making different dishes with these food products is the cooking at a low temperature. These things should be cooked at quite a low temperature to keep the protein in them from hardening, therefore making it unappetizing.

There will, no doubt, be many families having salads as a main course of lunch every day in the near future. The Adult Homemaking Class will be studying salads at their next meeting. Most women will learn to make new things or at least make them differently by the new methods they may learn in the class.

Around A. H. S.

With C. Coryell

It seems good now that we're having social hours again. Too bad about last week's ball game; 8-5 was the score; very interesting.

Among the Seniors some friendships are going on the rocks because of the arguments over caps and gowns. Queer the boys don't like them.

We're glad to welcome Flora Flint's brothers into our midst.

It's very nice of the teachers to give us Seniors a few extra lessons in dancing.

Even students who aren't taking history read the Weekly News Review—the joke section.

The mending of the church roof made lots of excitement for the study hall students last Monday. It was especially funny to see the men go in the steeple head first.

Who knew there were so many "Flowers in Pots?"

French words flew around at the French dinner, especially when some food was wanted.

Must be the Freshmen aren't quite in high school yet. They have accepted the invitation of the Seventh and Eighth graders to accompany them on a skating party.

Everybody write a letter to the new column, a real problem or imaginary. Help it along.

Someone drew some "duddy" little birds. George Prue is the artist. Leo, Clyde and Don aren't the only artists.

The pictures of the Hi Herald staff are super. The boys who are on the staff were too shy to "see the birds." Could be!

There's quite a difference in size among the freshmen!

On Senior days, the lower classmen must remember to respect the Seniors and the Seniors must earn the respect.

"Peg" Joyce was back again Tuesday for a "petite visite."

Please support the school dances. The Senior ball is May 19th. Remember it!

Tuesday was a rainy day for a baseball game. The French sign on the board gave the French students a chance to show what they know or don't know.

I can sympathize with Teresa and Edna. They rode bikes to Greenwood, Sunday.

Exhibit work is nearly finished, which is lucky.

The Glee Club is looking forward to the Houghton Festival.

—A-H-S—

Committees Are

Chosen for Ball

President Montrose Greene of the Senior Class chose the committees last week for the Senior ball which will be held May 19th in the gymnasium.

The committees, under the direction of the president and Miss Cappuccilli, are making plans and preparations for the coming event. The committees are as follows:

Decorating Committee — Edna Honegger, chairman; Charles Spicer, Josephine Butler, Jack Saunders, Bethel Millsapugh, Dorothy Sweet.

Ticket and Invitation Committee: Marion Burgett, chairman; Dolores Farwell, Charlotte Coryell, Louis Fulkerson, Carolyn Dolan, Leo Nobles, Coretha Mead, Rosemary Lynch.

Advertising Committee — Clyde Briggs, chairman; Donald Oakes, Leo Nobles.

—A-H-S—

Senior Interview

Carolyn Ellen Dolan was born on June 19, 1920 in Hornell, N. Y. Although illness has prevented Carolyn from graduating two years previous, we are glad to have her among us. During her school career she also attended St. Vincent's parochial school in Buffalo. Her favorite subject is English and she dislikes intermediate algebra. Tennis ranks highest in the sports she participates in. Carolyn's favorite radio program is the Lux Radio Hour and the best movie she has ever seen is "The Great Waltz."

The piece Carolyn likes best is "Hang Your Heart on a Hickory Limb." Her favorite food is caviar and she likes both crowds and seclusion. Carolyn is another one of our popular Senior girls. She is a member of the Girls Chorus and an active member of our class. Good luck, Carolyn!

—A-H-S—

Humor

Kenneth G.: "Which do you prefer, leather or fabric upholstery?" John L.: "I like fabric; leather is too hard to wipe your hands on."

Miss Cappuccilli: "Really, Donald your handwriting is terrible. You must learn to write better." Donald: "Well, if I did, you'd be finding fault with my spelling."

Professor Quizz

Becomes French

The French I class conducted a Professor Quizz program Monday, under the direction of Professor Quizz, Paul Ryan and his secretary, Victor Oakes.

Several questions were asked and prizes were given to those with the highest scores, who were: Patricia Lynch, Catherine Perry, Irene Lynch and Eleanor Northrup.

This program proved profitable as well as interesting.

Letters to Hi

Herald Adviser

Dear Hi Herald Adviser:

I am a Freshman and I am trying to make out my schedule for next year. I should like to take Latin but I am afraid I will have to work too hard. What would you advise me to do?

—Undecided.

Dear Undecided:

Why worry over a little hard work? Of course Latin is a little more difficult than some other subjects, but why take only those which you know or which would be easy for you?

A guidance teacher once told us to take one hard subject each year to help develop our minds. Latin is classed among these for its mental discipline as is rigid as the physical discipline at West Point.

Your Hi Herald Adviser.

THEATRE NEWS

Friday and Saturday

In answer to thousands of requests from her fans, Darryl F. Zanuck presents Shirley Temple in technicolor in "The Little Princess," 20th Century-Fox's screen version of the famous classic, which heads the program billed at the Andover theatre for Friday and Saturday.

Set in one of the most colorful periods of English history, when Queen Victoria's reign was drawing to a close, the beloved Frances Hodgson Burnett story casts Shirley as what the dimpled star herself describes as a "backwards Cinderella."

Short subjects are also offered. Sunday and Monday

Having solved murder mysteries in London, Paris, Egypt, Shanghai at the race track, opera, Olympics, on Broadway and in Monte Carlo, Charlie Chan returns to his home town in the latest of his adventures, "Charlie Chan in Honolulu," to solve the most baffling mystery he has yet encountered.

Heading the program at the Andover theatre for Sunday and Monday, "Charlie Chan in Honolulu" presents Sidney Toler in the role of Earl Derr Biggers' famous sleuth for the first time.

Short subject round out the program.

Most of us hate to be wrong and all of us hate to admit it.
