## RAIN &amp; LEAKY ROOFS

The yearly supply of moisture in this section is always about the same. We have long dry spells and then a good rain comes along to even things up a bit.

Roofing is a problem that confronts us the year around and a "stitch in time" proposition is the best if you would have roof protection at reasonable cost.

We maintain a complete roof service: paint, cement, prepared material, felt or metal. Our customers are using it every day. You better join in and get everything in shape while the weather is good and when the work can be done comfortably and easily.

## AUTUMN DAYS

Are not too far away, and if you get that house painted that you have been figuring on for some time you will need to start right away.

Remember if you put on a coat of Moore's Primer for the first coat and then put a coat of Moore's regular house paint over it, you will have a job that is hard to beat and one that will last for years.

## PARING KNIVES

Good grade stainless steel blade, three inches long. Wood handles—10c each.

## GRASS SHEARS

Extra strong, high quality blades strong spring action. Price \$1.00.

## ELECTRIC FANS

An Electric Fan gives service in all parts of the house during hot weather. Science shows that we keep cool by rapidly changing the air. Modern Electric Fans, designed with beauty, circulate a large volume of air in turn creating a healthful circulation of air to help keep you relaxed and fit on warm summer days. High grade powerful speedy Electric Fans priced from \$1.29 to \$10.50.

## FLY TIME

The use of swatters and fly spray liberally at this season will mean comfort now and less to bother you next year.

Our stock of Fly Fighting Tools and materials is complete! Wide selections at lowest prices.

## FLOWER POTS

See our window display this week for colorful flower pots in all sizes and colors from 10c to 25c.

## FOR THE PICNICS
