STOVE TIME

Better look over that old stove pipe and determine whether it is safe for the winter. Many of our fires are caused by defective pipes or chimneys so do not take chances of burning up your home when a few joints of pipe or elbows may prevent it.

WASTED HEAT

How often you feel a cool draft when sitting in some room in the house. Often this is caused by a broken window.

Our stock of Glass is complete, and it is better to keep that heat in and save fuel by keeping all the places filled with whole lights of glass than trying to heat with the windows full of broken or cracked lights.

ENAMELED WARE

Enamelled ware of beauty and quality in red and white color combinations, ranging in price from 59c to 69c, including a selection of covered Kettles, Dish Pans, Ten Quart Pails, Tea Kettles, etc.

For 73 years the Grange, united by the strong and faithful tie of Agriculture, has labored for the good of our country and mankind; consequently it behooves every member to help make his own Grange stronger and better, especially so this Booster Night, when all over the United States and even in Alaska, Granges will be working to honor the seven founders of our order by securing seven new members each.

A brief talk, "Barnyard Economics," by Prof. Lloyd Robinson of Alfred; a 600-word essay, "What the Grange Offers a Farm Family," by Charles Robinson; special music, vocal and instrumental; a pantomime, "Maud Muller," by the Schoonover family; a number by the Juveniles; an exercise and tableau, "Symbolism of Seven" in the Grange, and a big surprise followed by games and stunts for all.

This meeting is open to the public. Charter members, Silver Star members and past masters will have seats of honor.
