### SOCIAL HOUR COUNCIL

Recently many councils have been formed for various school activities. The question now arises, "Why not a Social Hour Council?" After all, the social hour is represented by high school and junior high pupils. Why don't we have a school council to preside over it?

Many of the Junior and Senior boys do not come to social hour. Maybe they are scared to death to get out on the floor and learn to dance, or maybe some are just plain bashful. We wonder, as long as there are four dances this year, these boys should learn how to dance and do their best to help their class. There is no time like the present to learn.

Why not give this Social Hour Council a try? Give the students a chance to prove their ability in conducting a dance. Let's try to make the hour more interesting and make those who should learn to dance come and prove their ability.

## Editorial

### WHICH GOAL?

In the "game of life," there are two goals. Our goal is "success," the opposite is "failure." As if in a game of football, we are for our own goal and therefore we must make a general "kick off" in that direction.

Unless we are careful in utilizing our time, we shall be "tackled" by day dreaming, lack of interest or another from the opposing team.

Let us think fast, clearly and intelligently and in the end we will carry the "ball of knowledge" over the goal and make a "touchdown" for success.—Richard Clair.

## Are We Prepared For Next Week's Crisis?

We are sure that the Hi Herald will be a success by the pronounced effort on behalf of the staff. We are sure that we shall display a good record in sports because of the excellent participation in intramurals. We are also sure that the band, the orchestra, and the chorus will prove successful because of the interest taken.

But—we are not so sure that we will be as successful in our first five weeks tests. Have we been working as hard as we could? Have we given as much concentration to our studies as we might?

If we can have a successful paper, be winners in the field of sports and can sponsor a musical program that we'll all be proud of, why can't we win scholastically? Maybe we will.

## Librarians Create Original Display

This week Emily Greene, Catherine Perry, Betty J. Greene and Veronica Lynch created a display on the library bulletin board entitled "Nature in Autumn."

The display consists of Autumn leaves, cattails, wild mustard, daisies and butter-and-eggs.

Every week there will be a new display pertaining to school work or to the seasons.—V.L.

## Start Health Campaign

This week the pupils in Miss Reckinwald's room are starting a health unit. They are collecting pictures that are connected with health. Large health-posters are going to be made from these which will be hung on the wall. A health chart is also in action in this room and at the end of the year the pupil who has the most stars will get a prize.—D.A.B.

## Andover Ties Greenwood

Last Friday night the Andover purple Panthers journeyed to Greenwood where they played a scoreless tie in touch football with Greenwood central school.

In the first half, Greenwood kicked off to Andover's 25 yard line. In the first few minutes of play Andover scored three first downs, but lost the ball on a lateral pass which was fumbled.

In the closing minutes of the first half, Andover started another drive; but the quarter ended with Andover having possession of the ball.

In the second half Greenwood kicked off and Dugan returned it to Andover's 35 yard line. In the last minute of the third quarter, a long pass was tried but it was intercepted by Greenwood on Andover's 20 yard line. This was the only time that Greenwood threatened the goal line.

In the closing minutes of the last quarter, Andover started slinging passes. Dolan, Fulkerson and Rice were on the receiving end with Dugan throwing them. The game ended in a scoreless tie.

All the boys from Andover played well for their first game. The line-up follows:

L. E. Harold Rice  
L. G. Laurence Dean  
C. Ardean Matison  
R. G. Don Lynch  
R. E. Richard McAndrew  
Q. B. Bill Dugan (captain)  
L.H.B., Gerald Dolan  
R.H.B., Louis Fulkerson  
F.B., Robert Perry.

## Andover Loses Soccer Game to Friendship

Final Score Is 8 to 0

In an exciting game here Friday Friendship defeated Andover with a barrage of goals and a tight defense. Friendship took the lead in the first quarter when they scored three goals. They made three more goals in the second quarter and two in the third, all the while holding Andover scoreless.

Andover was greatly handicapped by the weight of the Friendship team.

This year's team having four Freshmen on it, will no doubt greatly improve with a little experience.—S.R.

## Youngest Senior Observes Birthday

William Flint observed his 15th birthday Friday, Sept. 22. "Billy," as he is commonly known among his classmates, is the youngest member of the Senior class.

Billy started school at Burns, N. Y., and from there he went to the respective schools of Almond, Birdsall, Canaseraga, Angelica and finally Andover. Billy is positive that he likes Andover's school best of all those he has attended.

Asked how he feels about being the youngest Senior, Billy replies that he doesn't feel any different or younger than his classmates.—K.K.

## Hi Herald Introduces a New Student

This week the Hi Herald presents Mary Voorhees of Wellsville as a new student in Andover Central School. She is in the Junior Class and is taking Shorthand II, English III, Home Economics 6 and History A.

She says the students are friendly and she likes it here. During the summer, she went skating and dancing and also spent two weeks at Cuba Lake.—B.T.

## CALENDAR of COMING EVENTS

Monday, Oct. 2—Mixed chorus, 3:15.  
Tuesday, Oct. 3—Social Hour, 7:15; Band 12:15; Orchestra, 3:15.  
Wednesday, Oct. 4—Andover and Scio soccer game at Scio, 4:00; mixed chorus, 3:15.  
Thursday and Friday, Oct. 5-6—Teachers' conference at Wellsville.—D.J.M.

## Hi Herald Holds Meeting

When the last morsel of sandwich had been tucked away, the Hi Herald meeting was quickly called to order by the editor, Betty Greene. The meeting was held in the study hall Friday noon. All people wishing to join the Hi Herald came and brought their lunch.

There was a discussion on the qualifications that a person who desires to become a new member should have. These people were given a grace of five weeks. At the end of this period the new "cubs" are to be chosen.

The new assignments were given out and additions made. All assignments must now be in Monday instead of Tuesday if possible.

It was suggested that the "cubs" be more observing for little news articles. A decision was made to make special articles about the grade news instead of writing them all under one head.—E.C.

## Girls Have Interest In Intramurals

Thursday, Sept. 14, all girls interested in softball went to the athletic field where Betty Greene's team played Mary Lynch's team and Letha Callaghan's played Eleanor Northrup's team. Mary Lynch's team was victorious by the score of 6-1 and Eleanor Northrup's team won by the close score of 5-2. Following is the line-up of teams:

Betty Greene Mary Lynch  
Margaret Lynch Nancy Snyder  
K. Howland C. Lynch  
B. Haisey D. Joyce  
D. Baker A. Glover  
M. Davis P. Lynch  
J. Burdick M. Padden  
M. Bergman M. Steadman  
I. Franklin R. Yannie

F. Mingus

Friday, Sept. 15, two entirely different teams played each other. They were Irene Lynch's and Kalioopy Karcanes' team. Karcanes' team was victorious over Irene Lynch's team by the score of 8-3. Following is the line-up:

Irene Lynch Kalioopy Karcanes  
B. Ludden R. Richardson  
J. Glover D. Lever  
E. Crowner J. Backus  
L. M. Voorhees M. Voorhees  
J. Burger L. Joyce  
M. Lynch I. Trowbridge  
P. Becker A. Cooper  
L. Freeland J. Northrup  
C. Walton D. Goodridge

The girls all seemed interested in the games played and we hope they will keep up their good spirit in attending these games.—ACS

## Biology Students Call on Mr. Porcupine

A group of 14 general biology students left Andover Saturday afternoon, Sept. 23, on a field trip with intentions of visiting a porcupine's den. They were accompanied by Mr. Holmes, Mr. Maloy and Mr. Watson who led the group to the location of the den.

The first thing of interest which was noted was a flock of turkey buzzards, as Mr. Watson described them. The den was next found in the side of an overhanging cliff and was examined by each student. Altho no sign of Mr. Porcupine was seen, evidence of life was found by the numerous quills lying about which were noted carefully. From there the party hiked on down thru the woods and along a creek bed where many types of ferns, leaves and stones were discovered. Several odd-looking stones were found which proved to be fossils of tiny animals some years ago who had left their imprints there. Altho no snakes were seen, four or five salamanders were seen crawling here and there among the stones.

After pictures were taken and leaves and ferns were collected, the group climbed back to the cars. From here they decided to go on towards Whitesville for a short visit at a beaver's dam. Finally, after an afternoon of over two hours of nature study, the party started for home and as a finishing climax of the trip, four beautiful doe deer were seen in a clearing of woods. Shortly after, the group arrived at Andover and their adventures were thru.

This proved to be the most interesting and well worthwhile trip, and another such expedition is being planned some time again before winter sets in.—A.H.

## Gettin' Around -

The touch football team made a fairly good start this season. They tied their first game with Greenwood. Let us wish the boys more luck and many more games.

We are sorry to see that the soccer team is on its way out in Andover Central School. Monday night only seven players reported for practice.

The touch football team is gaining all the players from the soccer team. This shows that football is the most popular. A six man team may be the result of its popularity.

The Junior Class was very contrary Tuesday when it came to planning a party. When the class was asked if they wanted a Weiner roast, the girls were the only ones in favor and even they themselves weren't sure whether they wanted a Weiner roast. Was it the damp weather?

There is one lone apple left on the apple tree by the school. It is at the very top but some of these young "Tarzans" could get it easily so that it wouldn't be lonely.

It is surprising how many of the students of Andover Central School have musical talent. They are willing to practice too. A certain Freshman serenades the neighbors about every night.

Our canine friends envy us I'm sure, because when they come to school someone is sure to see them and out they go. The dogs cause a great deal of disorder when they come to school.

Friday's intramural class was one up on Thursday's. They had an official umpire, Mr. Maloy. It was more fun to be able to take your base after several balls instead of standing there waiting for a good one.

I've heard several students say they would like greatly to be paid for their books. After all, three weeks have gone by and that should be time enough.

Have you heard of the cafeteria in study hall? Friday noon the Hi Herald members met in a novel way. I heard Betty Greene say that the new cubs were better than the old hands!

It's good to see so many at Social Hour, but what's wrong with the boys? Get out and dance. Don't come and pose.

It seems Andover is really going places. This Student Council idea is great.

Hitler has nothing on Andover! Regina Richardson played dictator in Monday's Latin III class. No, she wasn't the unquestioned ruler.

One noon hour I was walking thru the hall and heard some rather unceremonious tooting. It was only the huge Andover band warming up in the old gym.

It wouldn't be a bad idea to start in on your extensive reading for English now, while there's time to read it well and not cram.

Have you seen Dugan's new jacket yet? Some class. The only trouble is there aren't enough autographs on it.

One day this week one of the smaller passengers in the Elm Valley school bus fell asleep on her way home. If it's that comfortable, bring on the basketball games!

The History B class contains eight boys and only one girl.

A dog was in distress, wandering frantically around the hall in search of a way out last Thursday. Hero Shaff went to the rescue.—ACS

## Grade News

### Eighth Grade Chooses Motto

The eighth graders have already chosen their class motto: "We Control Ourselves." They have also chosen their class color: Purple and gold.

### Sixth Grade Makes Movie

The sixth graders under the supervision of Miss Baker, are making a movie on Indian Life. Each pupil is making a drawing for the movie about Indians. When the drawings are completed they will be put together to make a complete movie.—J.B.

### Sixth Grade Enjoys Radio Program

Last Wednesday the sixth graders under the supervision of Mrs. Schwartzbach, sponsored their first radio program of the year with Vivian Shellman as the announcer. The program consisted of poems, jokes and stories recited by the remainder of the class.—J.B.

## Seniors Hold Meeting

The Senior Class held their first meeting Wednesday, Sept. 20 in the study hall for the purpose of organizing a social and financial calendar for the coming school year.

Miss Larkin, Senior adviser, and members of the class offered many helpful suggestions for activities which they hope they will be successful.—J.L.

## Rice Makes Long Run to Defeat Juniors

Harold Rice, a Senior end, caught one of Louis Fulkerson's passes and made a long run for a touchdown last Monday night which won the game between the Senior and Junior boys. This was the second game between the two teams, which played every Monday afternoon as part of the intramural program. The first game was a tie as both teams played tight and alert.

The two teams are quite evenly matched with the Juniors having a slight edge over the upperclassmen. Dugan and Dick McAndrew were the stars of the Junior team, both doing passes and runs. At no time were the Juniors in scoring position but they really showed the good old fight and took the defeat like good sports.

Next Monday night the same two teams will clash again and the Juniors will be out for revenge.—J.L.

## Ec. Geography Students Hold Debate

The Economic Geography Class has set aside every Friday to hold a debate on some current topic. The purpose of having these debates is to help each student to stand in front of a group and talk.

Incidentally the leaders, who are Leslie Brundage and Harold Rice, hope to foster an interest in current topics in their respective groups.

Last Friday the two leaders got together and decided to have the group debate on "Why the United States Should Enter the War." Many interesting points were brought up. At the end of the period, Harold Rice's team was leading by a score of 51. Leslie Brundage's team scored 41.—M.L.

## School Buys New Music

The school has just purchased some new music for both the high school and grades. These books are a lot better than the school has ever had before and it is hoped the students will take good care of them while in use.

For the mixed chorus there is a set of assembly song books. There is a complete set of band books for the new band, "Rhythm and Rime" books for the third graders and a set of Treasure books for the Junior Hi Chorus.—E.P.

## Charlotte Coryell Enters Cornell

Miss Charlotte Coryell, valedictorian of the Class of '39, has started her Freshman studies in Cornell University. She is taking the Home Economics course. Her address is 9 South Avenue, Ithaca, N. Y.

Miss Coryell will be remembered by the readers of the Hi Herald for her column "Around A.H.S."—C.M.

## Donald Hardy Enters Alfred

Donald Hardy, Class of '38, has started his studies at the College of Ceramics at Alfred University. He is taking the course of ceramic engineering.—C.M.

## Letters to Hi Herald Adviser

Altho I have attended Andover Central School all my life, I still do not feel acquainted enough with its members to feel at home. I am often told that this is my own fault. I honestly don't believe it.

For certain reasons I do not always participate in all the school functions sponsored by A.C.S. Since I do not belong to any of the "gangs" in high school, I often feel "left out." To get away from this awful feeling, I secure a good book from the library to take home and read.

I would be extremely thankful if you could give me some small inkling as to how I can overcome this terrible "loneliness" so I could feel "at home" at all times in A.C.S. Yours hopefully, "LONELY"

Dear "Lonely":

In the first place, do you attend any social functions that are given by your own classmates or do you say "That isn't the place for me" and stay at home? If the latter is your policy, by all means change it.

Take an active part in social functions. For example, social hour. Plan to attend this informal dancing period. If you see a group of girls' you know talking, "barg" upon them and take an active part in the conversation instead of standing back and "looking on."

When your class or some club to which you belong is making plans for a party or dance, show your whole-hearted interest in the preparations and arrangements of that social activity. The other members will see that you are really interested in the class activities and they will reward you with active parts.

Do not be a "book worm." Ask girls to attend some shows with you or to spend an evening at your home with you. In return, you will receive invitations from them to go places and to do things with them.

Another good suggestion is to belong to clubs of all kinds. In case a new club is started in the school, be one of the first students to join it. Take a sincere interest in it and be in the middle, not on the sidelines of its activities.

I sincerely hope my advice will be of use to you and will help you to finish school successfully amid a large circle of friends.

Yours truly, V.L.C. Your Hi Herald Adviser.

## Guess Who?

Every day, I see this student studying quietly in the study hall or in her classrooms. She has dark brown hair, brown eyes, wears glasses and is about five feet, four inches tall. She she very seldom participates in extra curricular activities, she is one of our most intelligent seniors and often her name is seen on the honor roll.

This year she is taking History C, Bookkeeping and Business Law as well as English 12.

Last week's Guess Who was Wanda Dolan.—L.C.

## Home Bureau Meets at Homemaking House

Fifteen members of the Andover Home Bureau held their meeting at the Homemaking house Thursday afternoon, Sept. 21.

The subject discussed was table (Please Turn to Page Seven)
