# Attorney Earley Returns Fire of Supervisor Muller

States His Side of the Two Propositions Commented on In Last Week's News.

In last week's issue of the Over News, E. A. Muller, supervisor, made comment that something. At first I wondered what and where I had lost something. I admit my loss because I admit my loss even the comment of our supervisor did not register with me as personal losses. But giving it consideration I found that indirectly slamming the Board because I was attorney the village and slamming a city of the people of Andover voted for the filter plant at that reason I consider it a to answer.

Just why he did want to majority of the taxpayers is over for having voted in favor of filter plant at this time, asking for a popular vote to regain his re-election, I understand. Furthermore he not slam the Village Board of my activities to bring the ers and inhabitants of South rectly into Andover. That is affair. The reason that I a to bring the South Hill road to Andover was a personal a if he believes that I was d under the authority of the Board he is absolutely wrong Village Board, as far as I k sense enough to know that nee required them to admini affairs of the village and it up to them to correct the e the supervisor and other o the town, and whatever I rained to an attempt to l South Hill road to Ando parly personal. As a citize the right to express my c I spent a lot of time and able money, but it was my e in an effort to correct t which I thought was being ted against the Village of and the taxpayers of the Andover, for which I have Mr. Muller's article would indicate that I lost; that t ber of Commerce of Well and that Bert Perkins lost he won. Now, that he h the subject, let's look at t

The Chamber of Com Wellesville actually pulled on the Town of Andover a ficials of the town were asleep while it was being dently the Chamber of Co Wellesville desires to fore habitants of the best par over township, that is the residents, into a conditi they would be forced to trading, marketing, and e church and social activitie village instead of Andover v being.

To begin with, they b proved road from the An line to the village of which is as far as they cially go. Then their nex to influence the highway of the county of Allegan; the highway allotments o of Andover in the const a highway in Andover, w be beneficial to Wellesvill hibit the people of South going to their own villa over, and force them to g ville, their original sche have the highway built as tending from the Villag into the Town of A thru the South Hill distri looping back thru Stann to Wellesville so that Wel have the advantage of loop. But this did not v their next scheme was t South Hill road thru the over the hilltops, not d Creek, or any other r would connect it with t Andover, but to some o connection so that they sorb it for Wellesville. S ago the highway commit road on the county ma struction, and thereby ville Chamber of Comm least partially taken up responsibility of admin affairs of the taxpayers of Andover for its pers that no one protested. I believed it was hig somebody in Andover (Please Turn to Pa
