condition-GAS AND MOURES

TOLUMES of comfortable, healthful, humidified, circulating heat are distributed all through the house—upstairs, downstairs, all over the house just like the air is circulated by a furnace.

Moore's Gas Heaters also furnish an abundance of radiant heat and give the cheery glow and warmth of a fireplace.

No coal to put in—no ashes to carry out—no labor-no dirt or soot to ruin your rugs, furniture, curtains, draperies, walls and ceilings-no doctor bills for winter sickness caused by drafts and cold floors—no noise—no vibration—no fumes—no fire hazard—no moving parts to wear out.

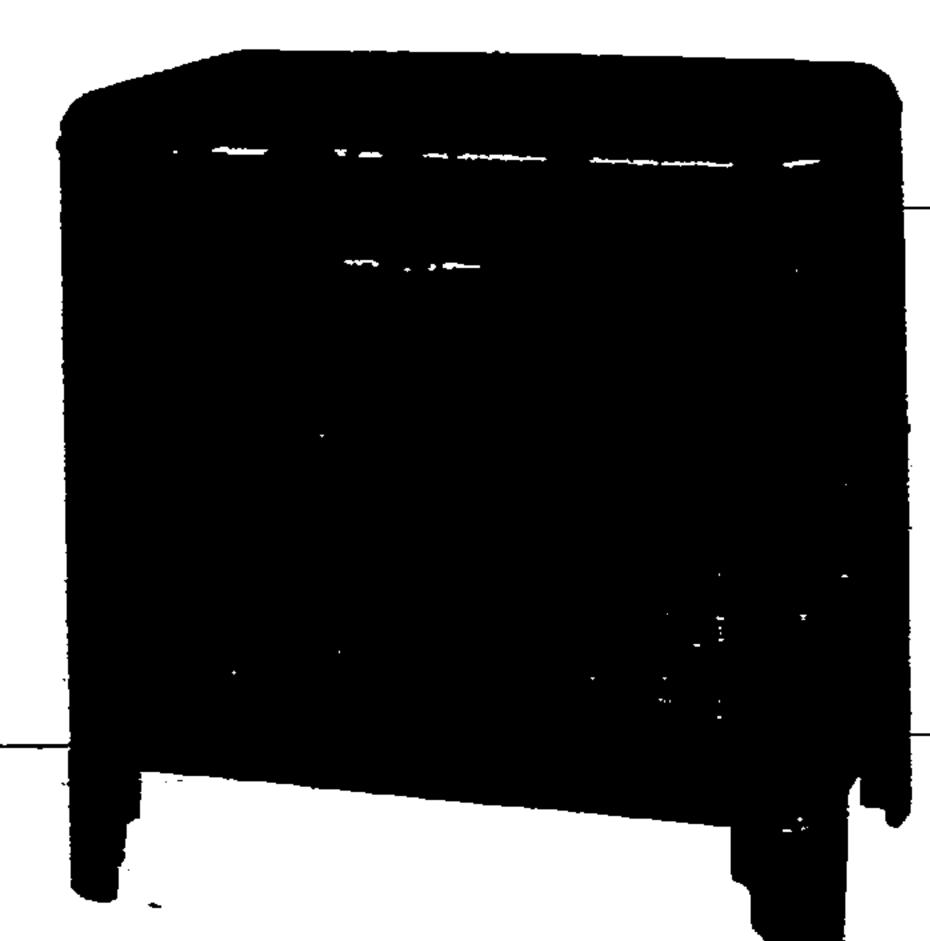

You can light the pilot in the fall and turn it off in the spring—meantime you have constant heat and you pay for the fuel only as you use it.

Start enjoying all the conveniences and advantages of comfortably heating your home with Gas -the ideal heating fuel.

Ask for a free survey of your heating requirements and an estimate on the cost of scientific heating with this modern gas-fired unit.

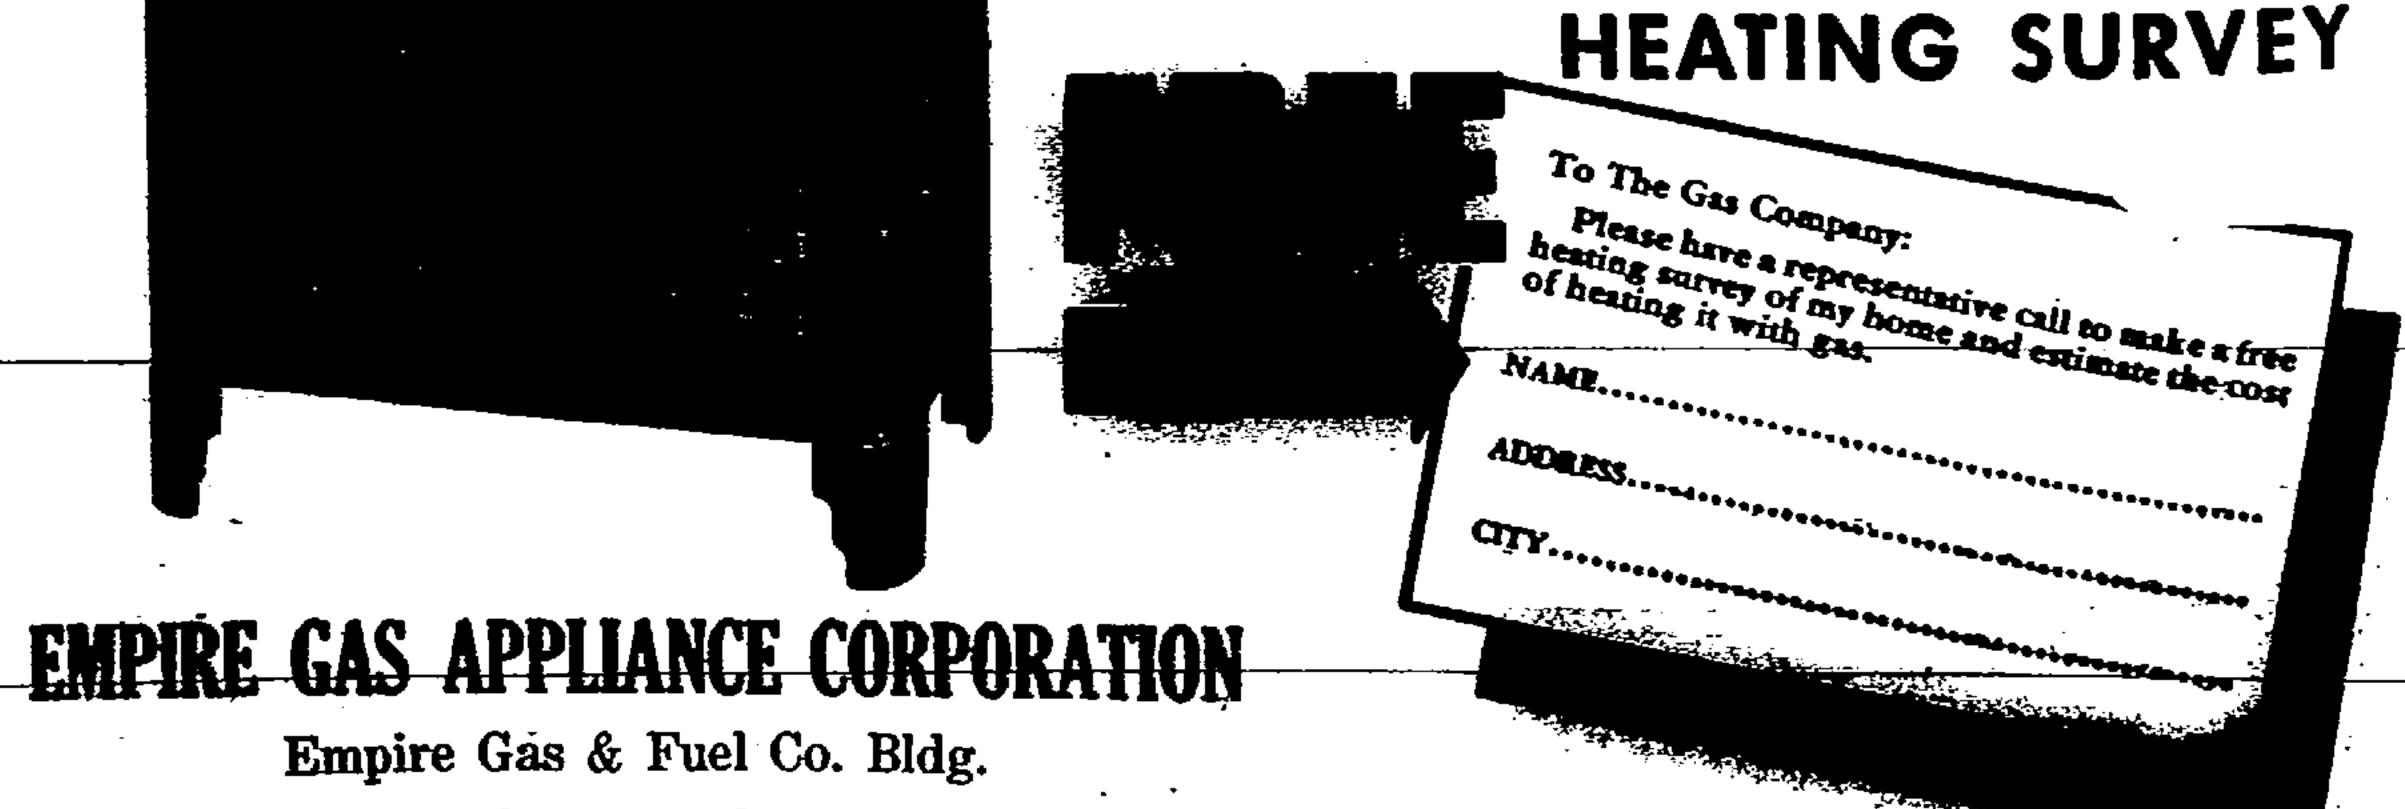

Prove to your own satisfaction that-

"Gas Doesn't Cost - it pays!
