Our Keynote:

### Christmas Decorations

decorating, as many of them can be made at home. small way the destructive forces on our local native operator of a skating rink, hall and The hariday editions of several current magazines fur-bearing animals. doors welcome your guests.

Not only is it necessary that our homes send forth! the Christmas cheer, but our Main Street again needs Daily Inventory the gay and many-colored lights telling the community and our guests to the town that we are preparing 1

We have already noticed that some of our neighsering towns have their Christmas lights up, adding much to the Christmas cheer and inspiring the people! with the spirit to shop early. There are only 19 more shopping days until Christ-

AST week's News carried an article telling how idone? Andover residents could obtain free of charge fine! maple and spruce trees to be used as shade and to beautify their homes. Not a very big undertaking planting how much lovelier, happier and more productionaller? tive this soil of ours would be.

first and greatest air conditioning agents-- sweeteners for worse. A daily inventory will help to keep us if you like of our daily life? Who can read the the right track, headed toward our highest ideals,poem "Trees," or hear the song that does not make The Silver Lining. new resolutions? But trees do more than this. They and by their grip on the soil strengthen river banks in Peace, Not War time of fleods. Then their commercial uses are manifold. The ash tree is used for airplanes, cartwheels and many other thing. The oak is used for furniture. the spruce for vicline and artificial silk.

Nearly all of us today sleep beneath timber rafters, est off wood, read off it, since paper is mainly de rived from spruce pulp float on it and fly on it. Yet, strange as it may seem, people are very careless of the forests. Being surrounded by trees brings you in closer touch with a world of loveliness and utility, for trees the best of friends to mankind, give freely of their! beauty and substance, asking only to be granted an opportunity to give still more.

### Thriller of the Sea

tale that will make many yarns of imagination look!heights. dull and pale.

it could run that ship and its American captives safely clared war, that office received 30,077 applications for into some German port. They found that stunt too patents. By 1917, the number had declined to 19,285 risky, and now they prudently order their naval vessels! to keep hands off. Some folks aren't "tweaking Uncle continue to pile up. Industry wants peace so that Sam's whiskers quite as hard as formerly.
