Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of their efficiency. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination, sometimes with disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, pain under the eyes—feel weak, nervous, all tired out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!
