### Literature on the Pan

civilization reaches an unbelievably low ebb when big we will never understand. otry, hatred and greed rule to an amazing extent. This! is displayed in literature, movies and radio, arts that ! are for the delight and entertainment of the people. Too Much Misinformation It would be impossible for artists to escape entirely the find an outlet for their thoughts in these mediums. With John Steinbeck's story of California migraganda, we have a particular form of working ill, by a reason, we haven't yet learned why. slow and stealthy means. The author of this book has: produce a big seller, sprinkle it with a dash of smut to derly methods and without the enormous losses appeal to those who like their realism raw, and dish it milk, money and temper, of which it took toll.

up hot as a gripping novel of modern American life? And we just eat it up! morbid imaginings, have become facts. So much so tunity to get the truth if we will. You don't need Steinbeck." We fall for it like a ton of brick. A certain portion of Americans become under privileged and are the nation's problem child number one, and a whole group of employers are classified as indifferent to the well-being of their fellowmen. right that propagands in this form should tear it down

ment pretty grim. the Saturday Evening Port: "Literature is an art.

Living in a town doesn't make the town prosperous-It's buying there and seiling there that does trick--Think it over.

Foremost in Presidential Candidate Gannett's speeches he accuses the present administration of being guilty of "Crushing taxes that have stagnated busi- ar ness, kept down real-wages, lowered the standard of living and killed incentive to invest in new enterprise or to expand industries." However, in the wake of the most these acquisitions the Gannett company reported for forego an advantage. the year a net profit of \$1,165,000 from his newspaper enterprises, an increase of more than \$40,000 over the net of the year before. Which is, of course, an index dertakings. of the suffering in the commercial world.

In all things do your best. The man who has done method without order and punctuality. his best has done everything. The man who has done less than his best has done nothing.

It is idle, having phanted an acorn in the morning, to expect that afternoon to sit in the shade of the oak. 

A property song among the British soldiers goes: and a mother, had a ma.

Altho we may suffer from his blinkin' sins At least thank Gawd he wasn't twins.

### An Unfathomable Situation

NE of the phenomenon of modern American life has been the tendency of the people to abandon permanent places of residence to drift from only to to another. People living in the country wher e good flocked to the cities to seek the jobs offered but the factories. Then when the factories shut choice, but necessity—in order to exist. They were with the Office of Information not interested in the cultivation of the soil, the details the New York State Colleges of

On every hand there is alternate evidence of farm and home. If you enclose a ambition, indolence, thrift, poverty, good management self-addressed stamped envelope and) and the lack of it.
