PEAKS of ALLEGANY

By HUBERT D. BLISS

This second chapter elaborates on certain economic and social aspects 1 of this farm pattern.

Elevation has not been exploited, as rating such Allegany county land as better within the land use category. This series has not sought to in delve much into this highly technical; phase. Instead the emphasis placed on elevation has been in respect to i. practical arability that sets the coun-, ty apart as an upland homeland,

rather than on comparative landi. merits within its own borders. Yet, one recognizes that rugged if

GRANGE NEWS

Margaret Northrup, Lecturer

The following program was given after the tureen supper Wednesday . Song, "America."

Roll call of charter members, present: Mr. and Mrs. Chas. Robinson. Mr. and Mrs. Emmett Robinson.

Song, "America, the Beautiful.

Reading, "What's in a Name?" Lloyd Mead. Recitation, "Visions of Lincoln,"

Dewey Northrup, Jr. The four charter members went to the home of Agnes Langworthy where they were presented with red and white carnations and had their picture taken by Francis Mead, the Grange photographer.

Salt Water Floods Independence Well

Empire Producing company was completed last week at 4,945 feet. The well, which produced 600 feet of salt water in six hours was pluged and abandoned. Other drilling activities near Andover as reported last week-end are: The Empire Gas & Fuel company State land, Greenwood, down 3831' feet; Penn-York well on Forsythe farm, Independence, near comple-

tion at 4,350 feet.
