Peas are one of the most sensitive crops grown in New York State. Good soil and drainage and careful preparation of the seedbed are important.

Shaving and handling the wood chip is a spring job for beekeepers. About two and one-half million pounds of wool are shorn annually in New York State from a third of a million sheep.

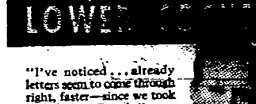

During the past 15 years, erosion work in farm forestry has reached thousands of farmers through woodlot improvement, making quality syrup, 4-H Club tree planting, and other activities.

room. They have been taking the part of the teacher in the discipline of the room. It is the duty of the student to take full charge of the room at 8:50 and see that the room is quiet. They take the attendance and sign the absence or tardy cards of the pupils. This plan is running smoothly and with fair results. The teachers as well as students of other rooms are watching the results with much enthusiasm. Next year it is hoped that all home rooms will be based upon this plan. In the last four weeks the best teachers were voted upon and the results are: Charles Dunham, Margaret Lynch, George Prue, Marion Steadman. WV

Students Celebrate St. Pat's Day

Since St. Patrick's Day fell upon Palm Sunday this year, celebrations were postponed until Wednesday, April 3rd.

Patriotic "Irishers" in A. C. S. proved loyal to the famous saint of their homeland by wearing green ribbons, dresses, sweaters and so forth.

Johnny Lynch, Andover Central's most fervent Irishman, strutted the halls with green shirt, pants and sweater, reprimanding those who forgot to sport the "green." RAR

Wanted: Tall Yarns

The following tall story was submitted by Wendell Vars and he dares anyone to write a bigger one. If anyone has tall stories please send them to Wendell Vars. They will be looked over and the best printed each week.

"Cubs and Fawns"

The horn very young, I soon became quite a hunter of small vermin. When at the age of two and one-fourth months I had acquired six sets of molars. This was on doubt due to my gnawing on revolver and rifle barrels (usually 44's or 405 Winchester Peashooters).

On my birthday I was given a pair of size 16 boots, which I prized very dearly. The following afternoon I arose at 4 a. m., and quickly put on my 16 inch high moccasins, and slipped into some track pants, since, it being a day rather mild (a January day at 65 degrees below). I no sooner stepped to the door of my cabin when a 20-point fawn rushed me! Quick as a flash I dodged aside and the poor baby fawn embedded his scant 340 pounds and his rack into my cabin door. I then pulled my 405 Winchester to my shoulder (having outgrown my 75mm field piece) and shot him directly in the rear assembly. This heavy slug went clean thru him and knocked a molar tooth out which I saved as a good luck charm, keeping it until one unfortunate day when it was lost while I was engaged in a hand-to-hand battle with four small ten-foot cubs. Old Newspapers Are a Sensation

NOTICE—Anyone wishing to buy a car see Mary Elaine Baker. She has the latest quotations in such luxurious cars as a 1914 Ford; 1917 Maxwell; 1915 Brisco; 1914 Cadillac; 1916 National or a 1914 Overland. One of our teachers has made his decision to purchase one of these good used cars. Mr. McGee is going to buy an Overland.

Perhaps some may think a lunatic has gotten loose in the school. Don't be alarmed. It is one of the observing reporters who had an inspiration to write a news article.

In the fifth period study hall last Thursday afternoon, everyone was enjoying himself reading some Utica newspapers printed on November 11, 1918. Mary Elaine Baker had these old papers with her. The girls enjoyed looking at the exquisite designs for dresses and coats and the boys got a big "kick" out of the automobile advertisements. A good time was had by all until Mr. McGee took the papers and put them away. ACS

My Autobiography

On a rainy Tuesday night about 11 o'clock on July 13, 1922 I, Anna Dorothy, was born to Mr. and Mrs. Raymond Goodridge of Genesee, Pa., weighing 6½ pounds. I have two

brothers and three sisters, and remain the youngest in the family, which in my early school days, I greatly disliked.

I commenced my schooling at the age of six at Shungo and continued school there until we moved to Andover where at the age of 12 I entered the sixth grade of Andover High School.

After attending Tip Top school in the seventh and eighth grades I entered Andover High School again for my high school course. Of my four years in high school I have enjoyed my Senior year most, because it is hoped to be my last year in high school and also because it gives me an opportunity to look forward to new thoughts toward higher education.

After finishing my Senior year I have planned to enter the R. B. I. at Wellsville where I hope to be successful in becoming a secretary.

Something to Worry About

The bride of a few weeks noticed that her husband was depressed. "Ernest, dearest," she said, "I know there is something troubling you, and I want you to tell me what it is; your worries are not your worries now—they are our worries."

"Oh, very well then," he said, "we've just had a letter from a girl, and she's suing us for breach of promise."

DOANS PILLS

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions.

These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes.

If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers from kidney-ache and -disorder. Medication would be more often employed.

Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

Announcement

Thru close contact with practically all the potato shippers and growers in Maine thru handling their potatoes in the New York markets during the last 30 years, we feel pretty well acquainted with them.

Some of these Maine growers have recently bought farms in and around Cohocton, Atlanta, Naples, Springwater, Prattsburgh, Avoca, etc., and are successfully growing potatoes the Maine way. Others are thinking of doing likewise.

We are interested in listing a few good potato farms for sale and will be pleased to bring them to the attention of some of our friends from the Pine Tree State.
