Trout season is officially open, yet the fish just don't seem to be aware of the fact. To date few real catches have been made.

Carl Honegger and Carol Ruger went up to Silver Lake Saturday evening and with great expectations concerning spring run bullheads—seems all they caught was two bad colds.

The club president has made a deal with Victor Hoagland to take the Childs brooder and bring it down to the Hoagland farm and rear the club's allotment of pheasant chicks that have been ordered. The club should feel proud to have Vic for a member owing to the fact that he is not only fish and game minded but is also located close to town and has one of the best farms suited to game farm work. There are a couple fine springs that will furnish ample water to equip trout rearing pools. Vic will co-operate in this venture any time the club gets the cash to put in the necessary pools. If this is done the club's allotment of brook and brown trout after being kept over winter and fed are legal length when liberated.

We are going to get a chance to vote on daylight saving time in our fair village May 14th. Here is a piece clipped from the Sunday paper. Perhaps you did not get to see this:

**The Whole State is Doing It, So You Had Better Do It Too**

Did you set your clock ahead an hour? If you forgot to do so, you would better attend to the matter at once. Daylight saving time went into effect in Syracuse at 2 o'clock this morning, to remain effective until the last Sunday in September.

For the first time, daylight saving time will be observed in every city in the state this year, although three cities, Binghamton, Norwich and Ogdensburg, will not change their clocks until different dates next month, Ogdensburg being the latest, with the change set for May 26.

I sure am missing plenty of my pet radio programs since Sunday.

A boy had been taken to see the marvelous spectacle of the Grand Canyon in Arizona, and had been told, among other things that it was a mile straight down to where the mighty Colorado River flowed.

That night he wrote one sentence in his diary: "I spit a mile."
