Baker's Hardware News

HOT SUN

Takes away much of the joy of summer when it comes streaming thru unprotected windows, doors or porches. Summer time is a delightful time. Make the most of it by putting Awnings on porches and windows that are exposed to the direct rays of the sun.

Awnings are surprisingly reasonable this season—and the new colors are very attractive and add beauty and comfort to your home that will last a long time. We take measurements for Awnings and Porch Curtains and prices range from 98c up, depending on size and quality. Let us have your order at once.

ANT BUTTONS

The clean, easy, simple way to destroy the active little pests. They kill directly and by infection—the ants disappear by magic—a swarm here today will be gone tomorrow. For 25 cents you may have a season's supply.

BEFORE IT STARTS

Printed Linoleum wears away very rapidly, once the surface is punctured. Keep it looking like new with a frequent coat of Lin-X, a wax product that seals all abrasions and preserves the pattern; or by an occasional application of a good floor wax—Johnson's, Old English or O'Cedar prices range from 49c to \$1.19.

WORMS AND BUGS

If you wish to reap what you have sown from your fields and gardens, you must at once reinforce your front line trenches against the army of worms, bugs and plant lice that is already forming with the hopes of bringing your efforts to naught.

- There are numerous insecticides on the market — Among them we stock:
