GAS RANGES

The Choice of Mrs. America For More Than Fifty Years

> For more than Half a Century-Homemakers from coast to coast have demonstrated a preference for Roper Gas Ranges. Why?

Because a Roper will enable the homemaker to cook more swiftly—will give her more time for leisure. It will permit her to prepare meals more economically—will save both fuel and food. A new Roper Gas Range also means cooler cooking comfort. She'll be proud to have its modern beauty grace her kitchen.
