# Nothing Just Happens

OTHING just happens. Readers and listeners i only when we allow ourselves to believe these reports before we are influenced by our better judgment.

cept the challenge and pay the costs are the ones whose New Deal? names will go down in history. The quality we need now is sturdy manhood and womanhood that dare to do and will do.

opinion must line itself whole-heartedly behind idea of universal selective military service or we may lose everything that matters to all of us. Democratic armies historically have fought no aggressive wars. gram? If we are big and efficient enough, perhaps we won't have to fight at all, but it is better to be ready to fight and not need to then to be called to arms and not be totalitarian monstrosity now running least then

We may have to do something drastic about the Communists, Nazis, Fascists and their fellow travelers among us, and their efforts to block this program.

Thruout history we have had "Fifth Columnists. In Bible times there was Judas Iscariot; in classic times there was Brutus and in our own history Benedict Arnold. Why would we expect human nature to be different in this period? It isn't Fascism to jail a spy or deport a foreign secret agent. It is self-protection. This country has had a long standing tradition caretraining which is Simon Pure hoovs. It is fully hon- with silk mill work, and began work to put the mill in the original organic matter is lost, This justifies it for special cond orable for a young man or women to spend a year to win a letter in college, in sports, or to make a hit as a band leader. Why isn't it just as honorable to give a fits of a mill operating in its midst and the reopening year learning how to fight for his country and himself? of this plant is heralded with rejoicing.

Here's something to comfort those who fear the big defense program will bankrupt us. The Encyclo- Are We Research-Minded? pedia Britannica says for Prussia after its disastrous defeat at Jena in October, 1806:

steadied her disorganized finance. be fed, clothed, equipped and housed; and the several uals possess in the endless work that is going on occupations and trades which involved in these pro-hundreds of industries all over the country to improve cesses gave profitable employment both to intellect and existing products and find new ones? to capital."

and France and are watching the battle of Britain. We thing taking place at the du Pont New York World's cannot allow our battle to lose if we are to continue Fair exhibit. The folks there have been asking visitors! to be a safe and sovereign people.

seems to be so much of them having a good time.

democracy goes mad. It is a ridiculous display of pas- to check diseases now called incurable. sion and prejudice and a disgrace to the human nature.

Mr. Willkie would be vastly strengthened if he production. could dominate his party in Washington.

History used to be something that was written long pected. ago. Geography "stayed put," when you learned a thing it was so. But just go back to school now.

# Presidential Candidates

TYJE SHOULD begin to realize the responsibilit. in helping to elect the President of these Unit -ed States. The vital issue involves this quesped to carry out the enormous task of preparing ises to keep clear of the fire, if the fire holds itself at with the Office of Information of the expensive and plentiful, say foods a reasonable distance. But really, it is the people thru New York State Colleges of Agricul-specialists at the New York State Train 2
