Baker's Hardware News

FIRE PREVENTION WEEK! For a number of years Fire Prevention Week has

been widely publicized as a time to check up on fire hazards in homes, business places and public buildings. There are dozens of ways in which adults, thru ignorance or carelessness, start fires. Spontaneous combustion, faulty wiring, dirty chimneys, improper care and handling of heating and cooking appliances are some of the frequent causes.

As our part in National Fire Prevention Week may we suggest that—

1.—You clean your chimneys. Soot Remover, a chemical compound which destroys soot effectively and safely without removing pipes, etc., is excellent to use in chimneys, stoves, furnace pipes and boiler flues.

2.—Check electric cords on lamps and household appliances for warm places and replace with new. Electric Cord sells at 5c per yard.

3.—Check your gas stoves for leaks on faulty con-4.—Clean up rubbish heaps in yards, empty lots and basements. Burn all refuse in wire containers, especially made for that purpose. Rubbish burners sell at 98c ea.

5.—Have a Flashlight and Garden Hose handy to help in fighting fire disasters in the home. Analyze the possible fire hazards in your home and
