That Nagging Backache

May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—shows heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the living blood.
You may suffer nagging backache, headache, dizziness, getting up at night, leg pain, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body wastes. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

The second team also came across with a victory from Allentown with a score of 27-7. Ryan and Emery were high scorers with 6 and 7 points respectively.

Tonight the Andover teams will invade Richburg, also a league game.

Guidance Corner

This is the first in a series of articles on the problems of pupils. The following letter is one received by your counselor:
Dear Counselor:
I am a Sophomore and I wish to be a secretary when I get thru school. Would you please advise me whether to take merely business subjects, or include other subjects in my schedule?—A Sophomore
I do not advise taking business subjects alone. If there is any remote possibility of going to college you should try to get a college entrance diploma. This will make your taking languages, math, and sciences a necessity. A homemaking course might open up that field to you. Watch the Hi Herald for a series of Guidance articles on vocations for girls.
Sincerely,
Your Counselor.
Any other letters from pupils trying to decide what courses to take will be welcome. Give all letters to Miss Barrett.

Snatches on Skating

It wasn't quite so cold waiting for the bus as it was last time, but we were all glad to see the bus roll up at the designated hour of 7 last Saturday evening, when 46 members of the musical organizations of A. C. S. awaited their journey to Funcrest.
We began to wonder just where we would all sit, as the bus kept stopping and picking up the Elm Valley "kids" on the way, then totaling 54.
It was nice to see so many teachers present at the skating party, especially a former faculty member, Mrs. Louis Joyce, who is to be commended on her skating ability (she fell down only once).
And Mr. Maloy thinks he can't skate! A certain few didn't seem to think he was doing so badly (His main trouble was stopping himself with the "brake" he couldn't find).
Did you see the two-point landing Mr. Quigley made?
That was some skating outfit you had on, Marian. A snappy Christmas present.

Elaine and Marilyn found themselves transferred from a trio to a duo in the "Singing Trio" when their escort left them. They finally persuaded one of the guides to finish the skate with them.
Poor Vic was disappointed when he found "her" accompanied by Bradford residents. Better luck next time, Vic.
Three hours passed too quickly, and regretfully the "skating star-lettes" were again packed into the bus and bound homeward 'mid the din of laughter and singing. AH

Red Coral Always Prized
It is red coral that is and always has been prized, not solely for jewelry and buttons, but as a charm to bring safety, health and secrets not revealed to the ordinary person. As ancient Gauls rushed headlong into battle, they trusted their safety to their swords, strength and the "magic" coral imbedded in their shields or helmets. Many Italians and Indians regard coral as protection against the "evil eye." The world's red coral comes from the reefs off the Mediterranean coast of Africa, says the Washington Post, and is obtained chiefly by Italians.

How One Woman Lost 20 Pounds of FAT

Lost Her Prominent Hips
Lost Her Double Chin
Lost Her Sluggishness
Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction.
Thousands of women are getting fat and losing their appeal just because they do not know what to do. Why not be smart—do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys—cut down your caloric intake—eat wisely and satisfyingly—there need never be a hungry moment!
Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little. If not joyfully satisfied—money back.
