### Current Comments

#### WORTH WAITING FOR

"Isn't that bell ever going to ring?" "Did the singers come?" "I bet they got in the ditch somewhere" were some of the remarks made by various people who were hoping each minute for the bell.

In biology class one member of the band got extremely excited over the fact that Mr. Maloy wouldn't excuse him half an hour before the Glee Club even arrived.

Nevertheless, the singing was excellent. Some of our farmer's thought that the "Moo, cow, Moo," was a very good description of that bovine animal. As for the barber-shop quartet, don't we have several of those right here in our own school?

We remember when the Glee Club visited here last year. We enjoyed it then and we enjoyed it as much Monday afternoon, and hope that they may visit us again. JB

### Current Comments

#### STUDENTS, USE THE SHOWCASE

The show case is very interesting and everyone enjoys it, but interest lags after a while. Let's have different displays every week. How about students in different classes working up a display of some sort to show others "what all they air doin'?"

**Study First**  
Now I know and you know that we have a lovely library, and the stories are interesting and we've all got spring fever, and reading is ever so much easier than puzzling out the contents of that Latin, algebra or chemistry book, but how about studying first and reading afterwards? It's much easier to carry magazines instead of books home.

**Science Club**  
What about that "Science Club" that was to be started? We scientifically minded people are still waiting for it. I guess some of us students had better develop a little initiative and push; look into the matter and see what can be done.

Those bulletin boards are bare again. Yes, I mean in the library. Why don't some of the girls on the council take it upon themselves to decorate those bare brown spaces? It could be done you know, if we divided up the work among many.

**We Want to Quiz You, Faculty**  
We anxiously await the quiz between the teachers. They always find out how much we know or don't know. We think it would be fun to turn the tables just once. J. Rogers

**Proposed Code of A. C. S.**  
One of our Senior girls, Mary Mesler, proposes an original code for our noble school and places it before your critical eyes for approval. Won't you write to the Hi Herald giving your viewpoints on this and, if possible, send your code as you think it should be? It would be fine to create a permanent code for our school:

A stands for ability  
N stands for neatness  
D stands for dormant power  
O stands for originality  
V for versatility of students  
E stands for efficiency  
R stands for righteousness.

C for citizenship, appreciation of  
E stands for economical  
N for neighborly feeling  
R for truthfulness  
T for respect.  
A for ambitions to succeed  
L stands for loyalty.

S symbolizes scholastic honors  
C symbolizes cleverness  
H symbolizes humor  
O obliteration of mistakes  
O symbolizes obedience  
L symbolizes light-heartedness.

Boost your Home Town.

## A. C. S. Students to Participate In

### Music Festival

Students of A. C. S. are to participate in the New York competition music festival to be held in Cuba March 28 and 29. The A.C.S. band and eight members of the chorus have been selected to participate in the event. For the first time there is to be an all sectional band and chorus composed of students from surrounding schools.

The A. C. S. band, which has increased from 21 members to 31 members since September, will not compete, but will go on a festival basis. The band will play the following numbers:

March, "Legionnaires on Parade," Kleffman.  
Overture, "Merry Maiden," Fulton.

Tone poem, "Seeds of Cadmus," Johnson.

The all sectional band, composed of students from this section of the state, will have a total of 90 pieces. Dean Harrington of Hornell will conduct the band and it will give a concert on Saturday, March 29th.

Five students from A. C. S. have been accepted and have received their music for the concert. The students chosen are:

Elaine Pope and Marilyn Hardy, clarinets; Doris Mead, flute; Arthur Temple, cornet; Vic Oakes, drums. Much hard practice is being put forth by these musicians to help make the concert a success.

The all sectional chorus, which is also a new venture, will be made up of 200 voices and be conducted by Fredrick Swift of Iilon. Eight of A. C. S. students were chosen to participate. They have received their music and have begun to learn it. They will give a concert March 28. Those accepted are:

Anna Hardy, Elaine Pope, Jean Dunham, Marilyn Hardy, Ethel Crowner, Marian Stevens, Doris Sick and Eleanor Northrup. DJM

## Washington Dance Big Success

Last Saturday night approximately 120 people danced to the enchanting strains of the Del Casa orchestra at the Washington Day dance in Andover Central School gym.

It was one of the largest crowds at a Student Council dance yet. A profit was realized, but as the dance was a non-profitable affair, it was not large.

Many people from outside of school attended and all had a good time dancing to the exceptionally good music. Many were heard to remark at the low cost per person for such a good orchestra.

The stag system seemed to work all right and this made the attendance somewhat larger.

The Student Council reported before the dance that if a profit was realized another dance would be held in the future, so we will all be expecting another one soon. SCR

## Seniors Profit By Unique Ideas

The Senior Class has been very successful in their last two money-making schemes. The total receipts from the game night centered around \$12.00.

The Senior vs. Faculty basketball game brought in \$5.45. EN

## Do You Know The Answers?

- 1—Can you name the origin of the following sports: Basketball; golf.
- 2—Who was the 19-year-old girl burned at the stake after leading French troops against the English?
- 3—If the black fish is not a cold blooded animal, what is it?
- 4—The passenger pigeon became extinct in 1854, 1878, 1914 or 1924?
- 5—What form of greeting is most widely used among mankind?
- 6—Give three other names for a ground hog?
- 7—What Republican presidential candidate used a Stephen Foster song as a campaign tune during the past decade?
- 8—Where did the six-day bike race originate? In England, China, Bermuda or France?
- 9—Who was the Indian girl who reportedly saved an early American Colonist from death?
- 10—In skiing what is the greatest danger?

Answers:  
1—United States, Holland.  
2—Joan of Arc.  
3—Mammal.  
4—1914.  
5—Rubbing of noses.  
6—Woodchuck, marmot, rock chuk.  
7—Alf Landon used "O, Susanna."  
8—England.  
9—Pochohontas.  
10—Sunburn. JB

## Lucky Elephant Helps Seniors

Friday morning the Freshmen and the American History Class with their lucky elephant fought a three-round battle to see which class was the best informed about the constitution, and the Bill of Rights.

The Freshmen were in the left hand corner wearing their individual colors: A. McDonough, M. Cannon, D. Sick, Charles H., and Francis Horan. In the right hand corner were the brilliant American history students and their mascot (an elephant): Mary M., John L., Betty L., Stan R., and Eleanor N. It really isn't known if their success was due to the "lucky elephant" that may have had or the fact that they really are just a little older than the Freshmen.

The first round was victorious for the American History class with a rating of 3 1/2-2 1/2. The outstanding blows of this round were:

"What is the title of the officer who presides over the Senate?"  
Who was the philosopher of the Constitutional Convention?  
Who may be impeached?

In the last two rounds there was some bickering as to where credit should go. Francis was hit with a left to the chin: "In what state was ratification most bitterly opposed?" Francis came back with "Virginia." This wasn't a direct hit but half credit was allowed because Virginia was the second state to oppose it. The bout ended in a judge's decision 11-7 in favor of the valiant American History Class. EC

## Senior Play Tryouts

Yesterday (Wednesday) members of the Senior Class went to the gym for speaking tryouts for parts in the annual Senior play, which is to be "The Whole Town's Talking."

Each student walked up the steps across the stage and back, and then read a short paragraph to get an idea of how they would walk and talk on the stage.

Today Seniors will have the final tryouts, in which they will read actual parts from the play.

Faculty members will judge these tryouts and accordingly assign the roles in the play to those Seniors who prove themselves able to take the part.

"The Whole Town's Talking" promises to be a very good play, and the Senior Class is looking forward to presenting it to the public. RAR

## Bill of Rights Week Celebrated

The seventh and eighth grades last week celebrated Bill of Rights Week by presenting a play in installments over the public address system. This play, under the direction of Mr. McKibben was presented activity periods to the grades.

The Freshmen Social Studies also participated by challenging the History C class to a quiz program. The score turned out to be in favor of the Seniors. JB

## The Whole Town's Talking

Don't take it too literally. Towns will talk and here's something to prove it. The Seniors have chosen their annual play which has the unique title of "The Whole Town's Talking."

There are 14 characters which will practically include the whole class. Specific parts have not yet been chosen, but will be next week. It is a \$25 royalty play, a fact in itself that shows how different and higher this production is.

Royalty plays are very seldom made because classes want to make money primarily, but this year's class intends to give the public a real treat regardless of the dollars and cents left over. Watch the Hi Herald for the names of the Barrymores and Hepburns of "The Whole Town's Talking." BJJ

## CHIT CHAT -

Everybody had a good time at the stag dance—now we can start looking forward to having another. Mr. Quigley, our local Benny Goodman, was "right in the groove" last Saturday night.

The band made a very good impression on everyone who attended the musical festival held in the auditorium last Monday evening.

The girls who ushered for the musical festival felt very dressed up in their long gowns.

Everybody had a neat time at the Senior vs. Faculty games held Tuesday night. It's surprising how many stars turn up in one evening.

The girls are constantly the butt of much wise cracking on their basketball games—but we noticed that our appearance on the program Tuesday night didn't stop any spectators from coming.

The Alfred Glee Club as usual made a favorable impression on everyone when they visited A. C. S. Monday.

We didn't notice any new couples at the dance—but then—we didn't see everything that went on.

Vic and Art are going out of town for their fens these days.

All the "adults" are clamoring for the Seniors to give another game night as soon as possible. Evidently Mr. Holmes' pet game of volleyball didn't scare them off as it does the girls' physical education classes.

Our women's faculty didn't turn out very well for the basketball game.

M. Stevens and B. Ludden liked the idea of a party only for those with shoe skates.

D. Lever and J. Glover are now working women (at the show). Seems like the girls all picked the Freshman bass from Alfred (black eyes, no doubt). ACS

## GUIDANCE COLUMN

### SECRETARY TO LAWYER

This vocation requires a high degree of accuracy. Mistakes are costly since the lawyer gives legal advice. The secretary to a conveyancer should enjoy delving into library volumes, because she assists her employer in tracing ownership to property. The judge needs a secretary who can take court dictation. Consequently she should have the ability to take dictation at a high rate of speed from any person. At the present time, great changes in our history are being dealt with daily in the offices of lawyers, and, as their assistants, capable young women have a chance to share in this immense work.

### TEACHER IN JUNIOR AND SENIOR HIGH SCHOOL

To teach in a Junior or Senior high school, the instructor should be a graduate of a recognized college of good standing, for not only is a bachelor's degree required, but the institution granting the degree must be acceptable to the state issuing the teacher's certificate and to the school authorities employing her. Besides being well grounded in the subject she proposes to teach, the Junior or Senior High School teacher must have certain professional training to obtain the State certificate required by law. This involves taking from 12 to 18 semester credit hours in subjects from the following list: History of Education, Educational Psychology, Principles and Methods of Teaching, Secondary Education, Practice Education.

Other similar courses may be taken, for some states specify the professional subjects that must be studied, while others allow a choice within the general field of education to make up the total of the credits required.

Watch the Hi Herald for more articles on vocations for girls. JB

### SECRETARY TO BANKER

A secretary must have not only a thorough secretarial training, but a background of cultural study and a thorough understanding of the fundamentals of economics. Addresses to be given by her chief may have to be prepared by the secretary. Junior officers usually take care of credit letters. Their secretary takes inquiries as they come and looks up the information requested which may consist of the customer's average bank balance, amount of loans which have been extended to him, how these loans have been met, and his manner of doing business with the bank in general. Often the work in a small bank the secretary finds her duties varied and at times extremely tedious. JB

Calhoun vaccination applied with care, is said to be a valuable help in the control and eradication of Bang's disease of cattle.

To remove pecan meats whole, cover the shells with boiling water and let them stand until cold before cracking them.

## ANDOVER CAGERS END SEASON WITH ONE POINT LOSS

The Andover cagers finished the season last Friday night by losing to Belmont 32 to 31 on the latter's court. The game was very close and had the fans on their feet most of the time. In the last quarter the locals started a scoring spree which sent them out in front by six points but their defense weakened and the game ended in a tie. In the overtime period both teams scored and Wilkin's, Belmont's flashy forward, broke the tie with a foul shot.

Ken Gath was high scorer for the locals with eight points, followed by Ruger and D. Lynch each with five points. H. Rice was high for the Belmont "Hubbers" with ten points and Jordan next with nine.

This game when lost made the locals even up for the season with seven wins and seven losses. Last year's team lost three games in 16 starts. "Rolly" Shaff proved to be the best player on the team with his fine defensive ability. Stan Ruger was the main offensive threat for the team, scoring over 100 points. He averaged about eight points a game. This year's team was handicapped by size, only having two men over five feet ten inches.

The lineup:

## JUNIOR VARSITY WINS SECTION CHAMPIONSHIP

Playoff at Bolivar Tonight (Thurs.)

The Andover Central Wildcats travel to Bolivar tonight (Thursday) as champions of Section 1 of Allegany county to meet up with the Belfast second teamers to determine the county championship of Allegany county in Class C.

The second team lost only one of its nine league frays and that to Belmont last Friday night in an overtime period, thus clinching the top position for Section 1.

The winner of tonight's contest will play the winner of the Class A-B League, Bolivar, to determine the county representative to play against the Steuben county second team winner at the annual play-offs at Alfred University. This game will be played Saturday night on the Cuba Central School court.

The Varsity team came thru with a 50-50 record for the season, with many of the games lost by relatively small margins. ACS

## Alfred Glee Club Visits A. C. S.

Monday afternoon Andover Central students were treated to an assembly program of songs presented by 16 members of the Alfred Glee Club, who are making their annual tour to schools in this section.

Professor Ray Wingate, director of the club mentioned the fact that he and his club had been giving concerts in Andover schools for 25 years. RAR

At the present time, the price of poultry-mixed feeds is about the same as a year ago.

## WILDCATS DROP OVERTIME PRAY TO BELMONT

The Andover Jayvees came from behind a six point Belmont lead to tie them up 11-11 at the end of the scheduled game time. After a two minute overtime the score still remained the same. Play was continued when it was decided the next basket would win the game. Both teams played deadlocked ball until H. Tompkins dropped one in from the side to win the game with an undisputed two point margin for the Belmont team.

W. Dolan with four points and J. Driscoll with three points, led Andover's scorings while H. Tompkins led with five for Belmont.

Andover still holds first place in our section of the league and will play off with Belfast at Bolivar this (Thursday) evening.

Player	field	foul	ttl
C. Shellman	0	0	0
C. Wentworth	0	0	0

## Off the Bookshelves

by Mary Mesler

Here are some of the teachers and students' favorite expressions and habits while they are located in the study hall:

1. Mr. McGee always drums of the desk.
2. E. Pope sits with her chin in her hand.
3. Mr. Foote cleans his spectacles.

4. N. Snyder and K. Howland chew their pencils (in order to satisfy their hunger.)

5. C. Wentworth rubs his whiskers. (?)

6. D. Lynch and R. Shaff gaze out of the windows, thinking of whom?

7. W. Dolan needs two hands to hold up his head.

8. The number of students who bite their fingernails is too numerous to mention. Which flavor are they? Chocolate?

9. A. Temple admires his beautiful pair of "mitts."

10. The girls will paint their fingernails for that important date and the next morning they will sit in Study Hall and dig off the polish while reviewing the happenings of last night. MJM

In planning meals, bacon should be considered as fat rather than meat, because it contains so little protein.

## Sentinels of Health

Don't Neglect Them!  
Nature designed the kidneys to do a marvelous job. Their task is to keep the body's blood stream free of an excess of waste impurities. The act of living is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as nature intended, there is a retention of waste that may cause head-ache, dizziness, one may suffer nagging backache, permanent headache, stinging of bladder, getting up night, swelling, pain under the eyes—feel tired, nervous, all over aches.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. An endorsed country store. Insist on Doan's. Sold at all drug stores.

## DOAN'S PILLS

## DRIVE IN AND LET US SERVICE YOUR CAR

It's expensive to neglect motor trouble! It's economical to have it corrected now. Drive in today, and drive out with a car safe for driving.
